How Government Built America Sidney A. Shapiro, Joseph P. Tomain, 2024-05-09 How Government Built America challenges growing, anti-government rhetoric by highlighting the role government has played in partnering with markets to build the United States. Sidney A. Shapiro and Joseph P. Tomain explore how markets can harm and fail the country, and how the government has addressed these extremes by restoring essential values to benefit all citizens. Without denying that individualism and small government are part of the national DNA, the authors demonstrate how democracy and a people pursuing communal interests are equally important. In highly engaging prose, the authors describe how the government, despite the complexity of markets, remains engaged in promoting economic prosperity, protecting people, and providing an economic safety net. Each chapter focuses on a historical figure, from Lincoln to FDR to Trump, to illustrate how the government-market mix has evolved over time. By understanding this history, readers can turn the national conversation back to what combination of government and markets will best serve the country.

Compliments of Hamilton and Sargent Maura Jane Farrelly, 2024-07 Maura Jane Farrelly explores the history of the nineteenth-century United States via the lives of three people from prominent East Coast families who moved to Wyoming to escape a host of humiliations--only to discover that by 1890 the West was no longer a place where anyone could go to be forgotten and start over.

The Hamilton Phenomenon Chloe Northrop, 2022-07-05 'The Hamilton Phenomenon' brings together a diverse group of scholars including university professors and librarians, educators at community colleges, Ph.D. candidates and independent scholars, in an exploration of the celebrated Broadway hit. When Lin-Manuel Miranda's musical sensation erupted onto Broadway in 2015, scholars were underprepared for the impact the theatrical experience would have. Miranda's use of rap, hip-hop, jazz, and Broadway show tunes provides the basis for this whirlwind showcase of America's past through a reinterpretation of eighteenth-century history. Bound together by their shared interest in 'Hamilton: an American Musical', the authors in this volume diverge from a common touchstone to uncover the unique moment presented by this phenomenon. The two parts of this book feature different emerging themes, ranging from the meaning of the musical on stage, to how the musical is impacting pedagogy and teaching in the 21st century. The first part places Hamilton in the history of theatrical performances of the American Revolution, compares it with other musicals, and fleshes out the

significance of postcolonial studies within theatrical performances. Esteemed scholars and educators provide the basis for the second part with insights on the efficacy, benefits, and pitfalls of teaching using Hamilton. Although other scholarly works have debated the historical accuracy of Hamilton, 'The Hamilton Phenomenon' benefits from more distance from the release of the musical, as well as the dissemination of the hit through traveling productions and the summer 2020 release on Disney+. Through critically engaging with Hamilton these authors unfold new insights on early American history, pedagogy, costume, race in theatrical performances, and the role of theatre in crafting interest in history.

Music, Lyrics, and Life Mike Errico, 2021-11-15 Music, Lyrics, and Life is the songwriting class you always wish you'd taken, taught by the professor you always wish you'd had. It's a deep dive into the heart of questions asked by songwriters of all levels, from how to begin journaling to when you know that a song is finished. With humor and empathy, acclaimed singer-songwriter Mike Errico unravels both the mystery of songwriting and the logistics of life as a songwriter. For years, this set of tools, prompts, and ideas has inspired students on campuses including Yale, Wesleyan, Berklee, Oberlin, and NYU's Clive Davis Institute of Recorded Music. Alongside his own lessons, Errico interviews the writers, producers, and A&R executives behind today's biggest hits and investigates the larger questions of creativity through lively conversations with a wide range of innovative thinkers: astrophysicist Janna Levin explains the importance of repetition, both in choruses and in the exploration of the universe; renowned painter John Currin praises the constraints of form, whether it's within a right-angled canvas or a three-minute pop song; bestselling author George Saunders unpacks the hidden benefit of writing, and revising, authentically; and much more. The result is that Music, Lyrics, and Life ends up revealing as much about the art of songwriting as it does about who we are, and where we may be going. This is a book for songwriters, future content creators, music lovers, and anyone who wants to understand how popular art forms are able to touch us so deeply. Mike Errico has honed these lessons over years of writing, performing, teaching, and mentoring, and no matter where you are on your songwriting journey, Music, Lyrics, and Life will help you build a creative world that's both intrinsic to who you are, and undeniable to whoever is listening.

