Map of Flames (The Forgotten Five, Book 1) Lisa McMann, 2022-02-22 X-Men meets Spy Kids in this instant New York Times bestseller! Here's the first book in a new middle-grade fantasy/adventure series from the author of *The Unwanteds*. Fifteen years ago, eight supernatural criminals fled Estero City to make a new life in an isolated tropical hideout. Over time, seven of them disappeared without a trace, presumed captured or killed. And now, the remaining one has died. Left behind to fend for themselves are the criminals' five children, each with superpowers of their own: Birdie can communicate with animals. Brix has athletic abilities and can heal quickly. Tenner can swim like a fish and can see in the dark and hear from a distance. Seven's skin camouflages to match whatever is around him. Cabot hasn't shown signs of any unusual power—yet. Then one day Birdie finds a map among her father's things that leads to a secret stash. There is also a note: Go to Estero, find your mother, and give her the map. The five have lived their entire lives in isolation. What would it mean to follow the map to a strange world full of things they've only heard about, like cell phones, cars, and electricity? A world where, thanks to their parents, being supernatural is a crime?

Edited Barry Lyga, 2022-11-15 In the spirit of *Stranger Than Fiction*, New York Times bestselling author Barry Lyga takes the reader on a wild and surreal ride through the heart of his own creation—perfect for fans of A. S. King, Andrew Smith, and Jeff Zentner. What starts as a love story between two teens—whose crumbling relationship coincides with a crumbling reality—ends up as a journey toward their creator, Barry Lyga, in a love story about creation itself. This is a love story. Mike loves Philomel. Always. Philomel loves Mike. Sometimes. After doing something stupid that drives away the love of his life, Mike begins to notice that the world itself seems to be suffering the aftereffects of his bad decision. Reality as he knows it has ... changed. And before he can fully understand the ramifications, he's on an odyssey unlike any other, trying to figure out how to repair the universe and return his lost Philomel to his side. It's not time travel. It's not dimension-hopping. It's something deeper and more fundamental, as simple and as complex as ink on paper. And much to Mike's surprise, this isn't even the whole story. It's possible that the missing pieces of Mike's life may end up being the most important part of his world—and beyond, the solution to fixing not only his love life, but the entire universe.

Crash Lisa McMann, 2013-01-08 If what you see is what you get, Jules is in serious trouble. The suspenseful first in a series from the New York Times bestselling author of the Wake trilogy. Jules lives with her family above their restaurant, which means she smells like pizza most of the time and drives their double-meatball-shaped food truck to school. It's not a recipe for popularity, but she can handle that. What she can't handle is the recurring vision that haunts her. Over and over, Jules sees a careening truck hit a building and explode...and nine body bags in the snow. The vision is everywhere—on billboards, television screens, windows—and she's the only one who sees it. And the more she sees it, the more she sees. The vision is giving her clues, and soon Jules knows what she has to do. Because now she can see the face in one of the body bags, and it's someone she knows. Someone she has been in love with for as long as she can remember. In this riveting start to a gripping series from New York Times bestselling author Lisa McMann, Jules has to act—and act fast—to keep her vision from becoming reality.

Unstuck Barbara Dee, 2025-02-25 “Both relatable and inspiring...an entertaining and heartfelt read.” —Janae Marks, New York Times bestselling author of On Air with Zoe Washington From critically acclaimed author Barbara Dee comes a middle grade novel that's “this generation's Dear Mr. Henshaw” (Kirby Larson, Newbery Honor-winning author of Hattie Big

Sky) about a girl whose struggles with anxiety and writer's block set off unexpected twists and turns, both on and off the page. Lyla is thrilled when her seventh grade English language arts class begins a daily creative writing project. For the past year, she's been writing a brilliant fantasy novel in her head, and here's her chance to get it on paper! The plot to Lyla's novel is super complicated, with battle scenes and witches and a mysterious one-toed-beast, but at its core, it's about an overlooked girl who has to rescue her beautiful, highly accomplished older sister. But writing a fantasy novel turns out to be harder than simply imagining one, and pretty soon Lyla finds herself stuck, experiencing a panic she realizes is writer's block. Part of the problem is that she's trying to impress certain people—like Rania, her best friend who's pulling away, and Ms. Bowman, the coolest teacher at school. Plus, there's the pressure of meeting the deadline for the town writing contest. A few years ago, Lyla's superstar teen sister Dahlia came in second, and this time, Lyla is determined to win first prize. Finally, Lyla confides about her writing problems to Dahlia, who is dealing with her own academic stress as she applies to college. That's when she learns Dahlia's secret, which is causing a very different type of writer's block. Can Lyla rescue a surprisingly vulnerable big sister, both on the page and in real life?

Following her dramatic abduction of Fifer and Thisbe, the dragon woman traps the twins in an isolated, crumbling palace and surrounds them with four killer dragons in an attempt to coerce them to join her side. Hope finally arrives when Dev sneaks into the castle and the threesome reunites, hatching a plan against the Revinir so devious, so horrifying, that it just might work. But when it comes time to act, Thisbe struggles to confront her deepest fears about her inner levels of good and evil and, to her own dismay, questions if she's really been on the right side all along. In Artimé, Rohan and Queen Maiven join forces with Aaron, Florence, and the others to discover the truth of what happened to the twins.
