

How Many Dear America Books Are There

Molly Rosner

Teaching With Dear America Books Jeannette Sanderson, 2001 Covers time periods: Colonial America; Revolutionary War; Westward expansion; Civil War; Immigration.

A Journey to the New World: The Diary of Remember Patience Whipple, Mayflower, 1620 (Dear America) Kathryn Lasky, 2011-08-01 Newbery Honor author Kathryn Lasky's A JOURNEY TO THE NEW WORLD is now back in print with a gorgeous new package! Twelve-year-old Remember Patience Whipple (Mem for short) has just arrived in the New World with her parents after a grueling 65-day journey on the MAYFLOWER. Mem has an irrepressible spirit, and leaps headfirst into life in her new home. Despite harsh conditions, Mem is fearless. She helps to care for the sick and wants more than anything to meet and befriend a Native American.

Historical Dictionary of Children's Literature Emer O'Sullivan, 2023-04-24 History is constantly evolving, and the history of children's literature is no exception. Since the original publication of Emer O'Sullivan's Historical Dictionary of Children's Literature in 2010, much has happened in the field of children's literature. New authors have come into print, new books have won awards, and new ideas have entered the discourse within children's literature studies. Historical Dictionary of Children's Literature, Second Edition contains a chronology, an introduction, and an extensive bibliography. The dictionary section has more than 700 cross-referenced entries. This book will be an excellent resource for students, scholars, researchers, and anyone interested in the field of children's literature studies.

Postwestern Cultures Susan Kollin, 2007-01-01 Synthesizes topics of contemporary scholarship of the American West. This work examines subjects ranging from the use of frontier rhetoric in Japanese American internment camp narratives to the emergence of agricultural tourism in the New West to the application of geographer J B Jackson's theories to vernacular or abandoned western landscapes.

Celebrate with Books Rosanne Blass, 2005-09-30 Catch the wave of enthusiasm that accompanies holiday celebrations, and use it to promote reading and literature throughout the year. Focusing on books for elementary readers published within the past five years, Blass introduces you to 200 of the best new fiction and nonfiction titles about world holidays—from New Year's Day, Ramadan, and Mardi Gras to Juneteenth, Pioneer Day, and the Bon Festival. The guide offers full bibliographic information; a plot summary; a booktalk, bookwalk, or read-aloud for promoting the book to young readers; and ideas for

discussion and extension learning activities. Chapters are organized chronologically from January to December, with additional chapters on Holidays in General and Other Special Occasions, covering such events as birthdays and losing a tooth. Alternative title suggestions for each holiday are given at the end of the section. A source of inspiration for reading assignments, book lists, and library displays, this guide is also a great resource for multicultural units. Grades K-6.

Children and Cultural Memory in Texts of Childhood Heather Snell,Lorna Hutchison,2013-11-07 The essays in this collection address the relationship between children and cultural memory in texts both for and about young people. The collection overall is concerned with how cultural memory is shaped, contested, forgotten, recovered, and (re)circulated, sometimes in opposition to dominant national narratives, and often for the benefit of young readers who are assumed not to possess any prior cultural memory. From the innovative development of school libraries in the 1920s to the role of utopianism in fixing cultural memory for teen readers, it provides a critical look into children and ideologies of childhood as they are represented in a broad spectrum of texts, including film, poetry, literature, and architecture from Canada, the United States, Japan, Germany, Britain, India, and Spain. These cultural forms collaborate to shape ideas and values, in turn contributing to dominant discourses about national and global citizenship. The essays included in the collection imply that childhood is an oft-imagined idealist construction based in large part on participation, identity, and perception; childhood is invisible and tangible, exciting and intriguing, and at times elusive even as cultural and literary artifacts recreate it. *Children and Cultural Memory in Texts of Childhood* is a valuable resource for scholars of children's literature and culture, readers interested in childhood and ideology, and those working in the fields of diaspora and postcolonial studies.

If Kids Could Vote Sally Sugarman,2007-01-01 Building on previous research and including interviews and surveys of children, this book examines the effect of the media including television, video games, films, books, and text books on children's ideas about democracy as well as the implications that their classroom and media experiences have on their preparation for citizenship.

