When you realize this, Neville Goddard taught, you will discover yourself to be a slumbering branch of the Creator clothed in human form, and at the helm of limitless possibilities. - Mitch Horowitz - Neville Goddard is best described as an enlightened mystic and hermetic. His knowledge was so deep and all-encompassing that any seeker will find what they're looking for with him! There is nothing like him in knowledge and depth! Neville Goddard's wish was to make people aware of their creative power. He was not only concerned with manifestation, but also with re-understanding and consciously applying the profound mechanisms of our existence. And this knowledge can be fully understood and consciously applied using this reference book by Neville Goddard. When man begins to discover this power within him, he never plays the part that he formerly played. Dumont, Neville Goddard, Ernest Shurtleff Holmes, William Clement Stone, Prentice Mulford, Catherine Ponder, Robert Collier, 2024-10-15 The New Thought movement (also Higher Thought) is a spiritual movement that coalesced in the United States in the early 19th century. New Thought was seen by its adherents as succeeding ancient thought, accumulated wisdom and philosophy from a variety of origins, such as Ancient Greek, Roman, Egyptian, Chinese, Taoist, Vedic, Hindu, and Buddhist cultures and their related belief systems, primarily regarding the interaction between thought, belief, consciousness in the human mind, and the effects of these within and beyond the human mind. Though no direct line of transmission is traceable, many adherents to New Thought in the 19th and 20th centuries claimed to be direct descendants from those systems. Contents: Napoleon Hill. Be What You Wish Neville Goddard, 2024-02-22 You can change your future by changing your thinking. When you discover the creative power of imagination within yourself, you will boldly assert the supremacy of imagination and put all things in subjection to it. By our imagination, by our affirmations, we can change our world, we can change our future. If we strive passionately to embody a new and higher concept of ourselves, then all things will be at our service.

The Law and Other Essays Neville Goddard, 2013-08-20 Can man decree a thing and have it come to pass? Most decidedly he can! Man has always decreed that which has appeared in his world and is today decreeing that which is

appearing in his world and shall continue to do so as long as man is conscious of being man. Not one thing has ever appeared in man's world but what man decreed that it should. This you may deny, but try as you will you cannot disprove it, for this decreeing is based upon a changeless principle. You do not command things to appear by your words or loud affirmations. Such vain repetition is more often than not confirmation of the opposite. Decreeing is ever done in consciousness. That is; every man is conscious of being that which he has decreed himself to be. Collected her are six essays on the Law of Attraction: The Law, Be What You Wish; Be What You Believe, By Imagination We Become, The Law of Assumption, Truth, and At Your Command.

The Secret of Imagining (1960) 6.

How to Use Your Imagination (1955) 7. Imagination Fulfills Its Self (1968) 8. The Game of Life (1969) 9. Infinite States (1968) 10. Power Called The Law (1969) 11. The Secret of Prayer (1967) 12. The Secret of God (1967) For it is magic, this pruning shears of revision. It really is not only the achievement of objectives, but if you do it daily, it will awaken in you the spirit of Jesus, which is continual forgiveness of sin. - The Pruning Shears of Revision Now when you read the story you think it happened thousands of years ago. I have come to tell you it is now. You are now in the garden of Eden, and you think you are shut out or banished. You are in it, and the garden is your mind, but you need — like every gardener — you need pruning shears. For you have slept, as you are told in that second chapter. Having slept, weeds have appeared in the garden, and the weeds are revealing themselves by the conditions and the circumstances of life. For your garden is always projecting itself on the screen of space, and you can see by looking carefully at your world what you allow to grow in the garden of God. - The Pruning Shears of Revision The world only bears witness of the use or misuse of imagination. - The Pruning Shears of Revision The world is a magic circle of infinite possible mental transformations. For there are an infinite number of possible mental conversations. When man discovers the creative power of inner talking, he will realize his function and his mission in life. Then he can act to a purpose. Without such knowledge, he acts unconsciously. Everything is a manifestation of the mental conversations which go on in us without our being aware of them. But as civilized beings, we must become aware of them and act with a purpose. A man's mental conversations attracts his life. As long as there is no change in his inner talking, the personal history of the man remains the same. To attempt to change the world before we change our inner talking is to struggle against the very nature of things. Man can go round and round in the same circle of disappointments and misfortunes, not seeing them as caused by his own negative inner talking, but as caused by others. - Mental Diets Enjoy your reading
