Legacy Tom Sniegowski,2009-10-13 What if your deadbeat dad was a superhero? What if you found out your deadbeat father is a superhero? Would you leave your small-town life to take up the mantle of a father you never knew? For 18-year-old Lucas, the choice is an easy one: he's not going to leave behind his mother and his comfortable life for a father who's never shown any interest in him. But his father—known officially as billionaire Clayton Hartwell, and secretly as the vigilante superhero The Raptor—tells Lucas that as he is dying, evil is growing, and the world needs Lucas to become the new Raptor. When Lucas's mother is killed by mysterious warriors, he realizes that his father is right. Once in Seraph City, Lucas is stunned by the amount of poverty and crime. But after observing his father's "heroic" behavior up close, Lucas is left wondering about the line between good and evil. And eventually, he must decide whether to take a stand against the one man who loves him in order to defend a world that desperately needs him.

Tensions run hot in the summer heat as Josh's work puts everyone he cares about at risk, and Maddie's research into the museum collection raises questions better left buried. New York Crosswords Cathy Allis,The Editors of New York Magazine,2019-06-04 From New York magazine, a spiral-bound collection of fifty recently published crosswords—plus a bonus one created by beloved American composer Stephen Sondheim, the magazine's original puzzle constructor, for its first issue in 1968. Every year, millions of people attempt to complete a crossword puzzle, whether in print or online. Recent studies have even shown that the actual number is growing, owing to a rising public desire for less screen time and more activities that keep brains active. A number of research trials have found that regular crossword activity is among the most effective ways to preserve memory and cognitive function, and a recent trial from the NIH found that these benefits can last as long as ten years. For fifty years, New York magazine has published some of the most entertaining, addictive crossword puzzles in America. This spiral-bound book collects fifty New York puzzles by master puzzle creator Cathy Allis; adds a classic from the New York archives, created by Stephen Sondheim in 1968; and puts them together with a covered spiral binding for easy, stay-flat solving and portability.

Do Birds Have Knees? Stephen Moss,2016-05-19 This RSPB-endorsed book answers all those burning questions about birds that beginners and experts alike may ask themselves as they go about their birding. How do ducks keep their feet from freezing in winter? Why don't swallows stay in Africa? Are birds really dinosaurs, or were dinosaurs really birds? And do birds have knees? Taking a 'questions and answers' approach, each specific question leads to an answer which expands the theme under discussion, so that all aspects of bird life and the hobby of birding are covered. The scientifically rigorous

answers together form an impressive and fascinating body of bird-related information. This highly readable book will intrigue anyone with an interest in birds.

The Cruel Stars John Birmingham, 2019-08-20 In this epic sci-fi adventure for fans of *The Expanse* and *Battlestar Galactica*, five intrepid heroes must unite to save civilization after a long-dormant enemy awakens and strikes a devastating blow “This jarring, engrossing story of a species-wide fight for survival is recommended for all science fiction readers.”—*Publishers Weekly* (starred review) The galaxy was once terrorized by the Sturm, a group of “species purists” intent on destroying any human with genetic or cybernetic enhancements. Fashioning themselves as the one true “Human Republic,” the Sturm cut a bloody swath across the stars, killing billions before finally being defeated and driven into the far reaches of Dark Space. Centuries of peace bred complacency. Everyone believed the Sturm had died out in the Dark. They were wrong. The enemy has returned and, with a brutal and decisive attack, knocks out almost all of humanity’s defenses. Now on the brink of annihilation, humankind’s only hope is a few brave souls who survived the initial attack: Commander Lucinda Hardy, thrust into uncertain command of the Royal Armadalen Navy’s only surviving warship. Booker3, a soldier of Earth, sentenced to die for treason, whose time on death row is cut short when the Sturm attack his prison compound. Princess Alessia, a young royal of the Montanblanc Corporation, forced to flee when her home planet is overrun and her entire family executed. Sephina L’trel, the leader of an outlaw band who must call on all of her criminal skills to resist the invasion. And, finally, Admiral Frazer McLennan, the infamous hero of the first war with the Sturm hundreds of years ago, who hopes to rout his old foes once and for all—or die trying. These five flawed, reluctant heroes must band together to prevail against a relentless enemy and near-impossible odds. For if they fail, the future itself is doomed. “Frenetic action viewed in a black fun-house mirror.”—*Kirkus Reviews*
