La Santa Muerte in Mexico Wil G. Pansters,2019-09-01 For over a decade the cult of La Santa Muerte has grown rapidly in Mexico and the United States. Thousands of people—ranging from drug runners and mothers to cabdrivers, soldiers, police, and prison inmates—invoke the protection of La Santa Muerte. Devotees seek her protection through practicing popular vows, attending public rosaries and masses at street altars, and constructing and maintaining home altars. This book examines La Santa Muerte's role in people's daily lives and explores how popular religious practices of worship and devotion developed around a figure often associated with illicit activities. She represents life with the possibility of respite but without ultimate redemption, and she speaks to the complexities of lives lived at the fringes of violence,

insecurity, impunity, and economic hardship. The essays collected here move beyond the visually arresting sight of La Santa Muerte as a tattoo or figurine, suggesting that she represents a major movement in Mexico.

Love in the Drug War Sarah Luna, 2020-04-14 2020 — Ruth Benedict Prize - Association for Queer Anthropology, American Anthropological Association 2020 — Gloria E. Anzaldúa Book Prize - National Women's Studies Association 2020 — Honorable Mention, Sara A. Whaley Book Prize 2021 — Best Book in Social Sciences - Mexico Section, Latin American Studies Association (LASA) Sex, drugs, religion, and love are potent combinations in la zona, a regulated prostitution zone in the city of Reynosa, across the border from Hidalgo, Texas. During the years 2008 and 2009, a time of intense drug violence, Sarah Luna met and built relationships with two kinds of migrants, women who moved from rural Mexico to Reynosa to become sex workers and American missionaries who moved from the United States to forge a fellowship with those workers. Luna examines the entanglements, both intimate and financial, that define their lives. Using the concept of obligar, she delves into the connections that tie sex workers to their families, their clients, their pimps, the missionaries, and the drug dealers—and to the guilt, power, and comfort of faith. Love in the Drug War scrutinizes not only la zona and the people who work to survive there, but also Reynosa itself—including the influences of the United States—adding nuance and new understanding to the current Mexico-US border crisis.

Crossing the Line (Border Town #1) Malín Alegría, 2012-05-01 In Dos Rios, Texas, life is all about borders -- and what happens when you cross the line. Nothing is simple in a border town like Dos Rios, in the Rio Grande Valley of Texas. Even for high school students Fabiola Garza and her younger sister Alexis, whose parents run a local Tex-Mex restaurant, Dos Rios is full of borders -- where you should go, who your friends should be, which boy you should date. Dos Rios is also full of opportunities, but it's a town divided, between the haves and the have-nots, the Whites and the Mexicans-Americans, the Texans and the Mexicans, the legal and illegal. But through it all, the Garza sisters have each other. Water can be crossed, but blood is the ultimate borderline -- no matter what.

The Interior Circuit Francisco Goldman, 2014-07-02 The Pulitzer Prize-finalist shares an intimate memoir of grieving his lost wife—and confronting the troubled Mexican city where she grew up. Five years after his wife's untimely death, Francisco Goldman decided to overcome his fear of driving in Mexico City. The widower and award-winning writer wanted to fully embrace his late wife's childhood home and the city that came to mean so much to them. In *The Interior Circuit*, Goldman chronicles his personal and political awakening to the nuances of this unique city as he learns to navigate the "circuito interior," its crisscrossing network of highway-like roads. Many regard Mexico's capital—then known as the "DF" or Distrito Federal—as a haven from the social ills that plague the rest of the country. Goldman's account reveals a more complicated truth as he explores the effects of Mexico's raging narco war, the resurgence of the Institutional Revolutionary Party (the PRI), and new eruptions of organized crime-related violence. Part travelogue, part memoir, and part political reportage, *The Interior Circuit* "is so sneakily brilliant it's hard to put into words. . . . It is also, in the finest sense, a book that creates its own form" (Los Angeles Times).

