**Corazones en la Atlántida** Stephen King, 2012-10-24 Lleno de peligro, lleno de suspense y, sobre todo, lleno de sentimientos, este libro de Stephen King transportará a algunos lectores a un lugar que nunca antes han visitado y a otros, a un lugar que nunca podrán abandonar del todo... Aunque algunos episodios de la década de los sesenta nos parezcan irreales, no son ficticios, ocurrieron de verdad. Stephen King, que ha sido el primer escritor de la generación de la televisión que ha logrado un enorme éxito, publicó en 1974 *Carrie*, su primera novela, justo un año antes de la retirada de las últimas tropas estadounidenses de Vietnam. Las imágenes de aquella guerra y de las protestas en contra habían inundado las pequeñas pantallas de las casas norteamericanas durante casi diez años, dejando una huella imborrable en toda una generación. En *Corazones en la Atlántida*, King hipnotiza a sus lectores con una ficción profundamente inspirada en esos años, los sesenta, y explora, a lo largo de cuatro décadas, los estigmas y la herencia psicológica de la guerra de Vietnam en las personas.

**The Complete Stephen King Universe** Stanley Wiater, Christopher Golden, Hank Wagner, 2006-05-30 "The Stephen King companion to end all Stephen King companions . . . An indispensable insider's guide" to his influences, stories, adaptations, and more (Publishers Weekly). The Stephen King Universe is a vast expanse of grotesque horror, dark magic, and fearsome wonder. Conjured from on man's imagination, it is an ever-expanding kingdom of twisting, dark pathways—a place where one might easily get lost without guidance. The Complete Stephen King Universe is the only definitive reference

work that examines all of Stephen King's novels, short stories, motion pictures, miniseries, and teleplays, and deciphers the threads that connect all of his work. This ultimate resource includes in-depth story analyses, character breakdowns, little-known facts, and startling revelations on how the plots, themes, characters, and conflicts intertwine.

**The Stephen King Companion** George Beahm, 2015-10-06 The Stephen King Companion is an authoritative look at horror author King's personal life and professional career, from *Carrie* to *The Bazaar of Bad Dreams*. King expert George Beahm, who has published extensively about Maine's main author, is your seasoned guide to the imaginative world of Stephen King, covering his varied and prodigious output: juvenalia, short fiction, limited edition books, bestselling novels, and film adaptations. The book is also profusely illustrated with nearly 200 photos, color illustrations by celebrated Dark Tower artist Michael Whelan, and black-and-white drawings by Maine artist Glenn Chadbourne. Supplemented with interviews with friends, colleagues, and mentors who knew King well, this book looks at his formative years in Durham, when he began writing fiction as a young teen, his college years in the turbulent sixties, his struggles with early poverty, working full-time as an English teacher while writing part-time, the long road to the publication of his first novel, *Carrie*, and the dozens of bestselling books and major screen adaptations that followed. For fans old and new, *The Stephen King Companion* is a comprehensive look at America's best-loved bogeyman.

*Stephen King* Bev Vincent, 2022-09-13 Celebrate the King of Horror's 75th birthday with *Stephen King*, which explores the connections between Stephen King's life and his body of work.

**Stephen King** Albert Rolls, 2008-12-30 Now known worldwide for his horror creations in best-selling books and popular film adaptations, Stephen King spent years in obscurity trying to find his voice and his audience. For much of his career he chose to remain in the small-town Maine of his youth, far from glittering publishing and film centers, yet few American writers can now equal his hold on audiences worldwide. This biography traces King's evolution from would-be pulp magazine writer to master of his craft, whose work both epitomizes and transcends the horror genre.

At the end of 2014, a divine intervention reconnected me to the invisible world. Since then, I get to access my past lives and the invisible world thanks to signs and intuition. In this book, I share what I learned while discovering a wonderful and magic world, which is ours. My past lives as famous figures from our history help me understand that, if we pay attention to signs, our lives are intimately linked to others. Moreover, we live in a world perfectly arranged, we are guided by beings from the invisible world. We all have access to that. We hold treasures within us.

