Secularism and Freedom of Religion in Italy Maria Cristina Ivaldi, 2025-02-11 The display of religious symbols in the public space has been the subject of much debate. This book provides an overview of the presence of religious symbols in Italian public institutions from a legal standpoint. The situation is analysed from the perspective of the principles of laicità/secularism, as defined by the Constitutional Court, and freedom of religion. It is argued that while the display of religious symbols in public institutions has been widely investigated doctrinally, the wearing of religious symbols in Italy has generally been neglected. Key cases are examined in light of national jurisprudence as well as intervention by the European Court of Human Rights and relevant judgments from foreign courts regarding this issue. Finally, the work considers the presence of religious symbols that transcend national borders, as in the case of arts, sport and advertising. A comparison is made with the French system which takes a very different approach. The book outlines possible ways forward in light of the growing interculturality of European societies. It will be a valuable resource for academics, researchers and policy-makers working in the areas of law and religion, and comparative law.

L'opposizione alle sanzioni amministrative ALDO CARRATO, 2016-02-05 Il volume esamina l'intero sistema, sul piano normativo, giurisprudenziale e dottrinale, delle sanzioni amministrative e della disciplina riguardante il relativo regime oppositivo sia con riferimento alla tutela degli utenti in sede amministrativa che in relazione all'esperimento dei rimedi attinenti propriamente alla fase giurisdizionale. Prendendo origine dall'enucleazione dei concetti fondamentali di illecito amministrativo e di sanzione amministrativa, come desumibili dalla legge base 24 novembre 1981, n. 689, il testo incentra l'attenzione sulla fase dell'accertamento e della contestazione della violazione amministrativa, per poi occuparsi, in modo dettagliato, della varietà della tipologia degli atti impugnabili (verbale di accertamento, ordinanza-ingiunzione e cartella esattoriale), dedicando particolare approfondimento alle tematiche involgenti gli illeciti previsti dal codice della strada. Il seguito del libro si sviluppa con l'esame delle problematiche concernenti il quadro della tutela giurisdizionale, affrontando le questioni della individuazione del giudice competente, della determinazione dei soggetti legittimati all'opposizione con

evidenziazione degli inerenti motivi deducibili, per passare, quindi, alla valorizzazione delle sequenze caratterizzanti il giudizio di opposizione, con particolare riguardo alla fase istruttoria (e alla correlata indicazione dei mezzi di prova ammissibili e della relativa efficacia) e a quella decisoria. L'ultimo capitolo non poteva che essere destinato alla illustrazione della disciplina dei mezzi di impugnazione e alle tematiche riguardanti il giudicato. Il volume è, infine, integrato, in appendice, con un'accurata selezione dei testi normativi concretamente incidenti sulla vasta materia delle sanzioni amministrative. Il testo, organicamente approntato, rappresenta uno strumento utile, se non propriamente indispensabile, nella complessa materia delle violazioni e delle sanzioni amministrative, che può essere adoperato sia dagli operatori di diritto del settore (avvocati e giudici di pace) che dai privati che possono trovarsi nella condizione di doversi cimentare con le relative questioni, spesso di non facile approccio e risoluzione.

Strategie di Diritto Civile e Penale Giulio La Barbiera, 2018-05-10 Scopo di questo manuale Strategie di Diritto Civile e Penale è quello di fornire, agli avvocati e agli aspiranti a tale professione, un inquadramento rapido e compendioso delle problematiche ivi trattate che potranno coinvolgere certamente, o con alto grado di probabilità, la loro carriera forense. Malgrado il poco tempo a disposizione degli avvocati, sempre oberati dall'assolvimento degli impegni in sede giudiziale e con gli aggiornamenti professionali, è necessario che sfruttino i ritagli di tempo a loro disposizione per prepararsi adeguatamente per affrontare le udienze, servendosi di metodologie di aggiornamento normativo, giurisprudenziale dottrinale e deontologico esaurienti (da effettuare in tempi ben scadenzati) che forniscano loro una panoramica completa dell'inquadramento della tematica da trattare. Questo manuale si propone di assolvere, con riferimento alle tematiche trattate in esso, a tale compito, in quanto concepito da chi ha la consapevolezza della gravosità delle battaglie quotidiane che un avvocato deve affrontare, in quanto si tratta di un manuale scritto da avvocati per avvocati e aspiranti avvocati. L'autore per la stesura del testo si è
