Letters of St. Therese of Lisieux, Volume I St. Therese of Lisieux, 2014-07-07 Letter writing at the end of the nineteenth century was an important activity for the people of France. Those who received letters from family and friends alike usually kept the hand-written texts sent to them as precious gifts. That is why this collection of letters by and to one of the greatest saints of modern times is so interesting to us today. No mere notes slapped together in distracted haste, the missives found in this volume reveal communications of warm personal sentiment along with expressions of lively spiritual development. Thérèse's efforts as a fifteen-year-old to enter Carmel before reaching the required age appear in revealing detail. This tortuous course of a very subtle diplomacy is set out not only by the letters of Thérèse herself, but also by those of so many others who shared her hopes and eventual victory. The translator-editor gives us 75 pages of introductory remarks to Thérèse's letters. This volume also includes 4 pages of facsimiles of Thérèse's letters.

The Century Club Peabod, 2010-03-10 The Century Club is written for anyone and everyone who possesses a passion for travel. It is the story of my personal goal to journey to 100 countries or more and to tell stories about people and places along the way. Others have accomplished the task before, and some have even gone far beyond the magic number of 100. The goal of this book is to share the magic of travel with those who have a similar fervor for discovery, and to establish a challenge to anyone else who might want to try it for themselves. Some people may have already achieved a personal membership into The Century Club and don't even know it. Perhaps a few may be close and only need a handful more countries to succeed themselves. If so, then perhaps this book will create awareness so that you, too, can pursue the dream. For those who have surpassed 100 countries and continue to see the world, this book is a tribute to your accomplishment by telling some of my personal stories and adventures that have made the effort so rewarding and all encompassing for me. The Century Club is

about more than mere destinations. It is about understanding other cultures and getting in touch with ourselves at the same time. It is about growth and personal knowledge. And it is about a thirst to see as much of our planet as possible in order to have a greater sense of the role we play as humans during our all too brief visit here on Earth.

Eat, Cook, Grow Jaz Hee-Jeong Choi,Marcus Foth,Greg Hearn,2014-04-11 Tools, interfaces, methods, and practices that

can help bring about a healthy, socially inclusive, and sustainable food future. Our contemporary concerns about food range from food security to agricultural sustainability to getting dinner on the table for family and friends. This book investigates food issues as they intersect with participatory Internet culture—blogs, wikis, online photo- and video-sharing platforms, and social networks—in efforts to bring about a healthy, socially inclusive, and sustainable food future. Focusing on our urban environments provisioned with digital and network capacities, and drawing on such “bottom-up” sociotechnical trends as DIY and open source, the chapters describe engagements with food and technology that engender (re-)creative interactions. In the first section, “Eat,” contributors discuss technology-aided approaches to sustainable dining, including digital communication between farmers and urban consumers and a “telematic” dinner party at which guests are present electronically. The chapters in “Cook” describe, among other things, “smart” chopping boards that encourage mindful eating and a website that supports urban wild fruit foraging. Finally, “Grow” connects human-computer interaction with achieving a secure, safe, and ethical food supply, offering chapters on the use of interactive technologies in urban agriculture, efforts to trace the provenance of food with a “Fair Tracing” tool, and other projects. It Wasn't All for Nothing Bill Hill, 2023-06-13 Jump aboard this emotional roller-coaster ride through a painful past. A life full of suffering, rejection, loneliness, hatred, and heartbreaking memories of the author and his three sisters. The ways in which they were traumatized, abandoned, and made to fend for themselves. The author's experience of dealing with an

alcoholic mother, being bullied, and turning to drugs, alcohol, and violence to cope with harsh reality. He shares his experiences of going in and out of jail and the hospital due to street fighting. He describes the joy of having a son and the pain of losing his mother, getting married, having a daughter, and being cast in the overwhelming role of being a parent without any experience of knowing what a normal family looks like. He shares with you the things that led him to God and how he experienced true healing. His hope is for others to find peace with their painful past too. God is your heavenly Father and will forgive you of your sin, but there are consequences; he will discipline his children. The author found this out the hard way when he wrote this book, facing ninety-one years in prison.