The Social Life of Prayer Andreas Bandak, 2021-03-09 This book brings the theme of prayer into anthropological discussion. Across diverse significant ethnographic case studies, five anthropologists attend to prayers and how they are performed and seen to intervene in the social world. The studies include Pentecostals in Zambia, Charismatic Christians in Ghana, Protestants in Scotland, Eastern Orthodox Christians in Romania, and Catholics in Syria. Across these ethnographic cases, the book argues that focusing on the social life of prayer offers a significant way to engage with matters close to people. Prayers are a way to map affect and the affective relationships people hold in what they are oriented towards and care about. Taking its cue from Marcel Mauss, the book invites us to go beyond the individual and see how prayers always point to a broader social landscape of obligation and affective investment. Focusing on the social life of prayers, the book posits, accordingly entices a particular form of situated comparison of diverse Christian traditions that pushes the scholarly

conversation on Christianity to consider central questions of agency, responsibility and subjectivity. Taking up prayer as the object of study, this book offers novel anthropological perspectives on Christian life and practice. The chapters in this book were originally published a special issue of Religion.

The Coffiner of Escondido Kirk Cummins, 2024-04-24 The Coffiner of Escondido The Coffiner of Escondido is an enchanting narrative following the life of Lourdes Pena, a gifted artisan and clairvoyant residing on the outskirts of a devout village in nineteenth-century Mexico. Lourdes possesses a unique skill--crafting intricate coffins adorned with scenes shown to her by the spirits surrounding her. Her creative process fuses Italian Renaissance art's elegance with Mexican folk art's soulful vibrancy, resulting in coffins that transcend mere functionality. Yet Lourdes's journey is anything but ordinary. As a woman with unconventional talents, she grapples with isolation and prejudice in her tight-knit community. Her only companions are her devoted mother, a loyal dog, and an ardent suitor. When the local padre takes a keen interest in her, admiration blends with moral scrutiny, casting a complex shadow over her already challenging existence. The Coffiner of Escondido masterfully weaves a captivating tapestry of creativity, spirituality, and indomitable strength. Lourdes's tale is a timeless exploration of the human spirit's resilience against societal norms and marginalization. Cummins skillfully merges historical authenticity with engaging prose, inviting readers to experience a world where art becomes a conduit for deeper connections and personal empowerment. Lourdes Pena's journey is an inspiring reminder that the human spirit can flourish even in the face of adversity, leaving an indelible mark on our histories and our hearts. 76

Zero Saints Gabino Iglesias, 2024-07-23 The first novel from one of the most electrifying voices in contemporary crime fiction, Gabino Iglesias, follows Fernando, a drug dealer and enforcer living in Austin whose life takes a lethal turn when an unknown gang with seemingly supernatural abilities arrives on his turf. Enforcer and drug dealer Fernando has seen better days. On his way home from work, some heavily-tattooed gangsters throw him in the back of a car and take him to an abandoned house, where they saw off his friend's head and feed the kid's fingers to...something. Their message is clear: this is their territory, now. But Fernando isn't put down that easily. Using the assistance of a Santeria priestess, an insane Puerto Rican pop sensation, a very human dog, and a Russian hitman, he'll build the courage (and firepower) he'll need to fight a gangbanger who's a bit more than human.

The Little Old Lady Killer Susana Vargas Cervantes, 2017-04-25 The surprising true story of Mexico's hunt, arrest, and conviction of its first female serial killer For three years, amid widespread public outrage, police in Mexico City struggled to uncover the identity of the killer responsible for the ghastly deaths of forty elderly women, many of whom had been strangled in their homes with a stethoscope by someone posing as a government nurse. When Juana Barraza Samperio, a female professional wrestler known as la Dama del Silencio (the Lady of Silence), was arrested—and eventually sentenced to 759 years in prison—for her crimes as the Mataviejitas (the little old lady killer), her case disrupted traditional narratives about

gender, criminality, and victimhood in the popular and criminological imagination. Marshaling ten years of research, and one of the only interviews that Juana Barraza Samperio has given while in prison, Susana Vargas Cervantes deconstructs this uniquely provocative story. She focuses, in particular, on the complex, gendered aspects of the case, asking: Who is a killer? Barraza—with her “manly” features and strength, her career as a masked wrestler in lucha libre, and her violent crimes—is presented, here, as a study in gender deviance, a disruption of what scholars call *mexicanidad*, or the masculine notion of what it means to be Mexican. Cervantes also challenges our conception of victimhood—specifically, who “counts” as a victim. The Little Old Lady Killer presents a fascinating analysis of what serial killing—often considered “killing for the pleasure of killing”—represents to us.
