**Choral Conducting** Colin Durrant, 2017-10-12 Choral Conducting: Philosophy and Practice, Second Edition is an updated resource for conductors and singers alike, a college-level text for students of choral conducting that considers conducting and singing from a holistic perspective. This singer-friendly and voice-healthy approach examines the rehearsal environment alongside its musical performance counterpart. The author explores what is involved in leading a choral group, examining theories of learning and human behavior to understand the impact choral conductors have on the act of singing. Divided into two main parts—Philosophy and Practice—the text begins with an historical look at conducting, exploring questions of why people sing and why they sing together, and ultimately presents the application of this philosophy, showing how a conductor's gestures and patterns can influence vocal outcomes. In addressing how singers learn and respond to choral music, as well as how conductors communicate with singers in rehearsal and performance, Choral Conducting turns an eye to learning how we learn and the role successful choral conductors play in motivating singers, developing healthy singing habits, and improving individual and ensemble vocal quality—all with the aims of enhancing musical understanding. New to this edition: Updated diagrams, photos, and musical examples Revised sample choral programs Increased consideration of the orchestral conductor A renewed focus on the intersections of learning, health and well-being, and the social perspective, supported by new and recent research

Although Trey's found country music fame and success, he's also endured the tragic loss of his wife. He croons about love, but struggles with a yawning emptiness he can't explain. Overwhelmed by a growing list of challenges, but mistrustful of Stafford men, single mother Lucy Carlton reluctantly accepts Trey's help to revive her crumbling farm when Sam instructs him to repay the overdue debt to her family. As the two grow closer, Trey slowly begins to open his heart to this beautiful woman and strives to let go of the grief he's held for years. Lucy has a complicated history of her own. *School of Music Programs* University of Michigan. School of Music, 1982

*Music in Independent Schools* Bernarr Rainbow, Andrew Morris, 2014 The first serious study of music in independent schools, which bears eloquent witness to a high standard achieved over the last fifty years. This is the first serious study of music in independent schools. The high standard of musical work in such schools has long been known but now Andrew Morris and his team have provided up-to-date information. There are contributions from seven individual schools - Bedford, Dulwich, Eton, Gresham's, St. Paul's, Uppingham and Worksop - as well as chapters about Girls' Schools, Preparatory Schools, Choir Schools and Specialist Schools. Andrew Morris was Director of Music at Bedford School for thirty-two years and was President of the Music Masters and Mistresses Association in 1996-97. He is thus ideally placed to mastermind a substantial compendium which is eminently readable and absorbing. The book includes material from Bernarr Rainbow's study, *Music in the English Public School* (1990) and brings it up to date. As a historian, Rainbow looked back at how music developed in independent schools. Progress was slow, even tortuous, but Rainbow's fascinating documents, supported by his commentary, show how idealism won through, and Morris and his colleagues bear eloquent witness to the very positive development over the last fifty years. ANDREW MORRIS taught in secondary modern, grammar and comprehensive schools in London before becoming Director of Music at Bedford School for thirty-two years. He was President of the Music Masters' and Mistresses' Association from 1996-97 and President of the RAM Club at the Royal Academy of Music 2005-06. He has

examined for the ABRSM for over thirty years. BERNARR RAINBOW (1914-1998) is widely recognised as the leading authority on the history of music education. His seminal books are all published by Boydell and are listed on the back pages of this volume. His series of Classic Texts in Music Education is a major resource and in 1997 he founded the Bernarr Rainbow Trust which supports projects in music education. CONTRIBUTORS: Catherine Beddison, Elizabeth Blackford, Timothy Daniell, Richard Mayo, James Peschek, Alastair Sampson, Graham Smallbone, Jonathan Varcoe, Myfanwy Walters, Nathan Waring, Robert Weaver, Hilary Webster.

*Sound Advice* Jean Ashworth Bartle, 2003-03-06 Sound Advice is a valuable resource for college students, beginning teachers, and experienced conductors of children's choirs. It covers the vast array of skills needed by today's conductor and will benefit all choir directors who want their choirs to reach a higher level of artistry. This book will be useful on many levels: for the college student studying the child voice and elementary teaching methods; for the teacher beginning to direct choirs in schools, synagogues, churches and communities; for experienced children's choir directors who wish to know more about orchestral repertoire for treble voices, conducting an orchestra, and preparing a children's choir to sing a major work with a professional orchestra. The underlying educational philosophy is sound; the author sees development of musicianship through singing as the primary goal of a children's choir program. This philosophy differs dramatically from the traditional concept of the conductor as all-knowing and the singers as receptacles. An outstanding aspect of the book is how the author leads the reader to an understanding of how to teach musicianship. Developing literacy in the choral setting is a mysterious, amorphous process to many conductors, but the author clearly outlines this important process with practical suggestions, well-documented examples, and a clear reading style which will reach readers on many levels. The comprehensive repertoire, skill-building sheets, and programs for all types of children's choirs will provide teachers with immediate and highly valuable resources.

**Travelling Solo** Jo Cundy, 2017-10-20 This book celebrates a God who does not let the grass grow under our feet, who can still provide plenty of challenges in life and open new doors into unexpected projects and ventures - even when the starting point is an unexpected bereavement. Going beyond simply addressing bereavement, this book walks the reader through the first steps of travelling through life alone. It is both anecdotal and reflective. In part it focuses on some of the author's various travels as a vehicle for personal discovery, and with this there is a wider range of reflections on different aspects of learning to flourish on one's own. Jo writes: This book draws on my journal writings and my reflections and is themed around the things that I have learned in the last few years of learning to 'travel solo', and my experiences of doing quite a lot of travelling both at home and abroad. So I have found the metaphor of 'journeying' to be a useful peg on which to hang this 'story', and it is anecdotal with theological reflections. Various new doors and opportunities have opened up to me, and by sharing them I hope that other people in similar situations will be encouraged to recognise, appreciate and grasp the opportunities that are on offer in their lives. It is an assertion that God does not abandon us, but remains as active in our lives as we allow him to be.
