**Love** Anna G. Jónasdóttir, Ann Ferguson, 2013-11-12 This unique, timely book of original essays sets the stage for a new materialist feminist debate on the analysis, ethics and politics of love. The contributors raise questions about social power and domination, situating their research in a materialist feminist perspective that investigates love historically, in order to understand changing ideologies, representations and practices. The essays range from studies of particular representations and examples of love - feminist translation, mass media images and internet love blogs - to feminist theories of love and marriage, to ethical and political theories describing, critiquing or advocating the use of love in groups as a radical force. They break new ground in bringing together questions of gendered interests in love, temporal dimensions of loving practices and the politics of love in radical transformations of society.

Black Feminist Thought Patricia Hill Collins, 2002-06-01 In spite of the double burden of racial and gender discrimination, African-American women have developed a rich intellectual tradition that is not widely known. In *Black Feminist Thought*, Patricia Hill Collins explores the words and ideas of Black feminist intellectuals as well as those African-American women outside academe. She provides an interpretive framework for the work of such prominent Black feminist thinkers as Angela Davis, bell hooks, Alice Walker, and Audre Lorde. The result is a superbly crafted book that provides the first synthetic overview of Black feminist thought.

*Love Imagined* Sherry Quan Lee, 2014-01-01 *Love Imagined* is an American woman's unique struggle for identity. Joining the long history of women of color fighting to claim literary space to tell our stories, Sherry Quan Lee shares her truth with fierce courage and strength in *Love Imagined*. ... Quan Lee crafts a riveting tale of Minnesota life set within the backdrop of racial segregation, the Cold War, the sexual revolution while navigating it all through the lens of her multi-layered identities. A true demonstration of the power of an intersectional perspective. --Kandace Creel Falcón, Ph.D., Director of Women's and Gender Studies, Minnesota State University, Moorhead *Love Imagined*: this fascinating, delightful, important book. This imagining love, this longing for love. This poverty of No Love, this persistent racism, sexism, classism, ageism. The pain these evils cause the soul... This is an important document of a mixed-race contemporary woman, a memoir about her family lineages back to slavery, back to China, back to early Minneapolis, and about the struggle of finding herself in all of these. --Sharon Doubiago, author of *My Father's Love* When I read Sherry's story [*Love Imagined*], I recognized feelings and meanings that mirrored mine. I felt a sense of release, an exhale, and I knew I could be understood by her in a way that some of my family and friends are unable to grasp, through no fault of their own. It's the Mixed experience. Sherry Lee's voice, her story, will no doubt touch and heal many who read it. --Lola Osunkoya, MA Founder of Neither/Both LLC, Mixed-Race Community Building and Counseling Learn more at [www.SherryQuanLee.com](http://www.SherryQuanLee.com) From Modern History Press [www.ModernHistoryPress.com](http://www.ModernHistoryPress.com) BIO002000 Biography & Autobiography: Cultural Heritage SOC028000 Social Science: Women's Studies - General SOC043000 Social Science: Ethnic Studies - Asian American Studies

*Love Troubles* Federica Gregoratto, 2025-01-21 What does it mean to love? Does love complete us, giving us purpose and meaning? Or does it tie us down and even harm us? Is erotic desire complicit in oppression, or could it deliver liberation? Are our desires extricable from the wrongs of our societies? And in today's world, is love still worth the trouble? This book develops a critical theory of sexual love and friendship, offering profound new ways to understand the troublesome nature of eros. Federica Gregoratto explores the ambivalence of erotic love, which is at once intimately interwoven with heterosexism, racism, and neoliberal capitalism yet entices us with the tantalizing possibility of transformation. Drawing on a rich array of

sources—from Frankfurt School critical theory to feminist thought and contemporary philosophies of emotions and affects, as well as poetry, novels, films, and music—she argues that love provides unexpected resources for political agency, resistance, and emancipation. Gregoratto makes a passionate defense of erotic freedom as an adventurous process through which we understand, together with others, who we are and who we want to become, both in our individual existences and in our social lives. Wide-ranging and daring, *Love Troubles* invites us to reflect on our fraught amorous experiences, showing why we should cherish and learn from them.

