

Un Hermafrodita Puede Menstruar

Gregorio Marañón

Desarrollo de la sexualidad humana John Money, Anke A. Ehrhardt, 1982-01-01 Las figuras de MONEY y EHRHARDT resultan hoy imprescindibles, dentro del campo de la sexología científica, por sus valiosas aportaciones dirigidas a la comprensión del proceso de sexuación humana. La presente obra plantea el tema de la diferenciación sexual entre hombre y mujer, desde la concepción a la madurez, aportando datos experimentales y clínicos obtenidos por el análisis de una extensa serie de casos y que forman parte de las diversas especialidades científicas que se implican en el proceso. La lectura de este trabajo revestirá especial interés para los estudiantes de Psicología, Sociología, Antropología, Etología, Genética, Neuroendocrinología y Medicina, así como para los clínicos y lectores interesados en este tema, cuyo número se incrementa de día en día. Resulta, por ello, una sugerente invitación a encuentros interdisciplinares para el estudio científico de la sexualidad humana.

Annabel Kathleen Winter, 2012-07-01 Em 1968, na paisagem belíssima de uma remota vila costeira canadiana, nasce um bebé: um bebé que não parece ser rapaz ou rapariga, mas sim ambos. Só três pessoas partilham este segredo: os pais - Jacinta e Treadway - e a parteira, uma vizinha chamada Thomasina. Apesar de Treadway ter tomado a difícil decisão de educar a criança como rapaz, baptizando-o de Wayne, as mulheres continuaram secretamente a desenvolver o seu lado feminino. Com Wayne a entrar na idade adulta no seio de uma hipermachista comunidade de caçadores, Annabel, o seu outro eu, nunca desaparece por completo. Relato emocional e atmosférico de um tempo e um lugar perdidos, Annabel fala-nos de uma busca pessoal que é, no seu âmago, uma jornada universal. Na sua determinação em descobrir-se e descobrir o mundo, Wayne / Annabel desafia uma cultura vigente que abomina contradições e incertezas.

Sexo y Razón Francisco Vázquez García, Andrés Moreno Mengíbar, 1997-04-29 *Sexo y Razón* explora la génesis y medicalización del discurso sexual en España, cómo se ha constituido en nuestro país una racionalidad sexológica que instituye una experiencia y una pedagogía en relación con el cuerpo y sus placeres. Al mismo tiempo, se analiza el tipo de sujeto que aspira a formar. Para ello, este ensayo parte de unas propuestas teóricas y metodológicas vinculadas al pensamiento de Michel Foucault, para después llegar a una explicación del modelo de sujeto sexual: un individuo equilibrado sexualmente a través de la definición y teorización de las conductas perversas. Dedicamos algunos capítulos a la formación de la femineidad entendida como modo de identidad sexual más que como función de género.

Introducción histórica a la antropología del parentesco Juan Aranzadi Martínez, 2008-09-08 El objetivo de este libro es de servir de texto de referencia a los estudiantes de Antropología del parentesco de la UNED. A la hora de redactar este texto el autor ha tenido en cuenta que la Antropología del Parentesco solo puede entenderse desde una perspectiva histórica y que para poder evaluar las distintas corrientes teóricas que se rechazan mutuamente es preciso conocer las teorías clásicas, sus méritos y sus deficiencias.

