## Mary Stewart

**The Crystal Cave** Mary Stewart, 2016 Born the bastard son of a Welsh princess, Myrddin Emrys--or as he would later be known, Merlin--leads a perilous childhood, haunted by portents and visions. But destiny has great plans for this no-man's-son, taking him from prophesying before High King Vortigern to the crowning of Uther Pendragon ... and the conception of Arthur, king for once and always.

The Crystal Cave Mary Stewart, 2003-05 The first volume of a popular fantasy trilogy introduces the boy who is to become Merlin

The Merlin Trilogy Mary Stewart, 1980-12-01 The Arthurian legend is one of the most enduring and powerful of myths, and Mary Stewart's classic The Merlin Trilogy is one of its most beloved and acclaimed retellings. In prose that is as vividly, achingly real as it is poetic, New York Times bestselling author Mary Stewart brings to life the man behind the myth: Myrddin Emrys ... Merlinus Ambrosius ... Merlin. The Crystal Cave The Hollow Hills The Last Enchantment Born the bastard son of a Welsh princess, Myrddin Emrys -- or, as he would later be known, Merlin -- leads a perilous childhood in The Crystal Cave, haunted by portents and visions. But destiny has great plans for this no-man's-son, taking him from prophesying before the High King Vortigern to the crowning of Uther Pendragon ... and the conception of Arthur -- king for once and always. Keeping watch over the young Arthur Pendragon in The Hollow Hills, the prince and prophet Merlin Ambrosius is haunted by dreams of the magical sword Caliburn, hidden for centuries. When Uther Pendragon is killed in battle, the time of destiny is at hand, and Arthur must claim the fabled sword to become the true High King of Britain. In The Last Enchantment, Arthur Pendragon is king at last. Unchallenged on the battlefield, he melds the country together in a time of promise as Merlin works to keep safe the once and future king. But sinister powers plot to destroy Camelot, and when the witch-queen Morgause -- Arthur's own half sister -- ensnares him in an incestuous liaison, a fatal web of love, betrayal, and bloody vengeance is woven. Extensively researched and beautifully written, The Merlin Trilogy is the epic culmination of an acclaimed career, a legend in and of itself.

The Crystal Cave Mary Stewart, 1971 Mary Stewart tells the Arthurian legend in her own unique way, bringing to life one of the world's greatest legends and mysteries, shedding a fascinating new light on the turbulence and mystery of fifth-century Britain. An enthralling work, Ms. Stewart once again reveals those qualities of suspense and romantic adventure that

have made her one of the world's most widely read novelists. A master storyteller. Best Sellers

*The Crystal Cave* [by] Mary Stewart Debrah M. Hayslett, Jo S. Martin, 2006

**The Crystal Cave** Mary Stewart, 1971 Fifth century Britain is a country of chaos and division after the Roman withdrawal. This is the world of young Merlin, the illegitimate child of a South Wales princess who will not reveal to her son his father's true identity. Yet Merlin is an extraordinary child, aware at the earliest age that he possesses a great natural gift - the Sight. Against a background of invasion and imprisonment, wars and conquest, Merlin emerges into manhood, and accepts his dramatic role in the New Beginning - the coming of King Arthur.

**The Magic of Pathworking** Simon Court, 2020-10-08 Magical pathworking is the powerful process of using specific guided meditations to explore the unlimited spiritual energies that form the contours of our lives. This book guides you through a journey of unique pathworkings based on archetypal themes and helps you develop your inner work space with initial pathworkings that explore the influence of earth, air, fire, water and quintessence. Immerse yourself in thirteen additional pathworkings that bring your inner landscape into the light so that you can move forward with a deeper connection to the magic within you. The Magic of Pathworking also shows how to interpret and incorporate the events, symbols, and magical meanings of your experiences, creating a strong foundation for continuing transformation on your personal magical journey.

**Crystal Legends** Moyra Caldecott, 2007-04-01 Crystals and gemstones have been a source of fascination since Neolithic times; they endure when the bones of those they have adorned have turned to dust. Such was the profundity of crystal lore that ancient peoples incorporated crystals and gemstones as dynamic and potent symbols in their legends and myths. In *Crystal Legends* Moyra Caldecott approaches crystals from a new angle, retelling stories drawn from world mythology which show the significance of crystals and precious stones as symbolic icons in a variety of traditions. In addition, she gives in-depth commentaries on their esoteric meaning and significance for us. From Buddhist and biblical texts, European and Egyptian tales, Arthurian and Atlantean legends, this fascinating collection will appeal to anyone with an interest in the power of crystals and the eternal journey of the soul towards enlightenment.

