Clear and Present Danger Tom Clancy,2018-07-03 Don't Miss the Original Series Tom Clancy's Jack Ryan Starring John Krasinski! In this #1 New York Times bestselling thriller from Tom Clancy, Jack Ryan gets caught in a war between the

United States and a Colombian drug cartel and uncovers a shocking conspiracy. When Colombian drug lords assassinate both the U.S. ambassador and the visiting head of the FBI, their actions trigger a covert response from the American government—a response that goes horribly wrong... As the newly named Deputy Director of Intelligence for the CIA, Jack Ryan should be privy to operations like the one in Colombia, but he's been left completely in the dark. With the help of field officer John Clark, Ryan intends to find out what's really going on. But while they expect danger from without, the greatest threat of all may come from within.

The Jack Ryan Agenda William Terdoslavich, 2006-05-02 Who is Jack Ryan? Lowly analyst, James Bondian secret agent, President of the United States? All of the above? Or is he just Tom Clancy's mouthpiece for what is right and wrong with politics and policy today? What impact did Red Storm Rising have on Ronald Reagan's policy for dealing with the Soviet Union? Was A Clear and Present Danger a trial balloon for the administration's international war on drugs? Did the climax of Debt of Honor foreshadow the actual terrorist plans for 9/11?... And how did Jack Ryan, a lowly analyst, wind up becoming the President of the United States? Was it wishful thinking or a choreographed roadmap for the time when the defense of America was placed firmly in the hands of backroom strategists? The Jack Ryan Agenda places each of Tom Clancy's Jack Ryan novels (from his bestselling debut of The Hunt for the Red October to his latest The Teeth of the Tiger) within the historical context of the U.S./International situation at the time each book was published. The Clinton years are examined as well; during this time, Clancy occasionally embraced a by any means necessary modus operandi that included Special Forces assassins taking on rogue environmentalists. Turning to film, The Jack Ryan Agenda explores how the movie versions differ from the Clancy's canon—and notes the author's displeasure with the way Hollywood liberals took liberties with his story lines. In the bestselling tradition of The Magic of Harry Potter, The Biology of Star Trek, and The Science of Superman, The Jack Ryan Agenda explores this brand name dynamo's work in the context of the real world where patriot games are a clear and present danger and the sum of all fears are executive orders without remorse. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

No Time to Die - The Unofficial Retrospective John Fox, 2022-09-22 My previous book No Time to Die - The Unofficial Companion offered a comprehensive look at the genesis, production, and seemingly endless release woes of the much anticipated 25th James Bond film. Here then is the sequel that everyone asked me to write. No Time to Die - The Unofficial

Retrospective covers the final marketing campaign and actual release of *No Time to Die* and also offers a comprehensive analysis of the film itself, the box-office, fan reaction, the future of the Bond franchise, and much more besides.

A diamond in the rough Steven Van Belleghem, 2023-09-29 Radiate optimism, positivity and energy. Be loyal to your customers (& they will be loyal to you). Never forget to ask what you can do for your customer. While many companies intend to be customer-oriented, only a few succeed in truly satisfying the customer. The key to success is building a customer centric culture: a culture where management and staff know how to make customers feel valued. Within these organisations, everyone is fully aware of their responsibilities to customers. As a result of this awareness, these businesses work hard at optimising their customer-centricity. To polish their 'rough diamond' into a beautiful, shiny jewel. In more than 100 tips, *A Diamond in the Rough* shows you how to build a customer-focused company culture.

American Rivals of James Bond Graham Andrews, 2023-02-27 This is a critical history of spy fiction, film and television in the United States, with a particular focus on the American fictional spies that rivaled (and were often influenced by) Ian Fleming's James Bond. James Fenimore Cooper's Harvey Birch, based on a real-life counterpart, appeared in his novel *The Spy* in 1821. While Harvey Birch's British rivals dominated spy fiction from the late 1800s until the mid-1930s, American spy fiction came of age shortly thereafter. The spy boom in novels and films during the 1960s, spearheaded by Bond, heavily influenced the espionage genre in the United States for years to come, including series like *The Man from U.N.C.L.E.* and *Matt Helm*. The author demonstrates that, while American authors currently dominate the international spy fiction market, James Bond has cast a very long shadow, for a very long time.

The Sum of All Fears Tom Clancy, 1992 CIA Deputy Director Jack Ryan returns to the screen in Paramount Pictures' film adaptation of this novel of intrigue, set for release in May and starring Ben Affleck as Ryan. Jack Ryan returns to face the challenge of his career when his proposal for a Middle Eastern peace plan erupts into chaos. Copyright © Libri GmbH. All rights reserved.

History and Story in the American Political Thriller Film Pablo Castrillo Maortua, 2023-08-29 In this book, Pablo Castrillo Maortua analyzes the emergence of the political thriller in Hollywood at a time of angst and turmoil in the United States. The Cold War, the nuclear age, domestic and international scandals, and an increasingly deceitful political culture catalyzed a filmmaking current that would gradually develop its own narrative form and aesthetics into a new genre. Castrillo Maortua explores the dramatic identity and design of the American political thriller, tracking the close correlation between the evolution of the genre and the history of the United States from the Cuban Missile Crisis to the 9/11 terrorist attacks and the ensuing War on Terror. Ultimately, the author demonstrates how the American political thriller defies Hollywood conventions and cultural presuppositions with an entertaining yet critical view of the state of politics. Scholars of film studies,

screenwriting, and genre theory will find this book of particular interest.

Harrison Ford Laurence Caracalla, 2007 As the Hero of STAR WARS and INDIANA JONES with his legendary hat and whip, Harrison Ford is just an ordinary man in the street that anyone can identify with. HF is certainly no poser; he leads a quiet life (despite a succession of wives, which is about par for the course), and his seductive charm emanates from his simplicity and intelligence. The actor is a genius (the best paid actor in Hollywood), spilling over with ideas during his film shoots. A perceptive biography from a true fan moved by both the man and the actor....who will soon be back on the screen as Indiana Jones!

You think you know James Reece. Think again. A storm is on the horizon. America’s days are numbered. A Chinese submarine has gone rogue and is navigating towards the continental United States, putting its nuclear missiles within striking distance of the West Coast. A rising Silicon Valley tech mogul with unknown allegiances is at the forefront of a revolution in quantum computing and artificial intelligence. A politician controlled by a foreign power is a breath away from the Oval Office. Three seemingly disconnected events are on a collision course to ignite a power grab unlike anything the world has ever seen. The country’s only hope is a quantum computer that has gone dark, learning at a rate inconceivable at her inception. But during her time in hiding, she has done more than learn. She is now positioned to act as either the country’s greatest savior or its worst enemy. She is known as “Alice” and her only connection to the outside world is to a former Navy SEAL sniper named James Reece who has left the violence of his past life behind. Will there be blood?