Drag Kings B. Christine Arce, César Braga-Pinto, Nathalie Bouzaglo, Gabriela Cabezón Cámara, Diamela Eltit, Cecilia Fajardo-Hill, Licia Fiol-Matta, Javier Guerrero, Carlos G. Halaburda, Daniel Link, Denilson Lopes, Andrés Mendieta, Sylvia Molloy, Thomas Matusiak, Graciela Montaldo, Sophia Blea Núñez, Luis Pérez-Oramas, Gina Saraceni, Juan Pablo Sutherland, 2025 La masculinidad se fundó en la idea de que el cuerpo del hombre se correspondía con el lugar del original, era principio de la materia, constituía su primera piel. No obstante, esta no siempre fue percibida como *statu quo* del cuerpo. Dicha ilusión de naturaleza, la idea de que el hombre ocupa el lugar de cuerpo neutro o, incluso, la percepción de que su cuerpo es un componente implícito o del todo ausente en la idea de la masculinidad, forma parte de un grupo de operaciones performativas que ha necesitado tiempo para perpetrarse. *Drag Kings: arqueología crítica de masculinidades espectaculares en Latinx América* se propone discutir el porvenir del género en el espacio desigual, plural y contradictorio que hemos llamado Latinx América. Partiendo del drag king show y de lo que proponemos como masculinidad espectacular --aquella masculinidad hiperbólica que usurpa el espacio de privilegio y centralidad que se le otorga a la masculinidad del hombre--, planteamos una sistemática arqueología de la puesta en escena de las muchas masculinidades y su capacidad de generar crisis en el heterosexismo, máquina de producción de sentidos a la que se le ha encomendado la programación binaria del género.

Manual de Genética Médica Fernando de Jesus Regateiro, 2003-12-01 «Manual de Genética Médica» inclui temas cujo conhecimento é fundamental para sustentar um raciocínio em bases genéticas. Cada tema congrega informação fundamental para a percepção dos conceitos e a construção de conhecimento específico, tendo como objetivo o desenvolvimento da capacidade crítica necessária para enfrentar as questões mais frequentes do mundo contemporâneo nesta área do saber e a necessidade de aprender ao longo da vida. São temas deste livro: história e desenvolvimento da genética, bases celulares e moleculares da hereditariedade, regulação da expressão génica, diversidade humana, mutações e reparação do DNA, métodos de estudo do genoma humano, história familiar, heredograma, tipos de hereditariedade, Genética de populações, cálculos de risco, erros inatos do metabolismo, Farmacogenética, Ecogenética, divisão celular, cariótipo humano, alterações cromossómicas numéricas e estruturais, cromossomopatias, Genética do desenvolvimento, anomalias congénitas, genes de regulação da proliferação celular, apoptose, senescência, genes e cancro, terapia génica, aconselhamento genético, ética em genética. Um extenso glossário foi também incluído.

La muerte anda suelta Pablo Montoya,2023-06-01 La violencia y la muerte alcanzan una modulación casi musical en los cuentos de Pablo Montoya. Aquí hay historias siniestras y revelaciones terribles que un lector solo puede tolerar a través de la alta poesía que irradian estas páginas duras y bellas. Pedro Badrán En esta antología se reúnen, por primera vez, los libros *Cuentos de Niquía* (1996), *Réquiem por un fantasma* (2006) y *El beso de la noche* (2010). En palabras del autor, los relatos que la componen pertenecen a tres libros que se articulan no solo a partir de la muerte, sino que es Medellín el espacio que los une. Sus historias surgieron como una respuesta a la violencia que ha arremetido, como una fiera indómita, contra la ciudad. En un intento por exorcizar ese horror, Pablo Montoya se adentra en las calles que habitan sus personajes. Algunos asediados por vicios y compulsiones, otros sumidos en la marginalidad. Y en cada esquina de ese mundo hostil irrumpe, inexorablemente, el duelo: por el amante desaparecido, por el hermano asesinado, en fin, por la tragedia compartida de una sociedad que no ha sabido frenar la barbarie. La muerte anda suelta sumergirá al lector en el lirismo y la alegoría de una violencia trepidante de la que, sin duda, no saldrá indemne.

