Tattoo Kirsten Imani Kasai, 2011 Sequel to Kasai's Ice Song (2009), mystical science fiction set in a world dominated by rapacious, amoral Tirai Industries, where many humans--the somatics--have an admixture of animal genes. Submarine engineer Sorykah Morigi, secretly a Trader--one who shifts unpredictably between separate female and male bodies and personalities--destroyed the evil Matuk, head of TI. Now Chen, Matuk's vicious son, invents and deploys new, cruelly addictive drugs. Sorykah's job was to take submarines beneath the Sigue, the southern ice continent, to drill for fossil water. Now, in a mystical twist, we learn that the gods were real and left descendants. One of them, Diabolo, slumbers inside a volcano beneath the Sigue; his venomous blood runs in the veins of octameroons, half-squid, half-human creatures that live beneath the frigid sea, and that venom gives rise to the latest highly addictive drug which, when tattooed into the skin, gives rise to uncontrollable lust and sexual pleasure. Sorykah's male half, Soryk, has impregnated Queen Sidra, leader of the somatic resistance in the Erun Forest, and wants to stay with her even though Sidra knows that she will die giving birth. Soryk and Sorykah, with their wildly varying desires and motivations, get along no better than before. However, what with all the ice that's been abstracted by TI's submarines, Diabolo begins to awaken; the erupting volcano threatens to melt the ice and change the climate. Once again this is all intensely rendered, sexually charged and complicated by unpredictable gender switches. A parable of our times? Perhaps. What's missing is a sense that anyone, including the author, knows where all this is headed. Copyright ©Kirkus Reviews, used with permission.

Marshland Otohiko Kaga, 2024-07-09 Otohiko Kaga's Marshland is an epic novel on a Tolstoyan scale, running from the pre-World War II period to the turbulence of 1960s Japan. At forty-nine, Atsuo Yukimori is a humble auto mechanic living an

almost penitentially quiet life in Tokyo, where his coworkers know something of his military record but nothing of his postwar criminal past. Out of curiosity he accompanies his nephew to a demonstration at a nearby university, and is gradually drawn into a friendship, then a romance, with Wakaka Ikéhata, the brilliant but mentally unstable daughter of a university professor. As some of the student radical groups turn to violence and terrorism, Atsuo and Wakaka find themselves framed for the lethal bombing of a Tokyo train. During their long imprisonment the novel becomes a Kafkaesque procedural, revealing the corrupt intricacies of the police and judicial system of Japan. At the end of their hard pilgrimage to exoneration, Atsuo and Wakaka are finally able to return to his original hometown, Nemuro, on the eastern-most peninsula of Hokkaido island. Here is the marshland of the title, a remote and virtually unspoiled region of Japan where Kaga sets a large number of extraordinarily beautiful pastoral scenes. *Marshland* is a revelation of modern Japanese history and culture, a major novel from the hand of a master well-known in his own country, but virtually unheard-of—so far—in the United States and Anglophone world in general.

The Mademoiselle Alliance Natasha Lester, 2025-04-08 How did a young Parisian mother, celebrated for her beauty and glamour, come to lead the largest spy network in occupied France? “A passionate, fiery tribute to a historical woman so extraordinary she almost defies belief.”—Kate Quinn, New York Times bestselling author of *The Alice Network* and *The Briar Club* Morocco, 1928. Marie-Madeleine Méric is not the kind of woman who stays quietly at her husband’s side. Polyglot, pianist, and pilot, she is a woman of many skills, with unconventional interests—like driving in car rallies—that earn her a daredevil reputation. But dabbling in intelligence work to assist her military officer husband and the French government helps her recognize who she is at heart: an adventurer. Paris, 1936. As Europe teeters on the brink of war, Marie-Madeleine is living in France, her marriage now in shambles, when a chance encounter with an enigmatic spy turns her life upside down. He recruits her to help build a resistance network, and she conceals her identity—and gender—as she navigates a perilous double life. Eventually, she steps into the role of leader of what is now known as Alliance, despite the naysayers who doubt in a woman’s ability to do so. Capture and death are only a heartbeat away for both Marie-Madeleine and the agents under her care. At the helm of Alliance, she achieves seemingly impossible feats of espionage that help turn the tide of the war. But the most impossible, and dangerous, feat of them all? Falling in love. New York Times bestselling author Natasha Lester beautifully brings Marie-Madeleine Méric Fourcade’s story to life in this powerful, heartbreaking tale of resilience that reminds us what it means to cherish those we love and fight for them with every breath.

*Sketches of the Criminal World* Varlam Shalamov, 2020-01-14 The astonishing follow-up to 2018's *Kolyma Stories*. In 1936, Varlam Shalamov, a journalist and writer, was arrested for counterrevolutionary activities and sent to the Soviet Gulag. He survived fifteen years in the prison camps and returned from the Far North to write one of the masterpieces of twentieth-century literature, an epic array of short fictional tales reflecting the years he spent in the Gulag. *Sketches of the Criminal World* is the second of two volumes (the first, *Kolyma Stories*, was published by NYRB Classics in 2018) that together constitute the first complete English translation of Shalamov's stories and the only one to be based on the authorized Russian text. In this second volume, Shalamov sets out to answer the fundamental moral questions that plagued him in the camps where he encountered firsthand the criminal world as a real place, far more evil than Dostoyevsky's underground: "How does someone stop being human?" and "How are criminals made?" By 1972, when he was writing his last stories, the camps were being demolished, the guard towers and barracks razed. "Did we exist?" Shalamov asks, then answers without hesitation, "I reply, 'We did.'"

1000 Consecutive Days of Fasting Vernard Johnson,2010-04 Is fasting 1000 consecutive days possible? Not fasting day and night without any food and water, no, that's not possible; but fasting for over a thousand consecutive days from 15 to 17 hours a day is possible. Never in my wildest dreams did I think that I would be the person to do this. But why fast 1000 days? What was the reason behind it all? I wish the answer to why a person would fast 1000 days was simple, but it's not. The absolute truth is that I never intended to fast 1000 days. It never even entered into my mind. Had it, I know I would have rejected the idea. I never thought it was possible. I didn't even think 100 days was possible until GOD blessed me to do it. It was not until I had fasted around 700 days that I began to believe 1000 days of fasting was possible. That's when I prayed and said to God, Lord, since you have blessed me to fast 700 days, I have only one request now. Lord, bless me to go 1000 days. The Lord heard my request and granted it. During my fast I kept wondering and saying, Lord, why? Why won't you give me a release from this fast? It was not until I had fasted 1000 days that God revealed the reason why He had me fasting all those days. God spoke to my mind and said, Vernard, I didn't have you fasting for `you', I had you fasting for people who need Me all over the world. So I was not fasting for me, I was fasting for you --people who are broken, people who have been wounded and bruised, and people who need God to move in their behalf.
