La radio en Iberoamérica Arturo Merayo Pérez, 2007 Este libro se erige como la primera obra de referencia, tanto en español como en inglés, que aborda el estudio de la radio en los diferentes países iberoamericanos. La obra, coordinada por el Doctor Arturo Merayo, reúne las aportaciones de más de veinte estudiosos y profesionales del medio de toda Iberoamérica con el objetivo de dotar a las instituciones académicas españolas, iberoamericanas y anglosajonas, de un texto de referencia básico para conocer cómo son y qué se hace en la radio de estos países. El espíritu de esta obra queda bien reflejado en las propias palabras del profesor Merayo: «[...] estuve varias semanas realizando búsquedas acerca de la radio en Iberoamérica. Encontré varios títulos en los que se analizaba, en ocasiones pormenorizadamente, la radio de un determinado país. En esos casos, casi siempre el estudio se limitaba a aspectos históricos sin entrar casi nunca en los análisis de audiencia ni en los aspectos empresariales. Pero no encontré un solo título, ya fuera en español o en inglés, que abordara la radio iberoamericana en su conjunto, analizándola de manera homogénea, país por país, y repasando no sólo su historia sino su evolución jurídica, su estructura empresarial, sus audiencias y las tendencias de futuro. Esto es precisamente lo que por vez primera intenta esta obra. Un análisis global de la radio en Iberoamérica.» Con este libro el lector conocerá en poco tiempo los datos fundamentales de la radio de cualquier país iberoamericano, informaciones que no encontrará recopiladas en ningún otro lugar. Encontraremos aquí un análisis de la realidad radiofónica singular de cada país, presentado a modo de informe en el que, respetando la libertad de cada uno de los autores, se describen en cada caso al menos cinco aspectos esenciales: 1. Evolución histórica: Comienzos, desarrollo, consolidación, experiencias singulares destacadas. Principales figuras históricas de la radiodifusión. Principales programas. Hitos históricos en los que la radio ha desempeñado un papel decisivo. 2. Radio y libertad: Breve evolución histórica de la legislación radiofónica y situación actual. La lucha por la libertad: el problema de la censura. La radio comunitaria. Las radios alternativas. Las radios indigenistas. 3. Estructura del sector radiofónico: Principales cadenas y estaciones. Propiedad. Vinculación con otros sectores comunicativos o empresariales. Índices de audiencia: penetración social, FM y AM, radio generalista y especializada... 4. La programación: Descripción de las principales programaciones y de sus contenidos. La radio educativa. Experiencias novedosas con éxito. Tendencias de futuro. 5. La radio del siglo XXI: Prospectiva. Radio en internet. La radio en la era digital. La radio en el entorno multimedia. Arturo Merayo, Doctor en Ciencias de la Información, es Decano de la Facultad de Ciencias Sociales y

de la Comunicación de la Universidad Católica de Murcia (España). Catedrático de Comunicación Radiofónica en esa misma Universidad, imparte clases de Comunicación y Programación Radiofónica. Fue profesor titular de Comunicación e Información Radiofónica en la Universidad Pontificia de Salamanca, en la que impartió clases durante quince años. Fue el director del Máster de Locución Audiovisual en dicha Facultad, profesor del Máster de radio de la Cadena COPE, del Máster de Dirección y gestión de empresas radiofónicas de la Cadena SER (PRISA), ...etc. Como profesional del periodismo ha sido coordinador de los servicios informativos de la Cadena SER en Castilla y León; Delegado en Castilla y León de Expansión y Actualidad Económica; columnista del diario ABC; corresponsal de ORT/Press y Europa Press, y director de programación de Televisión Palencia. Es director de Ibermedia de Comunicación, una consultora que desarrolla programas de formación en comunicación para empresas, medios, instituciones y centros educativos de Portugal, España y México. En los últimos años ha realizado asesorías para Merck & Dohme, Televisa de México, Sanofi Aventis, Club At. Osasuna, Conferencia Episcopal Española, Línea Directa Seguros, Junta de Castilla y León, Sociedad Española de Pediatría, Radio Televisione Italiana y un largo etcétera. Entre sus publicaciones destacan Para entender la radio, La magia radiofónica de las palabras y Curso práctico de técnicas de comunicación oral.

