**Major Problems in American Women's History** Mary Beth Norton, Ruth M. Alexander, 2007 Designed to encourage critical thinking about history, the Major Problems series introduces students to both primary sources and analytical essays on important topics in U.S. history. Major Problems in American Women's History is the leading reader for courses on the history of American women, covering the subject's entire chronological span. While attentive to the roles of women and the details of women's lives, the authors are especially concerned with issues of historical interpretation and historiography. The Fourth Edition features greater coverage of the experiences of women in the Midwest and the West, immigrant women, and more voices of women of color. Key pedagogical elements of the Major Problems format have been retained: 14 to 15 chapters per volume, chapter introductions, headnotes, and suggested readings. New! In Chapter 1, an exclusive essay by Kate Haulman examines the evolution of the field of women's history and the state of women's history today. New! Chapter 2 now focuses on Native American women, while a new Chapter 3 covers witches and their accusers in New England and the Salem witch trials. New! Chapter 6 draws on recent scholarship on the roles of ordinary and elite women in the numerous reform movements of the Early Republic. Revised! Chapter 7 rethinks and refocuses the text's coverage of women's roles in slavery and the Civil War, and more directly addresses the lives of African American women during and after slavery. New! Post-1960 coverage (in Chapters 15-16) has been thoroughly revised to highlight the women's movement, women's health, recent immigration, and economic changes affecting women.

**Thunder from the Right** Matthew L Harris, 2019-03-02 Ezra Taft Benson's ultra-conservative vision made him one of the most polarizing leaders in the history of the Church of Jesus Christ of Latter-day Saints. His willingness to mix religion with extreme right-wing politics troubled many. Yet his fierce defense of the traditional family, unabashed love of country, and deep knowledge of the faith endeared him to millions. In *Thunder from the Right*, a group of veteran Mormon scholars probe aspects of Benson's extraordinary life. Topics include: how Benson's views influenced his actions as Secretary of Agriculture in the Eisenhower Administration; his dedication to the conservative movement, from alliances with Barry Goldwater and the John Birch Society to his condemnation of the civil rights movement as a communist front; how his concept of the principle of free agency became central to Mormon theology; his advocacy of traditional gender roles as a

counterbalance to liberalism; and the events and implications of Benson's term as Church president. Contributors: Gary James Bergera, Matthew Bowman, Newell G. Bringhurst, Brian Q. Cannon, Robert A. Goldberg, Matthew L. Harris, J. B. Haws, and Andrea G. Radke-Moss

**Protestants Abroad** David A. Hollinger, 2019-06-11 Between the 1890s and the Vietnam era, many thousands of American Protestant missionaries were sent to live throughout the non-European world. They expected to change the people they encountered, but those foreign people ended up transforming the missionaries. Their experience abroad made many of these missionaries and their children critical of racism, imperialism, and religious orthodoxy. When they returned home, they brought new liberal values back to their own society. *Protestants Abroad* reveals the untold story of how these missionary-connected individuals left an enduring mark on American public life as writers, diplomats, academics, church officials, publishers, foundation executives, and social activists. --

**The Religious History of American Women** Catherine A. Brekus, 2009-11-13 More than a generation after the rise of women's history alongside the feminist movement, it is still difficult, observes Catherine Brekus, to locate women in histories of American religion. Mary Dyer, a Quaker who was hanged for heresy; Lizzie Robinson, a former slave and laundress who sold Bibles door to door; Sally Priesand, a Reform rabbi; Estela Ruiz, who saw a vision of the Virgin Mary--how do these women's stories change our understanding of American religious history and American women's history? In this provocative collection of twelve essays, contributors explore how considering the religious history of American women can transform our dominant historical narratives. Covering a variety of topics--including Mormonism, the women's rights movement, Judaism, witchcraft trials, the civil rights movement, Catholicism, everyday religious life, Puritanism, African American women's activism, and the Enlightenment--the volume enhances our understanding of both religious history and women's history. Taken together, these essays sound the call for a new, more inclusive history. Contributors: Ann Braude, Harvard Divinity School Catherine A. Brekus, University of Chicago Divinity School Anthea D. Butler, University of Rochester Emily Clark, Tulane University Kathleen Sprows Cummings, University of Notre Dame Amy Koehlinger, Florida State University Janet Moore Lindman, Rowan University Susanna Morrill, Lewis and Clark College Kristy Nabhan-Warren, Augustana College Pamela S. Nadell, American University Elizabeth Reis, University of Oregon Marilyn J. Westerkamp, University of California, Santa Cruz

**No Small Courage** Nancy F. Cott, 2004-04-08 Enriched by the wealth of new research into women's history, *No Small Courage* offers a lively chronicle of American experience, charting women's lives and experiences with fascinating immediacy from the precolonial era to the present. Individual stories and primary sources--including letters, diaries, and news reports--animate this history of the domestic, professional, and political efforts of American women. John Demos begins the book with a discussion of Native American women confronting colonization. Leading historians illuminate subsequent eras of social and

political change-including Jane Kamensky on women's lives in the colonial period, Karen Manners Smith on the rising tide of political activity by women in the Progressive Era, Sarah Jane Deutsch on the transition of 1920s optimism to the harsh realities of the Great Depression, Elaine Tyler May on the challenges to a gender-defined social order encouraged by World War II, and William H. Chafe on the women's movement and the struggle for political equality since the 1960s. The authors vividly relate such events as Anne Hutchinson's struggle for religious expression in Puritan Massachusetts, former slave Harriet Tubman's perilous efforts to free others in captivity, Rosa Parks's resistance to segregation in the South, and newfound opportunities for professional and personal self-determination available as a result of decades of protest. Dozens of archival illustrations add to the human dimensions of the authoritative text. *No Small Courage* dynamically captures the variety and significance of American women's experience, demonstrating that the history of our nation cannot be fully understood without focusing on changes in women's lives.

Major Problems in the History of World War II Mark A. Stoler, Melanie S. Gustafson, 2003 This text presents a carefully selected group of readings that allow students to evaluate primary sources, test the interpretations of distinguished historians, and draw their own conclusions. The volume covers World War II from the homefront and the battlefield, examining both the military and social impact of the war.

**Doing Women's History in Public** Heather Huyck, 2020-04-05 A complete guide to interpreting women's history. Women's history is everywhere, not only in historic house museums named for women but also in homes named for famous men, museums of every conceivable kind, forts and battlefields, even ships, mines, and in buckets. Women's history while present at every museum and historic site remains less fully interpreted in spite of decades of vibrant and expansive scholarship. *Doing Women's History in Public: A Handbook for Interpretation at Museums and Historic Sites* connects that scholarship with the tangible resources and the sensuality that form museums and historic sites-- the objects, architecture and landscapes-- in ways that encourage visitor fascination and understanding and center interpretation on the women active in them. With numerous examples that focus on all women and girls, it appropriately includes everyone, for women intersect

with every other human group. This book provides arguments, sources (written, oral, and visual), and tools for finding women's history, preserving it, and interpreting it with the public. It uses the framework of Significance (importance), Knowledge Base (research in primary, secondary, and tertiary sources), and Tangible Resources (the preserved physical embodiment of history in objects, architecture, and landscapes). Discusses traditional and technology-assisted interpretation and provides Tools to implement Doing Women's History in Public. Using a hospitality model, museums and historic sites are the locales where we assemble, learn from each other, and take our insights into a more gender-shared future.