Directors Tell the Story Bethany Rooney, Mary Lou Belli, 2013-01-17 Move over, movies: the freshest storytelling today is on television, where the multi-episodic format is used for rich character development and innovative story arcs. Directors Tell the Story offers rare insight and advice straight from two A-list television directors whose credits include Monk, Grey's Anatomy, Desperate Housewives, Weeds, and more. They direct dramas and comedies using the same process that Steven Spielberg (or any other movie director uses)-just with less money and time. Learn what it takes to become a director: master the technical aspects, appreciate aesthetic qualities, and practice leadership, all while exuding that X factor that distinguishes the excellent director from the merely good one. Covering everything from prep, the shoot, and post, the authors emphasize how aspiring directors can develop a creative vision-because without it, they are just technicians. Hands-on and practical, this book lets you not only read about the secrets of directors, it also includes exercises using original scripted material. The companion web site includes scenes from the authors' own TV shows, along with the scripts, shot lists, and other materials that made the scenes possible. Key Features * Highly experienced Hollywood directors share inside

information about what it really takes to be a director, giving the advice that readers covet. * Covers everything a director needs to know: the creative vision, how to translate script into a visual story, establishing the look and feel, selecting and leading a crew, coaching actors, keeping a complex operation on time and on budget, overseeing the edit, and troubleshooting through the whole shoot. * Insider Info sections feature interviews, advice, and tips from film and TV luminaries whose productions include *Private Practice*, *Monk*, *Brothers & Sisters*, *Desperate Housewives*, *The Informant*, *American Beauty*, and more! * Hands-on exercises help you understand and master the craft of directing.

Theatre Symposium, Vol. 28 Andrew Gibb, 2020-11-10 A collection of essays whose authors reach beyond simple definitions of citizenship as determined by documents and legal rights The scholarly conference from which this publication emerged was circulated in the waning months of 2018, following a summer of urgent and emotional debate surrounding new US immigration policies regarding immigrant family separations, arguments fueled on one side by fears about the loss of social cohesion, and on the other by photographs of incarcerated children. Given the then-prevailing political atmosphere, editor Andrew Gibb anticipated that a good number of submissions might draw connections between the patterns, policies, and histories of immigration on the one hand, and theatrical or otherwise performance-centered expressions of citizenship, whether inclusive or exclusionary, on the other. In retrospect, what could have been foreseen is that theatre scholars, educators, and professionals would interpret recent events against a wider and more complex backdrop. The ultimate result of that initial call is this volume, a collection of essays whose authors reach beyond simple definitions of citizenship as determined by documents and legal rights, and who engage in larger conversations about what citizenship can mean, and how such meanings are expressed through theatre and performance. Interestingly, while none of the authors published herein take up immigration as a central issue, they all make use of some combination of three particular analytical frameworks, all of which happen to be pertinent to the current immigrant experience and attempts to regulate it: bodies, institutions, and technologies.

Ethnic and Cultural Identity in Music and Song Lyrics Victor Kennedy, 2017-06-20 *Ethnic and Cultural Identity in Music and Song Lyrics* looks at a variety of popular and folk music from around the world, with examples of British, Slovene, Chinese and American songs, poems and musicals. Charles Taylor says that “it is through story that we find or devise ways of living bearably in time”; one can make the same claim for music. Inexorably tied to time, to the measure of the beat, but freed from time by the polysemous potential of the words, song rapidly becomes “our” song, helping to cement memory and community, to make the past comprehensible and the present bearable. The authors of the fifteen chapters in this volume demonstrate how lyrics set to music can reflect, express and construct collective identities, both traditional and contemporary.

