Pavel Tsatsouline

From Russia with Tough Love Pavel Tsatsouline, 2002 In Russia, kettlebells have long been revered as the fitness-tool of choice for Olympic athletes, elite special forces and martial artists. The kettlebell's ballistic movement challenges the body to achieve an unparalleled level of physical conditioning and overall strength. But until now, the astonishing benefits of the Russian kettlebell have been unavailable to all but a few women. Kettlebells have mostly been the sacred preserve of the male professional athlete, the military and other hardcore types. That's about to change, as Russian fitness expert and best selling author Pavel, delivers the first-ever kettlebell program for women. It's wild, but women really can have it all when they access the magical power of Russian kettlebells. Pavel's uncompromising workouts give across-the-board, simultaneous, spectacular and immediate results for all aspects of physical fitness: strength, speed, endurance, fat-burning, you name it. Kettlebells deliver any and everything a woman could want -- if she wants to be in the best-shape-ever of her life. And one handy, super-simple tool -- finally available in woman-friendly sizes -- does it all. No bulky, expensive machines. No complicated gizmos. No time-devouring trips to the gym.

The Russian Kettlebell Challenge Pavel Tsatsouline, 2001 Both the Soviet Special Forces and numerous world-champion Soviet Olympic athletes used the ancient Russian Kettlebell as their secret weapon for extreme fitness. Thanks to the kettlebell's astonishing ability to turbo charge physical performance, these Soviet supermen creamed their opponents time-and-time-again, with inhuman displays of raw power and explosive strength. Now, former Spetznaz trainer, international fitness author and nationally ranked kettlebell lifter, Pavel Tsatsouline, delivers this secret Soviet weapon into your hands.

Summary of Dan John, Pavel Tsatsouline & Dave Draper's Never Let Go Everest Media,2022-03-23T22:59:00Z

Please note: This is a companion version & not the original book. Sample Book Insights: #1 The secret to making your fitness, strength, and body composition goals is free will. Don't underestimate this, as it is the difference between making your goals and not making them. #2 Self-discipline is important, but you also need to make yourself a slave to good habits. If you use your free will to say no to cookies, you won't have any left for impossible tasks, quitting smoking, or whatever resolution you picked in a carb-induced haze sometime during the holidays. #3 You only have so much Free Will and most of us waste the majority of our self-determination, grit, or free choice long before we can muster the energy to deal with nicotine fits, carb cravings, and the three-minute wait to get on the treadmill. #4 I spend up to four weeks a year in training camps. Someone wakes me up, makes my meals, and pushes me to work out. I work hard during those weeks. I want to reinvent camp for my normal life, and I think I can by subletting my meal planning and hiring someone to do the cooking.

The Naked Warrior Pavel Tsatsouline,2004 Teaches techniques for achieving a strong and toned physique through bodyweight training, explaining how to master the one-arm pushup and the one-leg squat and apply them to a variety of traditional exercises.
