*El hombre libre y sus sombras* Francisco Alonso-Fernández,2006

Formación Cívica y ética 2 ,2000

Entre la realidad y la utopía Ensayos sobre política, moral y socialismo Adolfo Sánchez Vázquez,2014-11-26 Reunión de ensayos destinados a explicar en lo posible las relaciones entre la ética y el poder, y entre la doctrina política y la utopía. En la primera parte se hace el análisis del concepto del poder derivado del pensamiento de Karl Marx y la segunda parte se ocupa de la moral y su complejo contexto. El libro culmina con un análisis de la utopía.

*Salir del Callejón del Gato* Manuel Montobbio,2008-03-31 En la era de la globalización de la sociedad de la información nos encontramos ya navegando en la nave espacial Tierra destino futuro, estamos todos en el mismo barco: nosotros somos, querámoslo o no, todos. Y sin embargo nuestras culturas y civilizaciones nos preparan para ser un nosotros frente a los otros. Tal vez porque, al contrario que Valle-Inclán en su esperpento, que sometía la realidad a la deformación de su imagen en los espejos cóncavos y convexos del Callejón del Gato, la técnica utilizada por las civilizaciones para aproximarse a ésta parece ser justamente la contraria: la de utilizar espejos cóncavos o convexos para contemplarnos a nosotros, a los otros y al mundo como si fueran espejos planos, en la creencia de que son espejos planos. Para salir del Callejón del Gato, para superar la tensión de la conformación de un nosotros global en una única nave espacial Tierra, carente, sin embargo, de una cultura garante de su supervivencia y reproducción, de la necesidad de construirla, Manuel Montobbio nos invita en este ensayo a realizar un viaje o itinerario intelectual en dos etapas. La primera, de comprensión del presente y del siempre, para entender lo que condiciona y distorsiona nuestra visión de la realidad y del mundo, de las visiones en los espejos -de la universalidad y la supremacía occidental, los orientalismos y los occidentalismos, los "valores asiáticos" y otras alternativas. Y de los supuestos e ideas, en definitiva, que subyacen tras ellos, los sostienen y conforman, desde las de la identidad o las cosmologías a la conceptualización del sistema internacional y las visiones clásicas sobre el mismo y sobre el desarrollo, la democracia, la cultura y la paz. La segunda, de esbozo y búsqueda de ideas y principios, nuevos paradigmas y posibles elementos para salir del Callejón del Gato, para la construcción del desarrollo sostenible, la paz y la democracia en el nosotros que somos todos. Un modelo para armar el mundo y articular la gobernanza global a través: -de la consideración de nuevos paradigmas sobre la democracia, el desarrollo, la cultura y la paz como ideas-cimiento para dicha construcción; -de

las lentes, perspectivas, herramientas e ideas-cemento para ésta; -de las trasformaciones del sistema internacional en la era de la globalización, las lecciones de la construcción europea, la tesis del choque de civilizaciones, y -de las teorías, paradigmas y elementos para la gobernanza global y la política exterior para la misma. A través de dicho recorrido, este ensayo pluridisciplinar y poliédrico, entre lo cultural y lo político, desentraña claves y paradigmas para la comprensión del presente y la deconstrucción de orientalismos y occidentalismos y otras categorías que la condicionan, y para la construcción de la gobernanza y el futuro global. Diplomático y doctor en Ciencias Políticas con amplia formación pluridisciplinar, Manuel Montobbio ha desarrollado una doble trayectoria diplomática y académica y de investigación. La primera le ha llevado a desempeñar diferentes responsabilidades en el Ministerio de Asuntos Exteriores y de Cooperación y a estar destinado en San Salvador, Yakarta, México y Guatemala y, actualmente, como Embajador de España en Albania. La segunda, a publicar obras y ensayos sobre procesos de paz y de cambio político y relaciones internacionales e interculturales, entre ellos, La metamorfosis del Pulgarcito. Transición política y proceso de paz en El Salvador (Icaria).

**Marxismo crítico en México** Gandler, Stefan, 2021-10-01 La obra trata de reivindicar, desde la óptica forjada en el espíritu de la teoría crítica de la Escuela de Frankfurt, la importancia de las aportaciones que dos filósofos de México han hecho al pensamiento universal, como punto de partida para entender la filosofía de Adolfo Sánchez Vázquez y la de Bolívar Echeverría.

**La Educación intercultural a través del modelo EUROSUR** Agustín Bayot, 2001 Desde que en 1993 se iniciara el estudio piloto en la Comunidad Valenciana, el modelo EUROSUR ha extendido su aplicación a otras Comunidades Autónomas y se ha implementado en otros países gracias a las diversas subvenciones que ha recibido por diferentes instituciones públicas. El modelo EUROSUR, cuyo diseño está concebido para ser aplicado en los países meridionales, proporciona actitudes anti-racistas en participantes de enseñanzas medias, con edades comprendidas entre los 14 y 20 años, a través de los contenidos curriculares del sistema educativo. Desde un planteamiento teórico, dicho enfoque se encuentra entre el modelo holístico de Banks y el anti-racista. Sin embargo, a diferencia de este último modelo, es capaz de integrar la acción curricular del sistema educativo y la acción social desarrollada por organizaciones de apoyo a los inmigrantes. Los resultados obtenidos confirman que el modelo EUROSUR incrementa el conocimiento que tienen los participantes sobre el fenómeno migratorio y este mayor conocimiento produce, a su vez, un cambio tanto cognitivo como comportamental, manifestándose con una mayor frecuencia de acciones positivas a favor de los inmigrantes y en la elección de los modelos más tolerantes. Además, se pone de manifiesto que la falta de conocimiento es una de las causas principales del prejuicio y de la intolerancia y que la participación directa del docente, en coordinación con las organizaciones sociales que intervienen con inmigrantes, pueden servir de vehículo para aumentar el conocimiento sobre otras etnias minoritarias y, de esta forma, reducir los estereotipos negativos y fortalecer las habilidades para comprender de una forma más precisa el comportamiento de los

demás.