The Oxford Handbook of the Global Stage Musical Robert Gordon, Olaf Jubin, 2023 In response to the rapid growth of

musical theatre as a global phenomenon, *The Oxford Handbook of the Global Stage Musical* offers new scholarly approaches to issues arising from these new international markets. The thirty-three essays highlight major aspects of the genre, such as the dominance of Western colonialism in its early production and dissemination, racism and sexism--both in representation and in the industry itself--as well as current conflicts between global and local interests in postmodern cultures. Featuring contributors from seventeen countries, the essays offer informed insider perspectives that reflect the diversity of the subject and offer in-depth examinations of specific cultural and economic systems.

Amplify Adam Met, PhD, 2025-06-03 A blueprint for boosting your activism and building support for the causes you care about, featuring fan-building tactics from the music industry and the voices of today's most passionate change-makers "This book shines a light on a wealth of new strategies to help reach people in ways that are both authentic and resonant."—John Kerry From stadium acts to indie singer-songwriters, musicians have pioneered ways of sparking passion, building awareness, and catalyzing engagement. Now imagine if social movements—from the fight to protect the planet to campaigns promoting global health or LGBTQIA+ rights—had the same fervent support as your favorite artists. Adam Met, climate advocate, educator, and member of the multiplatinum band AJR, gained firsthand experience growing an audience from the ground up as the band progressed from playing in living rooms to selling out arenas. With award-winning journalist Heather Landy, Met shows how to apply fan-building strategies to social movements in exciting, inventive ways. *Amplify* is a playbook for developing passionate supporters (i.e., fans) utilizing the art and science of engagement, collaboration, and authentic connection, with tactics that will inspire people to carry your message to the world and spur others to act. *Amplify's* innovative tool kit will help you find your voice and maximize your impact in the world of social progress to create the change you want to see. This movement-building manifesto includes cutting-edge research and strategies from today's most effective organizers, engagers, and thinkers, including extensive interviews with • Adam Grant (Wharton professor) on embracing disagreement within a movement • Christiana Figueres (Paris Climate Agreement architect) on finding a path to solutions • Andrew Yang (former U.S. presidential candidate) on becoming the front person for your ideas • David Hogg (March for Our Lives co-founder) on the challenges of building a youth-led movement • Chi Ossé (youngest-ever NYC council member) on working outside the box but within the system • Sue Doster (NYC Pride co-chair) on keeping movements nimble and relevant • Glenn Beck (conservative commentator) on finding common ground • Jim Gaffigan (comedian) on setting and achieving goals • Bill Nye (scientist and entertainer) on communication that connects with people • Ben Folds (musician) on staying in sync with your audience • Jamie Drummond (ONE Campaign co-founder) on the beauty of purposeful compromise • Enongo Lumumba-Kasongo (hip-hop scholar) on the intersection of activism and history • Wendy Laister (Duran Duran manager) on harnessing the energy of live events • Clyde Lawrence and Jordan Cohen (of the band Lawrence) on pressing your argument • MAX (musician) on the power of collaboration • Sam Hollander (songwriter) on aligning different perspectives • Astro

The Media Studies Toolkit Michael Z. Newman,2022-03-03 In this critical primer, Michael Z. Newman introduces newcomers to the key concepts, issues, and vocabulary of media studies. Across ten chapters, Newman examines topics from text and audience to citizenship and consumerism, drawing on a myriad of examples of media old and new. Film and TV rub shoulders with mobile games and social media, and popular music and video sharing platforms with journalism and search engines. While the book takes a critical, cultural approach, it covers topics that apply across many kinds of media scholarship, bridging the humanities and the social sciences and looking at media as a global phenomenon. It considers media in relation to society and its unequal structures of power, and relates media representations to their conditions of production in media industries and consumption in the everyday lives of audiences and users. Spanning the historical periods of mass media and online participatory culture, it also probes assumptions about media that were formulated in a previous era and looks at how to update our thinking to address an ever-changing digital mediascape. With its clear and accessible style, this book is tailor-made for undergraduate students of media, communication, and cultural studies, as well as anyone

who would like to better understand media.