The Complete Idiot's Guide to Publishing Children's Books, 3rd Edition Harold D. Underdown, 2008-05-06 Here is the comprehensive guide to writing, publishing, and selling for the ever-expanding and always exciting children's market—now in a new and updated third edition. • Includes new chapters on self-publishing and on how to choose a how-to, plus revision and updates throughout • Offers practical advice on getting started--and on dealing with out-of-print books • Covers picture books, chapter books, nonfiction, middle-grade and young novels, and common formats and genres • Reveals what happens inside a children's publishing company, and provides guidance in working with an editor • Sample cover and query letters, manuscript format, glossary, and recommended resources in an extensive appendix • Plus information on agents, contracts, copyright, marketing, and more "Honest and precise... everything about writing for children there is to know." —Jane Yolen, author

A People's History of the U.S. Military Michael A. Bellesiles, 2012-09-11 In *A People's History of the U.S. Military*, historian Michael A. Bellesiles draws from three centuries of soldiers' personal encounters with combat—through fascinating excerpts from letters, diaries, and memoirs, as well as audio recordings, film, and blogs—to capture the essence of the American military experience firsthand, from the American Revolution to the wars in Iraq and Afghanistan. Military service can shatter and give meaning to lives; it is rarely a neutral encounter, and has contributed to a rich outpouring of personal testimony from the men and women who have literally placed their lives on the line. The often dramatic and always richly textured first-person accounts collected in this book cover a wide range of perspectives, from ardent patriots to disillusioned cynics; barely literate farm boys to urbane college graduates; scions of founding families to recent immigrants, enthusiasts, and dissenters; women disguising themselves as men in order to serve their country to African Americans fighting for their freedom through military service. A work of great relevance and immediacy—as the nation grapples with the return of thousands of men and women from active military duty—*A People's History of the U.S. Military* will become a major new touchstone for our understanding of American military service.

Even the Women Are Leaving Larisa L. Veloz, 2023-05-09 The first decades of the twentieth century were crucial for the development of Mexican circular family migration, a process shaped by family and community networks as much as it was fashioned by labor markets and economic conditions. *Even the Women Are Leaving* explores bidirectional migration across the US-Mexico border from 1890 to 1965 and centers the experiences of Mexican women and families. Highlighting

migrant voices and testimonies, Larisa L. Veloz depicts the long history of family and female migration across the border and elucidates the personal experiences of early twentieth-century border crossings, family separations, and reunifications. This book offers a fresh analysis of the ways that female migrants navigated evolving immigration restrictions and constructed binational lives through the eras of the Mexican Revolution, the Great Depression, and the Bracero Program.

Cataloging for School Librarians Marie Kelsey, Jen Spisak, 2023-07-18 This easy-to-use text teaches school librarians how to catalog materials using RDA. By following the instructions in this book, the new cataloger will become proficient at creating bibliographic records that meet current national standards and make library materials accessible to students and faculty. *Cataloging for School Librarians, Third Edition* presents the theory and practice of cataloging and classification to students and practitioners needing a clear sequential process to help them overcome cataloging anxiety. By following the instructions in this book, the new cataloger will become proficient at creating bibliographic records that meet current national standards and make library materials accessible to students and faculty. This new edition fully integrates RDA. FRBR, Sears, and the Dewey Decimal Classification are covered. It presents numerous examples of how to catalog books, non-print and electronic library materials, and 3D objects using the MARC format. Appendices include MARC Record examples across formats, "cheat sheets," and a compilation of a "one-stop shop" list of commonly used website resources mentioned throughout the book. A glossary and an index are also included.

The Vietnam Reader Stewart O'Nan, 2011-03-23 The Vietnam Reader is a selection of the finest and best-known art from the American war in Vietnam, including fiction, nonfiction, poetry, drama, film, still photos, and popular song lyrics. All the strongest work is here, from mainstream bestsellers to radical poetry, from Tim O'Brien to Marvin Gaye. Also included are incisive reader's questions--useful for educators and book clubs--in a volume that makes an essential contribution to a wider understanding of the Vietnam War. This authoritative and accessible volume is sure to become a classic reference, as well as indispensable and provocative reading for anyone who wants to know more about the war that changed the face of late-twentieth-century America. From the Trade Paperback edition.

Playing with History Molly Rosner, 2021-05-14 Since the advent of the American toy industry, children's cultural products have attempted to teach and sell ideas of American identity. By examining cultural products geared towards teaching children American history, *Playing With History* highlights the changes and constancies in depictions of the American story and ideals of citizenship over the last one hundred years. This book examines political and ideological messages sold to children throughout the twentieth century, tracing the messages conveyed by racist toy banks, early governmental interventions meant to protect the toy industry, influences and pressures surrounding Cold War stories of the western frontier, the fractures visible in the American story at a mid-century history themed amusement park. The study culminates in a look at the successes and limitations of the American Girl Company empire.