**Las redes del cuidado** Mauricio Bedoya,Dagoberto Barrera,Yurani Muñoz,Yaneth Vélez,2013-07-01 Una red que brinda protección a quienes sostiene, cuyos lazos se fortalecen y se renuevan con el apoyo que se profesan sus integrantes, es la imagen que representa Las redes del cuidado. Madres comunitarias y vínculos que protegen, una obra acerca del cuidado propio y del cuidado del otro, que estudia el caso específico de las madres comunitarias. El libro muestra que la labor de las madres comunitarias no podría llevarse a cabo sin una red de relaciones que las apoye: la familia de los niños, su familia nuclear, la comunidad, las instituciones y otras madres comunitarias, vinculadas alrededor de prácticas de buen cuidado y protección. Es un texto de interés para las áreas de las Ciencias Sociales y de la Salud; lo mismo que para instituciones públicas y privadas dedicadas a la infancia y la familia.

**Interculturalismo** Elisaide Trevisam,2022-11-15 Em meio à complexidade do mundo atual, cada vez mais plural na união de culturas que comportam amplas diversidades individuais e coletivas, entrelaçadas tanto interna como externamente pela coexistência social, cultural e política, mas também pelo acirramento das relações de poder, a presente obra traz uma reflexão sobre a necessidade da realização de um processo de integração pautado na vivência do interculturalismo, demonstrando que o tolerar, o respeitar e o reconhecer estabelecidos pelo multiculturalismo já não bastam por si só. A sociedade mundial de nosso tempo, além da necessidade de ter os direitos fundamentais efetivados, requer uma simbiose do Eu com o Outro. Diante dos conflitos que se apresentam na sociedade, o objetivo deste estudo se justifica pela urgência de um aprofundamento da questão, a fim de promover uma convivência pacificadora entre as sociedades e suas diversas culturas. Para chegar a um resultado satisfatório, a metodologia científica utilizada nesta pesquisa se organizou por meio de uma análise dialética e bibliográfica, relacionando, em sua abrangência, conceitos específicos de cunho filosófico e jurídico, de acordo com os objetivos propostos na presente reflexão. O resultado alcançado nos mostra que, refletidos a validade e os limites das perspectivas da tolerância e do multiculturalismo, é de caráter imprescindível uma visão que considere o ser humano em sua convivência com o Outro, de acordo com os preceitos do interculturalismo, por uma total conexão de todos que se configure no equilíbrio de uma convivência plural, ética, solidária, responsável e humanitária.

**Código de ética do(a) assistente social comentado** Maria Lucia Silva Barroco,Terra Sylvia Helena,2014-11-07 Este livro preenche uma lacuna. Não havia até agora um texto acadêmico destinado a comentar o Código de Ética em vigor, de 1993, na sua totalidade. As autoras comentam o Código em seus fundamentos sócio-históricos e ontológicos, bem como em suas reais possibilidades de materialização, no contexto de uma sociabilidade fundada na acumulação e na propriedade privada.

*La asistencia social en México* Mario Luis Fuentes,1998

Tolerancia y prohibición Ricardo Pérez Montfort, 2016-01-15 Tolerancia y prohibición demuestra que nunca es demasiado tarde para promover un conocimiento puntual, exento de prejuicios conservadores, que nos ayude a emprender las medidas necesarias contra ese violento leviatán que ha construido el prohibicionismo: el narcotráfico. A lo largo de estas páginas, Ricardo Pérez Montfort nos cuenta la historia de las drogas en México de 1840 a 1940, periodo crucial para entender cómo se estableció el código de salud moderno y la actual política prohibicionista. Un libro indispensable en el contexto de una gran discusión nacional sobre el uso de la marihuana con fines lúdicos y médicos. A partir de un profundo trabajo historiográfico, lleno de referencias culturales, iconográficas, literarias y cinematográficas, Ricardo Pérez Montfort analiza el papel que han desempeñado tanto la sociedad mexicana como sus gobiernos en la restricción de la producción y el consumo de esas sustancias llamadas genéricamente drogas enervantes. Desde el régimen de Antonio López de Santa Anna, pasando por la República Restaurada, el Porfiriato y la Revolución, hasta las políticas nacionalistas de la posguerra, el lector va descubriendo los modos en que la intolerancia a esos venenos quedó integrada al discurso oficial y logró un consenso en la siempre manipulada opinión pública.

**Ética** Maria Lucia Silva Barroco, 2022-08-08 A reflexão sobre a ética foi orientada durante muito tempo por concepções neotomistas, que enfrentavam a questão social sob a perspectiva da moral. Nas últimas décadas, os trabalhadores do Serviço Social inverteram os termos, passando a entender a ética profissional como parte integrante da questão social. Ética! Insistir, persistir, resistir, não deixar de dar tratamento agudo e fundo a tema crucial para existirmos mais juntos e na melhor partilha.