Guinevere's Gamble Nancy McKenzie, 2011-09-13 Thirteen-year-old Guinevere learns more about her destiny when she accompanies her aunt and uncle to an important council of Welsh kings and finds that she has a powerful enemy in the High King's sister, Morgan.

**Women and Arthurian Literature** Marion Wynne-Davies, 2016-07-27 This is the first full-length study of the role of

women in Arthurian literature. It covers writing from the medieval period, the Renaissance, the Victorian age and in contemporary fiction. Covering the key Arthurian texts, such as Chaucer's Wife of Bath's Tale, Sir Gawain and the Green Knight, Malory's Morte D'arthur, Spenser's The Faerie Queene and Tennyson's Idylls, it also investigates the less well-known works by women: Lady Charlotte Guest's Mabinogion, Julia Margaret Cameron's illustration to Tennyson's works and, finally, the Arthurian women writers of the twentieth century.

*Publishing Books* Everette E. Dennis, Craig L. LaMay, Edward C. Pease, 1997-01-01 Warnings of the death of the book and the degradation of literature have been prevalent for decades, yet books survive and book publishing remains a viable and important force with the media mix. At times, it is hard to distinguish book publishing from the rest of the media enterprise, since publishing houses are both independent entities and also part of newspaper, magazine, and electronic media empires. The oldest of the mass media, books were also the first to achieve a global presence, crossing easily over national and political boundaries from earliest times and serving as a venue for debate and development of thought. As testimony to their continued viability, publishing houses have been briskly bought up in the international marketplace by global media conglomerates. *Publishing Books* explores the current health and future prospects of books and the book publishing industry in the United States. It contains perspectives ranging from an insider view of publishing executives to those of agents, authors, booksellers, and readers. Dan Lacy provides an overview of the structure and economic history of book publishing. Jeremiah Kaplan predicts that books as we know them will disappear in the next century, although writers and readers will not. Gene D. Lanier contends that one worsening threat to books and publishing is the incidence of censorship. Other topics covered in *Publishing Books* include the importance of book reviews, the histories of New York's greatest bookstores, why there are so few book lovers among journalists, and the decline in quality of the writings of U.S. presidents. This volume also includes a section by Beth Luey reviewing six books on publishing. *Publishing Books* is a pioneering study of the history, current status, and future of books and their impact. It will be vital for publishers, editors, and librarians.

The Art of Comforting Val Walker, 2010-10-28 We live in an increasingly virtual world in which it can be tempting to skip making that true, human connection with someone in pain. Even though our thoughts might be with them, we lack the confidence to reach out, worrying that we will say or do the wrong thing. In this practical, step-by-step guide to what she calls the art of comforting, Val Walker draws on numerous interviews with Master Comforters to guide readers in gently and gracefully breaking through the walls that those who are suffering often erect around themselves. Interviewees include inspiring individuals such as Alicia Rasin, who, as a victim's advocate for the city of Richmond, Virginia, has devoted her life to comforting grieving families devastated by homicide, gang violence, and other traumatic experiences; or Patricia Ellen, who, as a grief counselor and outreach director at the Center for Grieving Children in Portland, Maine, appears on site to support and comfort children, staff, and parents when a school is facing a death, violence, or other crises. All of us will, at

one time or the other, be called upon to offer warmth and support to another human being who is suffering-this book will show you how to answer the call with an open heart.