The Power and Vulnerability of Love Elizabeth O'Donnell Gandolfo, 2015-02-01 Gandolfo constructs a theological anthropology that begins with the condition of human vulnerability as a site to answer why human beings experience and inflict terrible suffering. This volume argues that vulnerability is a dimension of human existence that causes us great anxiety, which forms the basis for violence but also affords the possibility of human openness to the redemptive work of divine love. Poised paradoxically between tragic and redemptive vulnerability, human beings need existential resources and empowering practices to cope with and manage our vulnerability in more compassionate ways.

**New Our Right to Love** Ginny Vida, 2010-05-11 Since its original publications in 1978, *Our Right to Love's* resources, interviews, and essays have evolved to cover every aspect of the ever-changing, everyday lives of lesbians. The complete lesbian resource guide, *Our Right to Love* instantly became a classic when it was first published in 1978. A group of essays explores the lesbian experience across cultures (African American, Latina, Asian, Native American) and age groups. Interviews with notable lesbians Martina Navratilova, Melissa Etheridge, Margarethe Cammermeyer, and Minnesota State Representative Karen Clark examine the particular experiences of highly visible out lesbians. An extensive bibliography, resource lists, and index make this the complete lesbian reference.

*Foremother Love* Dana Murphy, 2025-06-27 Dana Murphy examines the importance of eighteenth-century poet Phillis Wheatley as a foundational figure for Black feminist criticism.

*The subject of love* Sal Renshaw, 2013-07-19 The Subject of Love: Hélène Cixous and the Feminine Divine is about abundant, generous, other-regarding love. In the history of Western ideas of love, such a configuration has been inseparable from our ideas about divinity and the sacred; often reserved only for God; and rarely thought of as a human achievement. This book is a substantial engagement with her philosophies of love, inviting the reader to reflect on the conditions of subjectivity that just might open us to something like a divine love of the other. Renshaw follows this thread in this genealogy of abundant love: the thread that connects the subject of love from 5th century B.C.E. Greece and Plato, to the 20th century protestant theology of agapic love of Anders Nygren, to the late 20th century poetico-philosophy of Hélène Cixous. This study will be of particular interest to academics and students of the history of gender, cultural studies, criticism and gender studies

*Just Love* Margaret Farley, 2008-02-15 This long-awaited book by one of American Christianity's foremost ethicists proposes a framework for sexual ethics whereby justice is the criterion for all loving, including love that is related to sexual activity and relationships. It begins with historical and cross-cultural explorations, then addresses the large questions of embodiment, gender, and sexuality, and finally delineates the justice framework for sexual ethics. Though Just Love's particular focus is Christian sexual ethics, Farley's framework is broad enough to have relevance for multiple traditions. Also covered are specific issues in sexual ethics, including same-sex relationships, marriage and family, divorce and second marriage, celibacy, and sex and its negativities.

**Decolonial Love** Joseph Drexler-Dreis, 2018-12-04 Bringing together theologies of liberation and decolonial thought, Decolonial Love interrogates colonial frameworks that shape Christian thought and legitimize structures of oppression and violence within Western modernity. In response to the historical situation of colonial modernity, the book offers a decolonial mode of theological reflection and names a historical instance of salvation that stands in conflict with Western modernity. Seeking a new starting point for theological reflection and praxis, Joseph Drexler-Dreis turns to the work of Frantz Fanon and James Baldwin. Rejecting a politics of inclusion into the modern world-system, Fanon and Baldwin engage reality from commitments that Drexler-Dreis describes as orientations of decolonial love. These orientations expose the idolatry of

Western modernity, situate the human person in relation to a reality that exceeds modern/colonial significations, and catalyze and authenticate historical movement in conflict with the modern world-system. The orientations of decolonial love in the work of Fanon and Baldwin—whose work is often perceived as violent from the perspective of Western modernity—inform theological commitments and reflection, and particularly the theological image of salvation. Decolonial Love offers to theologians a foothold within the modern/colonial context from which to commit to the sacred and, from a historical encounter with the divine mystery, face up to and take responsibility for the legacies of colonial domination and violence within a struggle to transform reality.

