

Graphene Oxide In Mrna Vaccines

Ernest Millington

Graphene Claude Kramer,2021-12-23 Is it possible that vaccines contain graphene oxide? It's possible. Could vaccines contain graphene oxide? Yes, they could. Can this be used to control people through 5G? There is no evidence to support this. It is true that there is research that indicates that graphene oxide generates blood clotting, that there are developments on graphene sensors to read low-frequency neural waves, that nanotechnology allows a new generation of brain implants based on graphene oxide, and that there are universities that have shown that functionalized graphene oxide can transport drugs directly to the brain. Many became aware of the existence of graphene because of the pandemic, but almost no scientist dares to comment publicly on its toxicity or on the potential dangers that it could cause if it were supplied as an adjuvant in vaccines.

Vaccine Danger Quackery and Sin Edward Hendrie,2023-03-07 This book reveals the most significant medical fraud in history. The theory that you can prevent illness by injecting poisons into the bodies of healthy people is dangerous quackery and sin. All true science has proven the practice of vaccination to be ineffective and unsafe. But the medical establishment has been lured into the superstitious practice, hook, line, and sinker. It is not merely a matter of ignorance that the debilitating practice flourishes. It is, at its core, being promoted by those who know it is unsafe and ineffective. There is a malevolent spirit behind the practice. It is part of a conspiracy against God and man. While most doctors are unwitting, some are willing minions of that old serpent, called the Devil, and Satan, who are quite happy to kill people for profit. Jesus describes such men: Ye are of your father the devil, and the lusts of your father ye will do. He was a murderer from the beginning, and abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: for he is a liar, and the father of it. John 8:44.

Vaxtards: mRNA is a Bioweapon Penguin X-01,2025-04-17 What if the vaccine wasn't medicine—but a weapon? Vaxtards: mRNA is a Bioweapon is a forensic, prophetic, and unapologetically incendiary exposé on the true origins, mechanisms, and consequences of the mRNA injection agenda. Authored by Penguin X-01, a renegade intelligence analyst and memetic warfare strategist, this book dismantles the entire narrative behind “safe and effective” with 40 chapters of high-impact, evidence-backed deconstruction. From PCR fraud and spike protein persistence, to +1 frameshifting, DARPA origins, immune erosion, prion emergence, and the vaccine passport as Beast Tech—this is not a conspiracy theory. It's a

field manual for survivors of the biological, psychological, and spiritual assault disguised as public health. Based on real peer-reviewed science, FOIA leaks, legal immunity structures, and military documents, Vaxtards reveals how mRNA platforms represent a post-genetic warfare system—engineered not for healing, but for control, transformation, and depopulation. If you’ve ever questioned the shot—or felt the world shift after 2020—this book confirms your intuition. This isn’t a vaccine. It’s firmware for flesh. And it was never meant to stop. Read it. Listen to it. Share it. Because the Kingdom Computes Forward.

The Weaponisation of COVID19 Ernest Millington, 2023-12-20 This book tracks the 2020 outbreak due to a coronavirus strain labelled SARS-CoV-2, said to produce the Covid-19 disease. It brings evidence from scientists - who were ignored or censored by mainstream and social media cartels, for challenging the narrative, a one-sided approach by governments under the influence of the World Health Organisation and its benefactors. The agenda led to a worldwide shut down of Small-Medium Businesses and a dramatic shift in wealth towards big multinationals. Serious, non-covid medical conditions were overlooked, resulting in a spike in excess deaths, first in care homes and hospitals, and later in private homes. Seizing the opportunity afforded by fearful citizens with little stomach to resist psychological warfare waged by their governments, a long-opposed ID solution for tracking and tracing humans was rolled out. This was a precursor for a coming world take over by AI, and the transfer of wealth in exchange for digitised Universal Basic Income, enforced by global martial law. Gene altering injections were hurried out under Emergency Use. The leading pharmaceutical manufacturer, and the national regulator, attempted to censor its trial data for 75 years. The regulator also ignored data it kept on millions of adverse vaccine reactions, many deadly serious.