**Movie Medievalism** Nickolas Haydock,2014-01-10 This work offers a theoretical introduction to the portrayal of medievalism in popular film. Employing the techniques of film criticism and theory, it moves beyond the simple identification of error toward a poetics of this type of film, sensitive to both cinema history and to the role these films play in constructing what the author terms the medieval imaginary. The opening two chapters introduce the rapidly burgeoning field of medieval film studies, viewed through the lenses of Lacanian psychoanalysis and the Deleuzian philosophy of the time-image. The first chapter explores how a vast array of films (including both auteur cinema and popular movies) contributes to the modern vision of life in the Middle Ages, while the second is concerned with how time itself functions in cinematic representations of the medieval. The remaining five chapters offer detailed considerations of specific examples of representations of medievalism in recent films, including *First Knight*, *A Knight's Tale*, *The Messenger: The Story of Joan of Arc*, *Kingdom of Heaven*, *King Arthur*, *Night Watch*, and *The Da Vinci Code*. The book also surveys important benchmarks in the development of Deleuze's time-image, from classic examples like Bergman's *The Seventh Seal* and Kurosawa's *Kagemusha* through contemporary popular cinema, in order to trace how movie medievalism constructs images of the multivalence of time in memory and representation. Instructors considering this book for use in a course may request an examination copy [here](#).

**The Betrayal of Arthur** Sara Douglass,2013-10-01 A prophecy of a golden age, a magic sword and a chosen one ... This is the legend of King Arthur ... or is it? From the manuscripts of a twelfth-century English cleric to a New York bestseller, tales of King Arthur and his court permeate our world. But where did the stories start and how much is true? Were Guinevere and Lancelot traitors? Was Merlin a wise man or magician? And was King Arthur a great and glorious king or a tragic man doomed from conception? Sara Douglass, a leading writer of fantasy, pierces the heart of this legend. A scholar and academic in medieval history, she explores the fascination, manipulation and permutations of this captivating myth that has intrigued the western world for centuries. *The Betrayal of Arthur* is an enchanting exploration of Arthurian legend, twentieth-century sensibilities and the medieval mind.

**From the Riverbank to Middle Earth and Beyond** Pat Shirley,2013-08-07 I received Kenneth Grahame's *The Wind in the Willows* as a present on my seventh birthday. My mother probably read it to me at least fifty times in the next few years. A cousin suggested it as a gift for me. One of her teachers finished out class time reading aloud from her favorite books, of which *The Wind in the Willows* was one. I later learned that my cousin's teacher continued to read it every other year for the rest of her life. Her devotion to it and the comment of an adult fictional character on TV that *The Wind in the Willows* was her favorite book convinced me that it isn't just for children and that I could go back to it. I now read it once a year.

*Some of My Best Friends are Books* Judith Wynn Halsted,2009 Recommends books for gifted readers that provide

insights and coping skills for issues they may face from preschool through high school, featuring more than three hundred titles with brief summaries, organized by reading levels; and includes an index arranged by theme.

*Signs of the Zodiac* Mary Ellen Snodgrass, 1997-09-23 The zodiacal signs impact art, advertising, literature, history, mythology, psychology, health, and language with their evocative imagery, symbols and scientific and religious lore. This fact-filled reference guide pulls together applications of the zodiacal signs in those fields and others. Each sign is explicated in a separate chapter which discusses its origin and importance in diverse cultures, including its history, artistic applications, traditions, literary and religious interpretations, psychological significance, and application to notable historical and contemporary figures. An organized overview with cross-references and indexing allows the zodiac to be studied from numerous points of view. Artistic representations of each of the 12 houses accompany the text. Introductory chapters on the origins of the zodiacal signs, the historical foundation of astrology, the zodiac in the first millennium A.D., and the zodiac in the arts and sciences provide a thorough overview and comparative examination of the influence of the zodiac in human history and thought. A detailed timeline synchronizes discoveries and development of zodiacal associations and thought around the world. Appendices list planetary correspondences in jewels, metals, herbs, color, flavor, form, shapes, food preferences, and senses, and the symptoms and pathologies associated with birth signs. The work also contains an extensive bibliography and index.

Composted Tyrant Janet Morgan, 2010-07-29 Praise Quotes for Poetic Justice: Poetic Justice has it all--a coastal Maine setting, Shakespeare and the Greek gods, characters the reader will want to see much more of--and murder. Get ready to stay up late trying to guess who killed Alfonse Sweetzer--the man so many of his neighbors in idyllic Wyleyville had every reason to hate. - Susan Connelly, author of the Nell Prentice Mystery Series There's no better setting for a cozy than a library--and librarian Jessie Tyler is an appealing character I hope to read more about. Janet Morgan is a wise and gentle storyteller with the sure hand of an expert angler who hooks readers and keeps them guessing right up to the last chapter of Poetic Justice. - Leslie Meier, author of the Lucy Stone Mystery Series