Moral y civilización. Una historia Juan Antonio Rivera,2024-02-07 Un fascinante recorrido por la biología, la psicología, la filosofía, la política y la economía para explicar la evolución del comportamiento humano, del altruismo tribal en la Prehistoria a la ética del respeto en la civilización contemporánea. ¿Cómo hemos pasado de sociedades pequeñas de cazadores-recolectores, en las que cualquier miembro ajeno a ellas era considerado un enemigo, a coexistir en civilizaciones extensas en las que nos codeamos cada día con multitud de desconocidos? ¿Qué se ha removido en nosotros para pasar del impulso xenófobo de hacer la guerra a los forasteros a convivir con ellos tratándolos con benigna desatención? ¿Cómo ha sido el tránsito de la ética de la sabana a la ética de la civilización? Se ha producido una evolución importante desde la moral que imperaba hace millones de años en las minúsculas colectividades de nuestros ancestros hasta la actual moral de las civilizaciones extensas. Hemos alcanzado lo que se denomina dominio ecológico: estamos en lo alto de la cadena trófica y ya no tenemos depredadores importantes de los que preocuparnos. Ahora, las principales presiones de selección que se ejercen sobre nuestra especie proceden de ella misma. Juan Antonio Rivera aborda en este libro, desde el enfoque de la ética evolucionista, los grandes cambios que ha experimentado el comportamiento humano a lo largo de la historia, propulsados por dos factores clave: el tamaño y la complejidad en aumento de los grupos humanos, y la aparición del individualismo como

fenómeno cultural en Occidente. Además, reconstruye con increíble maestría la compleja historia de una idea fundacional en la ética de las sociedades modernas: el respeto.

El eje del mal es heterosexual Grupo de Trabajo Queer, 2005 En esta serie de artículos, las autoras militantes adscritas al movimiento LGTB, queer y al feminismo postcolonial, critican en profundidad el concepto de la heterosexualidad como la norma, fuera de la cual las otras manifestaciones y conductas sexuales serían desviaciones, como máximo toleradas.

Ensayos Gregorio Marañón, 1972

Obras completas Gregorio Marañón, 1972

Transgenerismos Norma Mejía, 2006 Aunque probablemente siempre ha habido transexuales, la transexualidad, tal como la conocemos hoy en día (es decir, con hormonas sexuales sintéticas y cirugía de reasignación sexual), nació para el gran público de nuestra época con el espectacular regreso de Christine Jorgensen a América después de su proceso transexualizador en Dinamarca, en 1952. Norma Mejía tenía entonces 8 años y la vaga impresión, que pronto se convirtió en certeza, de que la noticia la afectaba íntimamente. Con el paso del tiempo, ha estado en contacto con la transexualidad en varios países y desde diferentes puntos de vista: desde la represión y desde la aceptación de su propia transexualidad, como cliente de prostitutas transexuales y como prostituta transexual, como abogada de transexuales y como militante de un colectivo transexual, como novelista transexual y como estudiosa de la transexualidad desde la antropología. En este libro cuenta y analiza lo que ha visto y lo que ha vivido a través del prisma de la etnografía extrema, en la cual se funden el objeto y el sujeto, la visión etic y la emic, y la persona que observa forma parte del grupo observado.

Avances en genética Aída Falcón de Vargas, 1989

Coisa de menina? Maria Homem, Contardo Calligaris, 2019-12-13 As discussões sobre gênero parecem ter tomado o centro dos debates na atualidade. Entre elas, as questões que envolvem o feminino surgem com força e muita polêmica. Afinal, o que quer uma mulher? Essa famosa pergunta de Freud ecoou ao longo do século XX, quando várias ciências buscavam desbravar o enigma do continente negro feminino, em franca transformação. Ao enigma do feminino, podemos contrapor o enigma do desejo: de homens, mulheres, lésbicas, gays, trans, neutros e todo o cada vez mais vasto espectro da sexualidade humana. O que é e como se revela o desejo? Por que sobretudo a sexualidade e o corpo da mulher foram profundamente recalcados no Ocidente? Quais as bruxas que nos perturbam? A que vêm os feminismos e quais nossos impasses hoje? São esses temas que os psicanalistas Maria Homem e Contardo Calligaris analisam nesse livro, com coragem, franqueza e discernimento. Num mundo que vê o pensamento cada vez mais polarizado, os autores buscam promover a livre reflexão para, assim, repensar o feminino.