**Haunted Heart** Lisa Rogak, 2010-01-05 “A thoroughly respectful overview of King's life, and a great starter biography for new fans.” —The Boston Globe One of the most prolific and popular authors in the world today, Stephen King has become part of pop culture history. But who is the man behind those tales of horror, grief, and the supernatural? Where do these ideas come from? And what drives him to keep writing at a breakneck pace after a thirty-year career? In this unauthorized biography, Lisa Rogak reveals the troubled background and lifelong fears that inspire one of twentieth century's most influential authors. King's impoverished childhood in rural Maine and early marriage hardly spelled out the likelihood of a blossoming literary career. But his unflagging work ethic and a ceaseless flow of ideas put him on the path to success. The side effects of sudden stardom and seemingly unlimited wealth soon threatened to destroy his work and, worse, his life. But he survived and has since continued to write at a level of originality few authors could ever hope to match. Despite his dark and disturbing work, Stephen King has become revered by critics and his countless fans as an all-American voice more akin to Mark Twain than H. P. Lovecraft. *Haunted Heart* chronicles his story, revealing the character of a man who has created some of the most memorable—and frightening—stories found in literature today. “[Rogak] looks at what scares King enough that he's been able to keep readers entertained for thirty years.” —Bangor Daily News “Rogak . . . has pieced together King's sometimes erratic life scrupulously into a clean, swift read.” —Times Online (U.K.)

The Stephen King Universe Stanley Wiater, Christopher Golden, Hank Wagner, 2001-05-21 This unique work of popular criticism of the stories and characters of author Stephen King embraces and explains the entire body of his work. The authors also demonstrate King's impact on popular culture and include a chronology of his life and career.

**The Gothic Worlds of Peter Straub** John C. Tibbetts, 2016-08-16 Horror novelist Peter Straub creates highly personalized fiction with an allusiveness and ambiguity that deny the genre's explicit nature. For him, the Gothic style is to be created and recreated in a changing world--Faustian pacts, buried secrets, haunted places, ghosts, vampires and succubi take on strange new shapes and effects. Stephen King describes Straub's style as a synthesis of horror and beauty. Drawing on interviews with Straub and featuring an exclusive interview with King, this study explores the work of the author who has been called a writer of rare wit and intelligence in a field beset with cynical potboilers (Douglas E. Winter, Washington Post, October 14, 1984).

**Book Lust** Nancy Pearl, 2009-09-29 What to read next is every book lover's greatest dilemma. Nancy Pearl comes to the rescue with this wide-ranging and fun guide to the best reading new and old. Pearl, who inspired legions of litterateurs with *What If All (name the city) Read the Same Book*, has devised reading lists that cater to every mood, occasion, and personality. These annotated lists cover such topics as mother-daughter relationships, science for nonscientists, mysteries of all stripes, African-American fiction from a female point of view, must-reads for kids, books on bicycling, chick-lit, and many

more. Pearl's enthusiasm and taste shine throughout.

**The Road to the Dark Tower** Bev Vincent, 2004-09-28 AN ESSENTIAL GUIDE TO THE DARK TOWER SERIES—INCLUDING BOOK-BY-BOOK ANALYSIS AND INSIGHT INTO STEPHEN KING'S CREATIVE PROCESS. In 1970, Stephen King embarked on what would become the crowning achievement in his literary career—the Dark Tower. The seven-volume series, written and published over a period of 30 years, was inspired by Robert Browning's poem *Childe Roland to the Dark Tower Came*, as well as J.R.R. Tolkien's *The Lord of the Rings*, and the spaghetti Westerns of Sergio Leone. With the full cooperation of Stephen King himself, *The Road to the Dark Tower* examines the epic journey of the author to complete a story that threatened to overwhelm him. In this indispensable companion, Bev Vincent presents a book-by-book analysis of each volume in the series, tracing the Dark Tower's connections to King's other novels including *The Stand*, *Insomnia*, and *Hearts in Atlantis*, and offering insights from the author about the creative process involved in crafting his lifelong work—a work that has consumed not only Stephen King, but his legion of devoted readers. This is essential reading for any Dark Tower-or Stephen King-fan.

Revisiting Stephen King Sharon A. Russell, 2002-05-30 Having endured an initially frigid critical reception, personal struggles with addiction, and a mid-life accident that nearly killed him, Stephen King continues to reign as perhaps the most popular and prolific writer in America. This new edition of the critical companion to his works includes an expanded biographical chapter, featuring King's return to writing after his accident and his groundbreaking experiments in e-publishing. A full chapter is devoted to each of his eight most recently published works of fiction, offering thorough critical treatments of • *Desperation* (1996) • *The Green Mile* (1997) • *The Regulators* (1996) • *Dark Tower IV: Wizard and Glass* (1997) • *Bag of Bones* (1998) • *The Girl Who Loved Tom Gordon* (1999) • *Hearts in Atlantis* (1999) • *Dreamcatcher* (2001) Discussions of character development, thematic concerns, and issues of style and symbolism follow concise plot synopses. An alternate critical perspective is offered for each work. King's achievements and placement in the horror genre are reconsidered, especially in light of his more recent forays into suspense fiction, science fiction, fantasy, and other areas of writing. The volume includes a selective list of further suggested readings, biographical sources, general criticism, and reviews.