Literacy and Learning in the Content Areas Sharon Kane, 2017-07-05 The 3rd Edition of *Literacy & Learning in the Content Areas* helps readers build the knowledge, motivation, tools, and confidence they need as they integrate literacy into their middle and high school content area classrooms. Its unique approach to teaching content area literacy actively engages preservice and practicing teachers in reading and writing and the very activities that they will use to teach literacy to their own students in middle and high school classrooms. Rather than passively learning about strategies for incorporating content area literacy activities, readers get hands-on experience in such techniques as mapping/webbing, anticipation guides, booktalks, class websites, and journal writing and reflection. Readers also learn how to integrate children's and young adult literature, primary sources, biographies, essays, poetry, and online content, communities, and websites into their classrooms. Each chapter offers concrete teaching examples and practical suggestions to help make literacy relevant to students' content area learning. Author Sharon Kane demonstrates how relevant reading, writing, speaking, listening, and visual learning activities can improve learning in content area subjects and at the same time help readers meet national content knowledge standards and benchmarks.

The Titanic in Print and on Screen D. Brian Anderson, 2005-04-05 Titanic scholars contend that the demise of the unsinkable ship left more behind than a memory of April 15, 1912, as an important point in history. Through books, films, stories, and songs, the archetypal shipwreck has endured as a metaphor for the perils of mankind's hubris and the fallibility of technology. In 1985, the discovery of the long-missing wreckage two miles below the surface of the Atlantic revitalized interest in the Titanic and spawned a new generation of books, films, and, for the first time, websites, and computer games. James Cameron's blockbuster *Titanic* became the biggest movie of all time and engendered still greater popular interest in the tragic event. This bibliography is a survey of the immense volume of literary, dramatic, and commercial endeavors that came out of history's most compelling shipwreck. Organized by genre in accessible categories and short entries, the book includes Titanic-inspired documentaries, narrative films, children's books, histories, short stories, novels, plays, articles, essays, software, websites, poems, and songs. Each entry includes a brief review, bibliographic information, and the technical details of the specific source. The reviews include subjective analysis designed to reflect the usefulness of the source and to be of benefit to researchers and scholars. Five appendices include lists of the actors appearing in more than one Titanic film, brief film and television appearances of the Titanic, films never or not yet released, books that survived the wreck, and books written by passengers.

Little House, Long Shadow Anita Clair Fellman, 2008-05-21 Beyond their status as classic children's stories, Laura Ingalls Wilder's *Little House* books play a significant role in American culture that most people cannot begin to appreciate. Millions of children have sampled the books in school; played out the roles of Laura and Mary; or visited Wilder homesites with their parents, who may be fans themselves. Yet, as Anita Clair Fellman shows, there is even more to this magical series with its

clear emotional appeal: a covert political message that made many readers comfortable with the resurgence of conservatism in the Reagan years and beyond. In *Little House, Long Shadow*, a leading Wilder scholar offers a fresh interpretation of the Little House books that examines how this beloved body of children's literature found its way into many facets of our culture and consciousness—even influencing the responsiveness of Americans to particular political views. Because both Wilder and her daughter, Rose Wilder Lane, opposed the New Deal programs being implemented during the period in which they wrote, their books reflect their use of family history as an argument against the state's protection of individuals from economic uncertainty. Their writing emphasized the isolation of the Ingalls family and the family's resilience in the face of crises and consistently equated self-sufficiency with family acceptance, security, and warmth. Fellman argues that the popularity of these books—abetted by Lane's overtly libertarian views—helped lay the groundwork for a negative response to big government and a positive view of political individualism, contributing to the acceptance of contemporary conservatism while perpetuating a mythic West. Beyond tracing the emergence of this influence in the relationship between Wilder and her daughter, Fellman explores the continuing presence of the books—and their message—in modern cultural institutions from classrooms to tourism, newspaper editorials to Internet message boards. *Little House, Long Shadow* shows how ostensibly apolitical artifacts of popular culture can help explain shifts in political assumptions. It is a pioneering look at the dissemination of books in our culture that expands the discussion of recent political transformations—and suggests that sources other than political rhetoric have contributed to Americans' renewed appreciation of individualist ideals.
