The Poetry of Pop Adam Bradley,2017-03-28 A trailblazing exploration of the poetic power of popular songs, from Tin Pan Alley to the Beatles to Beyoncé and beyond. Encompassing a century of recorded music, this pathbreaking book reveals the poetic artistry of popular songs. Pop songs are music first. They also comprise the most widely disseminated poetic expression of our time. Adam Bradley traces the song lyric across musical genres from early twentieth-century Delta blues to mid-century rock 'n' roll to today's hits. George and Ira Gershwin's "Fascinating Rhythm." The Rolling Stones' "(I Can't Get No) Satisfaction." Rihanna's "Diamonds." These songs are united in their exacting attention to the craft of language and sound. Bradley shows that pop music is a poetry that must be heard more than read, uncovering the rhythms, rhymes, and metaphors expressed in the singing voice. At once a work of musical interpretation, cultural analysis, literary criticism, and personal storytelling, this book illustrates how words and music come together to produce compelling poetry, often where we least expect it.

Bipolar in Barbados Christian Browne,2019-01-19 Mania or the Holy Spirit? That is the main question Christian Browne found himself asking 12 years after his first manic episode (recounted in *Bipolar in Barbados: A Memoir of My First Manic Episode*). Was my experience of God within me, the Holy Spirit, really God through and through? Was my experience of God purely biological? Was the Holy Spirit a chemical reaction in my brain? Or was the Holy Spirit a series of electrical signals flowing along synapses and neurons? When a series of unfortunate circumstances creates a shortage of lithium Christian finds himself lead on a spiritual journey which takes him halfway around the world and deeper into his faith than ever before. Recommended for anyone who has experienced profoundly powerful spiritual experiences during the course of their bipolar disorder.

Some Other Note Ross W. Duffin, 2018 English comedy from the fifteenth to the early seventeenth century abounds in song lyrics, but most of the original tunes were thought to have been lost—until now. By deducing that playwrights borrowed melodies from songs they already knew, Ross W. Duffin has used the existing English repertory of songs, both popular and composed, to reconstruct hundreds of songs from more than a hundred plays and other stage entertainments. Thanks to Duffin's incredible breakthrough, these plays have been rendered performable with period music for the first time in five hundred years. *Some Other Note* not only brings these songs back from the dead, but tells a thrilling tale of the investigations that unraveled these centuries-old mysteries [Publisher description]

Additional chapters analyze the impact of new wave rock on American popular culture and the legacy of new wave music, including how the music is still used today in film and television soundtracks and in television commercials.