The Revolutionary Rhetoric of Hamilton Jacob Justice, Nancy J. Legge, Luke Winslow, 2022-09-09 This scholarly exploration of Hamilton encourages audiences to interpret this popular culture force in a new way by revealing that the musical confronts conventional perceptions of American history, racial equity, and political power. Contributors explore the ways in which the musical offers social commentary on issues such as immigration and gender equity, as well as how Hamilton re-considers the roles of theatre in making social statements, especially relating to the narrator, the curtain speech, and musical traditions. Several chapters directly address recent controversies and conversations surrounding Hamilton, including the #CancelHamilton trend on social media, the musical's depiction of slavery, and its intersections with the Black Lives Matter movement. Employing multiple novel theoretical approaches and perspectives—including public memory, feminist rhetorical criticism, disability studies, and sound studies— *The Revolutionary Rhetoric of Hamilton* reveals new insights about this beloved show for scholars of theatre studies, media studies, communication studies, and fans alike.

Antiblackness Moon-Kie Jung, João H. Costa Vargas, 2021-03-01 Antiblackness investigates the ways in which the dehumanization of Black people has been foundational to the establishment of modernity. Drawing on Black feminism, Afropessimism, and critical race theory, the book's contributors trace forms of antiblackness across time and space, from nineteenth-century slavery to the categorization of Latinx in the 2020 census, from South Africa and Palestine to the Chickasaw homelands, from the White House to convict lease camps, prisons, and schools. Among other topics, they examine the centrality of antiblackness in the introduction of Carolina rice to colonial India, the presence of Black people and Native Americans in the public discourse of precolonial Korea, and the practices of denial that obscure antiblackness in contemporary France. Throughout, the contributors demonstrate that any analysis of white supremacy---indeed, of the world---that does not contend with antiblackness is incomplete. Contributors. A Curious Life Thomas H. Haines, Mindy Lewis, 2019-08-06 A Curious Life chronicles the remarkable life of preeminent biochemist Thomas Haines. Born in 1933, Haines was barely four when he was sent by court order to The Graham School, an orphanage in Hastings-on-Hudson NY founded in 1806 by Isabella Graham and Elizabeth Schuyler Hamilton. His trajectory is a series of radical reversals: from penniless orphan to innovative scientist and educator; from right-wing McCarthyite to left-wing activist; founder of the Sophie Davis School of Biomedical Education of The City University of New York, a medical school designed to bring in low-income and minority students; New York City landlord; husband of a successful artist whom he nursed through a long illness; father of a brilliant and prominent daughter. Now eighty-six, Haines is Professor Emeritus at the Rockefeller Institute and the only alumnus of the Graham School to serve on its board. A diminutive dynamo in a bow tie, Dr. Haines recently participated on a panel at the Smithsonian Museum of American History, and jogs every morning at four a.m. in Central Park. Above all a formidable storyteller, Haines provides an intimate look at his relationships and conveys the excitement of a life in science. "Who could have possibly imagined that the four-year-old boy looking out at the sunset across the Hudson River from the grounds of the Graham School would have been able to live such an incredible and productive life? From abandoned toddler, to homeless vagabond, to research chemist, to husband and father, to university professor, to innovative educator, to New York building landlord, Tom has always placed a premium on personal connections and interactions. He has benefitted from the kindness of strangers and mentorship, and in turn he has mentored and helped countless others along the way on his amazing life's journey. What a lucky life he has lived." —Thomas P. Sakmar, "Foreword" "Tom combines a charming, generous and curious demeanor with a fierce inner determination to understand the world and how it works. Perhaps because of his unconventional childhood, Tom has spent his life challenging conventional wisdom. As you will experience in Mindy Lewis's fabulous telling of Tom's life, the world is a more enchanting place with Dr. Haines in it." —Jess Dannhauser, "Introduction"