Media Power in Central America Rick Rockwell,Noreene Janus,2010-10-01 Media Power in Central America explores the political and cultural interplay between the media and those in power in Costa Rica, El Salvador, Guatemala, Honduras, Panama, and Nicaragua. Highlighting the subtle strangulation of opposition media voices in the region, the authors show how the years since the guerrilla wars have not yielded the free media systems that some had expected. Rick Rockwell and Noreene Janus examine the region country by country and deal with the specific conditions of government-sponsored media repression, economic censorship, corruption, and consumer trends that shape the political landscape. Challenging the notion of the media as a democratizing force, Media Power in Central America shows how governments use the media to block democratic reforms and outlines the difficulties of playing watchdog to rulers who use the media as a tool of power.

[Latin Politics, Global Media](#) Elizabeth Fox,Silvio Waisbord,2009-09-15 The globalization of media industries that began during the 1980s and 1990s occurred at the same time as the establishment of or return to democratic forms of government in many Latin American countries. In this volume of specially commissioned essays, thirteen well-known media experts examine how the intersection of globalization and democratization has transformed media systems and policies throughout Latin America. Following an extensive overview by editors Elizabeth Fox and Silvio Waisbord, the contributors investigate the interaction of local politics and global media in individual Latin American countries. Some of the issues they discuss include the privatization and liberalization of the media, the rise of media conglomerates, the impact of trade agreements on media industries, the role of the state, the mediation of politics, the state of public television, and the role of domestic and global forces. The contributors address these topics with a variety of theoretical approaches, combining institutional, historical, economic, and legal perspectives.

Journalist Safety and Self-Censorship Anna Grøndahl Larsen, Ingrid Fadnes, Roy Krøvel, 2020-07-08 This book explores the relationship between the safety of journalists and self-censorship practices around the world, including local case studies and regional and international perspectives. Bringing together scholars and practitioners from around the globe, Journalist Safety and Self-Censorship provides new and updated insights into patterns of self-censorship and free speech, focusing on a variety of factors that affect these issues, including surveillance, legislation, threats, violent conflict, gender-related stereotypes, digitisation and social media. The contributions examine topics such as trauma, risk and self-censorship among journalists in different regions of the world, including Central America, Estonia, Turkey, Uganda and Pakistan. The book also provides conceptual clarity to the notion of journalist self-censorship, and explores the question of how self-censorship may be studied empirically. Combining both theoretical and practical knowledge, this collection serves as a much-needed resource for any academic, student of journalism, practicing journalist, or NGO working on issues of journalism, safety, free speech and censorship.

Honremos Nuestra Honduras Wilfredo Mayorga Alonzo, 2015-04-16 Esta es una compilación del material publicado desde la década de los ochenta, con actualizaciones aún vigentes. Es el reconocimiento para compañeros y amigos que se han ganado honores, con semblanzas de su profesión y de sus cotidianas actividades. Es la visión de un país que se está quedando solo, porque no ha podido aminorar la pobreza, controlar la violencia, originar fuentes de trabajo, ni ofrecerle esperanzas a unos hijos que se ven obligados a abandonarlo todo para enfrentar un mundo desconocido. Es, en verdad, la ética de un oficio que, como cualquier otro, se practica diariamente con tropiezos, peligros y carencias; pero con amor, convicción y valentía. Hemos agregado perfiles de colegas y conocidos que ya partieron a la eternidad, y de otros que siguen ejerciendo esta noble actividad con talento, versatilidad y fortaleza. Sin profesar vocación alguna por la construcción política, nos permitimos incluir unos cuantos versos inspirados en la patria de origen, en las ciudades que nos dieron luces para crecer y en otras variadas motivaciones. Estamos inmensamente agradecidos por la generosa recepción que dieron a nuestro libro anterior; especialmente a los municipios donde lo presentamos, librerías y negocios, centros educativos y lectores que, tanto en Honduras como en el exterior, han dado su valiosa colaboración a estos esfuerzos de esencial decisión hondureña. Honrar a Dios, es un mandamiento divino! A la familia, es una obligación! A la patria, siempre ser un honor!