*Junctures in Women's Leadership: Social Movements* Mary K. Trigg, Alison R. Bernstein, 2016-05-23 2016 Choice Outstanding Academic Title From Eleanor Roosevelt to feminist icon Gloria Steinem to HIV/AIDS activist Dazon Dixon Diallo, women have assumed leadership roles in struggles for social justice. How did these remarkable women ascend to positions of influence? And once in power, what leadership strategies did they use to deal with various challenges? *Junctures in Women's Leadership: Social Movements* explores these questions by introducing twelve women who have spearheaded a wide array of social movements that span the 1940s to the present, working for indigenous peoples' rights, gender equality, reproductive rights, labor advocacy, environmental justice, and other causes. The women profiled here work in a variety of arenas across the globe: Planned Parenthood CEO Cecile Richards, New York City labor organizer Bhairavi Desai, women's rights leader Charlotte Bunch, feminist poet Audre Lorde, civil rights activists Daisy Bates and Aileen Clarke Hernandez, Kenyan environmental activist Wangari Maathai, Nicaraguan revolutionary Mirna Cunningham, and South African public prosecutor Thuli Madonsela. What unites them all is the way these women made sacrifices, asked critical questions, challenged injustice, and exhibited the will to act in the face of often-harsh criticism and violence. The case studies in *Junctures in Women's Leadership: Social Movements* demonstrate the diversity of ways that women around the world have practiced leadership, in many instances overcoming rigid cultural expectations about gender. Moreover, the cases provide a unique window into the ways that women leaders make decisions at moments of struggle and historical change.

*Love Between Women* Bernadette J. Brooten, 2009-02-15 *Love Between Women* examines female homoeroticism and the role of women in the ancient Roman world. Employing an unparalleled range of cultural sources, Brooten finds evidence of marriages between women and establishes that condemnations of female homoerotic practices were based on widespread awareness of love between women. An extraordinary accomplishment. . . . A definitive source for all future discussion of homoeroticism and the Bible.—Mary Rose D'Angelo, *Harvard Gay & Lesbian Review* [Brooten's] convincing analysis . . . not only profoundly reshapes our understanding of the past, but it should also shape the way in which that past, particularly the early Christian texts with their immense normative weight, will be used for the future.—Anne L. Clark, *Journal of Lesbian Studies* *Love Between Women* gives contemporary debates on sexuality a carefully delineated past. It boldly insists upon a

different future, one informed by history but not tyrannized by it.—Susan Ackerman, Lambda Book Report Fascinating, provocative and lucid. . . . Brooten has made a fundamental contribution to women's and gender studies, gay and lesbian studies, and classics.—Elizabeth A. Castelli, Women's Review of Books Winner of the Lambda Literary Award for Best Lesbian Studies Book, 1997

**American Political Thought** Jonathan Keller,Alex Zamalin,2017-04-21 The twenty-first century presents unique political challenges, like increasing concern over racially based police brutality and mass incarceration, continuing economic and gender inequality, the rise of conservative and libertarian politics, and the appropriate role of religion in American politics. Current scholarship in American political thought research neither adequately responds to the contemporary moment in American politics nor fully captures the depth and scope of this rich tradition. This collection of essays offers an innovative expansion of the American political tradition. By exposing the major ideas and thinkers of the four major yet still underappreciated alternative traditions of American political thought—African American, feminist, radical and conservative—this book challenges the boundaries of American political thinking about such values like freedom, justice, equality, democracy, economy, rights, identity, and the role of the state in American life. These traditions, the various authors show in different ways, not only present a much fuller and more accurate characterization of what counts as American political thought. They are also especially unique for the conceptual resources they provide for addressing contemporary developments in American politics. Offering an original and substantive interpretation of thinkers and movements, American Political Thought will help students understand how to put American political thought into conversation with contemporary debates in political theory.

