**Keeper of the Lost Cities The Graphic Novel Part 1** Shannon Messenger,2023-11-07 The first book in the New York Times and USA TODAY bestselling Keeper of the Lost Cities series is being reimagined as a graphic novel with the first half of the epic novel adapted to this new format with beautiful artwork! Twelve-year-old Sophie Foster has never quite fit into her life. She's skipped multiple grades and doesn't really connect with the older kids at school, but she's not comfortable with her family, either. The reason? Sophie's a Telepath, someone who can read minds. No one knows her secret—at least, that's what she thinks... But the day Sophie meets Fitz, a mysterious (and adorable) boy, she learns she's not alone. He's a Telepath too, and it turns out the reason she has never felt at home is that, well...she isn't. Fitz opens Sophie's eyes to a shocking truth, and she is forced to leave behind her family for a new life in a place that is vastly different from what she has ever known. This stunning graphic novel retelling of the first half of the thrilling first novel comes to life with all the adventure and epic worldbuilding the Keeper of the Lost Cities series is known for.

But everything changes when she meets Fitz, a mysterious boy with the same ability. She discovers there's somewhere she does belong, and staying where she is will put her in grave danger. In the blink of an eye, Sophie is forced to leave behind everything and start a new life in a magical world. But what if life in the beautiful Lost Cities isn't as idyllic as it seems? And what if there's a reason she was hidden away? This volume contains the first half of the epic novel adapted to a new format with beautiful artwork.

Please be careful. Please be happy. And PLEASE forget all about me. It'll be better for everyone that way. Those were the last words Keefe Sencen wrote to Sophie Foster before he ran away to the Forbidden Cities. He didn't want to leave, but it was the only way to keep his friends safe while he figured out how to control his scary new powers and searched for answers about his past. What he found was so much more than adventures in Humanland. Where did he go? What did he do? And who did he meet while the rest of his friends worked to solve the mystery of Stellarlune? The answers go far beyond anything anyone could have ever imagined and give Keefe the power to change his destiny.

**Storying our Relationship with Nature** Amanda Fiore, Jing Lin, 2024-03-07 This book takes readers on a journey that is part storytelling, part academic analysis, and part spiritual exploration. The authors identify the climate emergency as a breakdown in spiritual consciousness which fails to recognize our deep interconnection with Nature. To meet this crisis of spirit, Storying Our Relationship with Nature serves as a guide for transforming ourselves and our lives through story and highlights the importance of social and emotional aspects of environmental education. The authors introduce the philosophical and historical foundations of our objectification of Nature as a commodity and describe the effect this view has on our lives. They detail a path forward through storytelling, contemplative practice, Eastern philosophy, and the transformative power of education. Throughout the book, reflective activities provide a space for the reader to personalize their learning, leading the reader towards the book's central message: once we learn to consciously re-story our relationship with Nature, we can transform our cultural narrative of fatalism and greed into one of love, determination, and possibility, helping us move towards a sustainable future.