Seal One has Opened, The Cornerstone (Key) for the 4th Beast System End of Days Kingdom Scott, 2022-07-07 Through dreams and visions, The Lord has shown me Revelation 9 and Seal 1 are in play and it is about plagues. Seal 1 is the keystone for Lucifer to be omnipresent like God using transhumanism and the internet of things. We will show you why and how your potentially a computer emitting Mac numbers. The abomination of desolation is not about a third temple built in Jerusalem, but rather it is about defiling the temple of God that is you. What is Iron mixed with Clay that really is about transhumanism. The four horsemen of the apocalypses are riding and it is not 100% what you think. What does the Bible say about pharmikia or Pharmacia (you'll be shocked)? Is your DNA changed with the poke that is as the Days of Noah? What is planet X and the

great alien deception? Will the USA be invaded by Russia, China, Cuba and terror cells? We predicted via dreams a famine and gas gangs along with many other events that are transpiring. Are the 10 Kingdoms of the end times really tech companies to manage this beast system? Through dream revelation, what can you expect with the priming and fulfillment of Seal 2, Seal 3 and Seal 4 and multiple waves of Seal 1? Yes, the four horseman are riding of the apocalypse. Biological technology evolution or gene corruption is another sign we are in the end of days linked to the Fourth Beast System Rising. What is black goo that is in your blood? Why the war on your blood? Is there evidence of a genocide? Are people losing their immune system? If your genes have changed, are you patentable? Even the animals / cows are fair game for crisper gene altering recently approved by the FDA. The MRNa technology called an operating system by a Bayer executive at the World Economic Forum is also linked to gene therapy that poisons the temple of God. According to the elite, "free will is dead." Are we living in the end of days? Is the vax the mark of the beast? We answer it all.

Genocide Jab John Michael Chambers, 2022-07-06 Genocide Jab includes the deep research of eight well-known medical doctors, a constitutional lawyer, a food scientist, two patent experts, a German chemist, a Spanish biostatistician, and a high-level biotech analyst who has worked for decades in the pharmaceutical industry with companies like Johnson & Johnson and Pfizer. World war is not just on the way. This is no simulation. It is here. Today's threat is real, making Genocide Jab critically important for widely exposing uncomfortable truths. This book is not about politics; instead, it puts the evidence before you, showing how we are all participants in this conflict that continues the struggle of good against evil, life versus death. Many have woken up to the threat, but a large portion of the masses are still unaware, leaving themselves open to avoidable ill health and worse. This drains funds from families who send their savings to insurance and drug companies, doctors, and hospitals; infirmity that slowly bleeds them dry, after which the population controllers achieve their ultimate goal-taking us out over time, while not being able to pin it on them. The covert battle happening right now is billions of honorable, average people against a relatively small group of world-controlling depopulationists. A great poisoning is the real pandemic. It's us or them. Please join the fight. When your children and grandchildren ask: What were you doing as global governance was being thrust down the throat of America and the world? What will be your answer?

biocompatibility and toxicity of oxide nanoparticles, making this a suitable resource for researchers and practitioners in materials science and engineering in academia and the clinic. - Reviews the unique properties and synthesis strategies of oxide materials for medical applications - Provides an overview of the most relevant medical applications of oxide materials such as their use in biosensing, drug delivery, tissue engineering, and more - Discusses practical considerations of the commercial translation of oxide materials, including their biocompatibility

