**James Smith**

**Winter is Coming** Carolyne Larrington, 2017-09-07 Game of Thrones is a phenomenon. As Carolyne Larrington reveals in this essential companion to George R R Martin's fantasy novels and the HBO mega-hit series based on them the show is the epitome of water-cooler TV. It is the subject of intense debate in national newspapers; by PhD students asking why Westeros has yet to see an industrial revolution, or whether astronomy explains the continent's climatic problems and unpredictable solstices ('winter is coming'); and by bloggers and cultural commentators contesting the series' startling portrayals of power, sex and gender. Yet no book has divulged how George R R Martin constructed his remarkable universe out of the Middle Ages. Discussing novels and TV series alike, Larrington explores among other topics: sigils, giants, dragons and direwolves in medieval texts; ravens, old gods and the Weirwood in Norse myth; and a gothic, exotic orient in the eastern continent, Essos. From the White Walkers to the Red Woman, from Casterly Rock to the Shivering Sea, this is an indispensable guide to the twenty-first century's most important fantasy creation.

**Winter Is Coming** Garry Kasparov, 2015-10-27 The stunning story of Russia's slide back into a dictatorship-and how the West is now paying the price for allowing it to happen. The ascension of Vladimir Putin-a former lieutenant colonel of the KGB-to the presidency of Russia in 1999 was a strong signal that the country was headed away from democracy. Yet in the intervening years-as America and the world's other leading powers have continued to appease him-Putin has grown not only into a dictator but an international threat. With his vast resources and nuclear arsenal, Putin is at the center of a worldwide assault on political liberty and the modern world order. For Garry Kasparov, none of this is news. He has been a vocal critic of Putin for over a decade, even leading the pro-democracy opposition to him in the farcical 2008 presidential election. Yet years of seeing his Cassandra-like prophecies about Putin's intentions fulfilled have left Kasparov with a darker truth: Putin's Russia, like ISIS or Al Qaeda, defines itself in opposition to the free countries of the world. As Putin has grown ever more powerful, the threat he poses has grown from local to regional and finally to global. In this urgent book, Kasparov shows that the collapse of the Soviet Union was not an endpoint-only a change of seasons, as the Cold War melted into a new spring. But now, after years of complacency and poor judgment, winter is once again upon us. Argued with the force of Kasparov's world-class intelligence, conviction, and hopes for his home country, Winter Is Coming reveals Putin for what he is: an existential danger hiding in plain sight.

**Summary and Analysis of Winter Is Coming: Why Vladimir Putin and the Enemies of the Free World Must Be Stopped** Worth Books,2017-04-25 So much to read, so little time? This brief overview of Winter Is Coming tells you what you need to know—before or after you read Garry Kasparov’s book. Crafted and edited with care, Worth Books set the standard for quality and give you the tools you need to be a well-informed reader. This short summary and analysis of Winter Is Coming includes: Historical context Chapter-by-chapter overviews Profiles of the main characters Detailed timeline of key events Important quotes Fascinating trivia Glossary of terms Supporting material to enhance your understanding of the original work About Winter Is Coming: Why Vladimir Putin and the Enemies of the Free World Must Be Stopped by Garry Kasparov: Winter Is Coming tells the story of Vladimir Putin’s stunning rise to power—and is a dire warning. Beginning with the fall of the Soviet Union, Russian dissident and chess champion Garry Kasparov traces the circumstances that allowed Putin to flourish, including Russia’s aborted attempt at democracy under Boris Yeltsin and the Chechen Wars. Despite Putin’s constant and ruthless assaults on civil liberties and international diplomacy—including his botched hostage negotiations in Beslan, corruption and voter fraud, the imprisonment and murders of protesters and opposition figures, and the annexation of the Crimea region in Ukraine—the West and the UN continue to acquiesce to his demands, making him stronger. Learn why Garry Kasparov likens Putin to Adolf Hitler of the 1930s and why he believes that if no one steps in to stop him, the consequences could be disastrous. The summary and analysis in this ebook are intended to complement your reading experience and bring you closer to a great work of nonfiction.