Love WITH Accountability Aishah Shahidah Simmons,2019-10-01 Despite the current survivor-affirming awareness around sexual violence, child sexual abuse, most notably when it's a family member or friend, is still a very taboo topic. There are approximately 42 million child sexual abuse survivors in the U.S. and millions of bystanders who look the other way as the abuse occurs and cover for the harm-doers with no accountability. Documentary filmmaker and survivor of child sexual abuse and adult rape, Aishah Shahidah Simmons invites diasporic Black people to join her in transformative storytelling that envisions a world that ends child sexual abuse without relying on the criminal justice system. Love WITH Accountability features compelling writings by child sexual abuse survivors, advocates, and Simmons's mother, who underscores the detrimental impact of parents/caregivers not believing their children when they disclose their sexual abuse. This collection explores disrupting the inhumane epidemic of child sexual abuse, humanely.

*Lesbian Love Story* Amelia Possanza,2024-05-28 For readers of Saidiya Hartman and Jeanette Winterson, Lesbian Love Story is an intimate journey into the archives—uncovering the romances and role models written out of history and what their stories can teach us all about how to love When Amelia Possanza moved to Brooklyn to build a life of her own, she found

herself surrounded by queer stories: she read them on landmark placards, overheard them on the pool deck when she joined the world's largest LGBTQ swim team, and even watched them on TV in her cockroach-infested apartment. These stories inspired her to seek out lesbians throughout history who could become her role models, in romance and in life. Centered around seven love stories for the ages, this is Possanza's journey into the archives to recover the personal histories of lesbians in the twentieth century: who they were, how they loved, why their stories were destroyed, and where their memories echo and live on. Possanza's hunt takes readers from a drag king show in Bushwick to the home of activists in Harlem and then across the ocean to Hadrian's Library, where she searches for traces of Sappho in the ruins. Along the way, she discovers her own love—for swimming, for community, for New York City—and adds her record to the archive. At the heart of this riveting, inventive history, Possanza asks: How could lesbian love help us reimagine care and community? What would our world look like if we replaced its foundation of misogyny with something new, with something distinctly lesbian?

Public Theology and Violent Rhetoric Examined in a Queer Womanist Critical Ethnography Teresa L.

Smallwood, 2025-01-23 Public theology is an emerging constructive tool. In its inception, public theology was largely contextualized as the 'public church.' However, this thoughtful and empathetic book situates our publics everywhere. Smallwood contends that those who have been harmed by violent rhetoric from speech actors who would 'other' them retain the capacity to have and hold a theology. This different entry point allows for people of faith, those who are and those who are not associated with a particular communion of faith or denominational affiliation to claim public space for theologizing. Here, public theology is about the capacity of those who are 'othered' to affirmatively express their faith and to critically engage with those who would deny and denigrate their ontology. 'Enduring hardship as a good soldier' does not mean exposing oneself to verbal abuse week after week. Many LGBTQIA+ persons are assaulted, degraded, humiliated, and derogated from the pulpits and podiums of places of worship. This abuse caused many to turn away from their faith. Those who withstood protracted verbal abuse turned it inward and began to hate themselves. Through ethnography, Smallwood tackles these tough truths and engages with LGBTQIA+ persons. This book critically examines both the harm done to them and the help that is to come from a paradigmatic shift in care. Smallwood emphasises how spiritual self-assessment, ritual, and indigenous spiritual practices offer a way to wholeness and healing. Drawing from Yoruba epistemology, this work offers a framework for rebirth, renewal, and reclamation.