Covid Compensation Lawrence Wolfe-Xavier, 2023-05-25 The world was quietly going about its normal business when late in 2019 the entire global world of 195 countries, even China, was turned completely on its head by a fake virus and a fake pandemic. However, the world was not to know at the time, and for the most part still does not know; until the publication of this book, that the entire chapter and verse of the virus paradigm called SarsCov2, and its ensuing ailment Covid19 and its pandemic were all total lies and fake. Lies and fake propagated by hidden persons and their nominated puppets in mostly unelected, globalist organisations beyond the reach of sovereign states: WHO, WEF, UN, World Bank etc who in reality control the world. Consequently, in early 2020 and the following months through to 2021 there was a world-wide 'nightmare' that no one seemed to fully understand or indeed understand at all. This nightmare was known variously as Coronavirus Sars-Cov2 and Covid19. Coronaviruses can cause mild disease similar to a common cold. Sars-Cov2 - severe acute respiratory syndrome coronavirus 2 was claimed to be a novel (new) coronavirus and the illness Covid19, was supposedly caused by Sars-Cov2. Mass Induced Dystopian Nightmare The dystopian nightmare had only just begun and was to last almost two full years - 2020-2022. Horrible images appeared from China (not the most democratic country in the world) then from Italy and other countries until world-wide. Preposterous projections of not to happen global deaths based on very flawed computer models were bandied about to an unknowing mass of a very frightened and unfortunately deliberately ill-informed global population. Global mass media fanned the flames morning, day, and night for many months on end. Inappropriate quarantine measures were globally, in lockstep, imposed that restricted human movement to an inhuman level that people were not permitted to see their loved ones when their loved ones were dying in hospitals and care homes! The world was a surreal, dystopian horror story - police vans patrolling the street at night, complete lockdown and no one allowed outside except for one hours walk per day, no gatherings greater than six, empty streets, closed and boarded shops, empty parks, and empty beaches. Draconian civil rights restrictions were imposed. The Global economic and social life the world over were about to fall into total collapse. On what data were these extreme measures taken? Was the world really under such a massive threat that we had to close down global capitalism for 2 years? Had the benefits of these very severe measures been adequately assessed against the damage that they would also no doubt cause to the global economy and to individual person's lives throughout the world? No, they had not. They were simply imposed globally without recourse to any open debate or serious risk analysis. Medico-Totalitarianism strode the world like a Great Dictator with all debate and

opposition silenced by the baying mob of puppet Mainstream Media. Until the publication of this book – COVID COMPENSATION - SHOCKING TRUTH REVEALED by the finest independent scientific, medical, and legal minds in the world.

Una pandemia de desinformación Christian Pérez, 2022-09-03 *Cómo la desinformación y la difusión de fake news llegaron a convertirse en otra peligrosa pandemia.* — Prólogos de Amós García (Médico Epidemiólogo y Vacunólogo, Presidente de la Asociación Española de Vacunología), y Alejandro Pascual Iglesias (Experto en Coronavirus y desarrollo de vacunas). Epílogo de Miguel Marcos (Médico internista). — Aunque no fue hasta el 11 de marzo de 2020 cuando la Organización Mundial de la Salud (OMS) declaró oficialmente la existencia de una pandemia mundial, desde un principio la población —y las autoridades sanitarias— han tenido que enfrentarse a otra pandemia casi igual de peligrosa: la de la sobreabundancia informativa falsa y su rápida propagación entre las personas y los medios, lo que motivó que la propia OMS la bautizara con el nombre de «infodemia». Y realizó una advertencia: la difusión de fake news se ha convertido en una industria que mueve millones de euros cada año. De hecho, solo en los 3 primeros meses de 2020 (antes de la declaración de pandemia por parte de la OMS), al menos 800 personas fallecieron a consecuencia de la desinformación, y otras 2.000 fueron hospitalizadas. Después de dos años de trabajo, *Una pandemia de desinformación* se convierte en el primer ensayo que se ocupa exclusivamente de analizar la pandemia de desinformación en la que también se ha convertido la COVID-19 (con la abundante evidencia científica y académica existente hasta el momento), empezando por una cronología real de los hechos, descubriendo cuáles son las noticias y afirmaciones falsas más compartidas, respondiendo a preguntas sobre cómo y por qué una determinada persona puede crear una afirmación falsa o compartirla, y, sobre todo, proporcionando una guía válida para identificar, contrastar y

denunciar posibles fake news. Algunas preguntas respondidas: □ ¿Cómo y cuándo empezó la desinformación? □ ¿Cuántas vidas se ha podido cobrar? □ ¿Cómo se han desarrollado las vacunas? □ ¿Quiénes son los principales responsables de la difusión de fake news? □ ¿Cuáles son las noticias falsas más difundidas hasta el momento? □ ¿Cuáles son los riesgos de la desinformación? □ ¿Es la difusión de noticias falsas un delito? □ ¿Qué ocurrió con Didier Raoult en Francia? □ ¿Por qué Jair Bolsonaro, presidente de Brasil, ha sido acusado de crímenes contra la humanidad por su gestión de la pandemia? □ ¿Son la ivermectina o la hidroxiclороquina tratamientos realmente útiles contra la COVID-19? ¿Qué dice realmente la ciencia al respecto? □ ¿Por qué creemos en teorías de conspiración? □ ¿Cómo podemos detectar y combatir las fake news?.