**The Oxford Dictionary of American Quotations** Hugh Rawson,Margaret Miner,2005-12-15 With nearly 6,000 quotations arranged historically and annotated extensively, you'll know not just who said what, but get the full story behind the quote. Follow any of the more than five hundred topics (from Abolition to Zeal) and you will get a nutshell history of what great (and not-so-great) Americans had to say about each one. Quotations are arranged chronologically in each topic, allowing the reader to trace patterns of thought over time. Fully indexed by author (including brief biographical sketches) and keyword, this is an essential reference for anyone interested in the great people and ideas of American history.

**Academia Obscura** Glen Wright,2017-10-19 If you think the groves of academe are all stuffiness, elbow patches and greying old men... think again. Academia Obscura is an irreverent glimpse inside the ivory tower, exposing the eccentric and slightly unhinged world of university life. Take a trip through the spectrum of academic oddities and unearth the Easter eggs buried in peer reviewed papers, the weird and wonderful world of scholarly social media, and rats in underpants. Procrastinating PhD student Glen Wright invites you to peruse his cabinet of curiosities and discover what academics get up to when no one's looking. Welcome to the hidden silly side of higher education.

**Global Authoritarianism** International Research Group,2022-11-25 We are witnessing a worldwide resurgence of reactionary ideologies and movements, combined with an escalating assault on democratic institutions and structures.

Nevertheless, most studies of these phenomena remain anchored in a methodological nationalism, while comparative research is almost entirely limited to the Global North. Yet, authoritarian transformations in the South — and the struggles against them — have not only been just as dramatic as those in the North but also preceded them, and consequently have been studied by Southern scholars for many years. This volume brings together the work of more than 15 scholar-activists from across the Global South, combining in-depth studies of regional processes of authoritarian transformation with a global perspective on authoritarian capitalism. With a foreword by Verónica Gago.

Touristic World-Making and Fan Pilgrimage in Popular Culture Destinations Vassilios Ziakas, Christine Lundberg, Maria Lexhagen, 2024-02-13 This volume considers world-making as the intersection of the fan pilgrimage experience and the responses of destinations. It critically examines the emerging field of popular culture tourism and its close connection with fan studies and placemaking. The chapters illustrate how different destinations capitalise on expressive cultural practices to attract fan tourists, the processes involved in their tourismification, and the outcomes for both visitors and local communities. The book establishes a common ground for the comprehensive and critical study of popular culture tourism development and fandom. It integrates theory and practice and provides evidence-based recommendations for popular culture destinations. It is a useful resource for researchers in tourism management, fandom, pop culture and media studies, as well as for those working in the tourism industry.

*What We Know About Extraterrestrial Intelligence* Michael Ashkenazi, 2016-09-23 Have you ever wondered what could happen when we discover another communicating species outside the Earth? This book addresses this question in all its complexity. In addition to the physical barriers for communication, such as the enormous distances where a message can take centuries to reach its recipient, the book also examines the biological problems of communicating between species, the

problems of identifying a non-Terrestrial intelligence, and the ethical, religious, legal and other problems of conducting discussions across light years. Most of the book is concerned with issues that could impinge on your life: how do we share experiences with ETI? Can we make shared laws? Could we trade? Would they have religion? The book addresses these and related issues, identifying potential barriers to communication and suggesting ways we can overcome them. The book explores this topic through reference to human experience, through analogy and thought experiment, while relying on what is known to-date about ourselves, our world, and the cosmos we live in.

*Watching Game of Thrones* Martin Barker,Clarissa Smith,Feona Attwood,2021-03-23 Game of Thrones was an international sensation, and has been looked at from many different angles. But to date there has been little research into its audiences: who they were, how they engaged with and responded to it. This book presents the findings of a major

international research project that garnered more than 10,000 responses to an innovative 'qualiquantitative' questionnaire. Among its findings are: a new way of understanding the place and role of favourite characters in audiences' responses; new insights into the role of fantasy in encouraging thinking about our own world; and an account of two combined emotions - relish and anguish - which structure audiences' reactions to controversial elements in the series.

## Winter Is Coming Quote Introduction

In today's digital age, the availability of Winter Is Coming Quote books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Winter Is Coming Quote books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Winter Is Coming Quote books and manuals for download is the

cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Winter Is Coming Quote versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Winter Is Coming Quote books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended

by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Winter Is Coming Quote books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Winter Is Coming Quote books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a

limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Winter Is Coming Quote books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals.

Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Winter Is Coming Quote books and manuals for download and embark on your journey of knowledge?
