Summary of The Daily Stoic Alexander Cooper, 2021-10-31 Summary of *The Daily Stoic* - 366 Meditations on Wisdom, Perseverance, and the Art of Living - A Comprehensive Summary How Is *The Daily Stoic* Arranged? As the subtitle suggests, the book provides 366 Meditations on Wisdom, Persistence, and the Art of Living. These daily meditations are Stoic quotes translated by Stephen Hanselman, one for each day of the year, combined with Ryan Holiday's thoughts. The design is associated with the Stoic exercises in the three critical disciplines: • The Discipline of Perception: how we see and see the world around us. • The Discipline of Action: the decisions and actions that we take, and to what end. • The Discipline of Will: How we deal with circumstances that we cannot alter, obtain a strong and persuasive judgment, and come to a true understanding of our position in the universe. We can find clarity by controlling our perceptions. We will be successful in directing our acts properly and equally. Through using and aligning our will, we will find wisdom and insight to deal with everything the universe brings before us. Ryan Holiday devoted four months to each discipline, all of which have a particular stoic character to cultivate in our own lives. In this summary, you will find the most interesting ideas for each month. Let's dig in. Here is a Preview of What You Will Get: □ A Full Book Summary □ An Analysis □ Fun quizzes □ Quiz Answers □ Etc. Being Better Kai Whiting, Leonidas Konstantakos, 2021-04-06 Practical answers to the urgent moral questions of our time from the ancient philosophy of Stoicism Twenty-three centuries ago, in a marketplace in Athens, Zeno of Citium, the founder of Stoicism, built his philosophy on powerful ideas that still resonate today: all human beings can become citizens of the world, regardless of their nationality, gender, or social class; happiness comes from living in harmony with nature; and, most important, humans always have the freedom to choose their attitude, even when they cannot control external circumstances. In our age of political polarization and environmental destruction, Stoicism’s empowering message has taken on new relevance. In Being Better, Kai Whiting and Leonidas Konstantakos apply Stoic principles to contemporary issues such as social justice, climate breakdown, and the excesses of global capitalism. They show that Stoicism is not an ivory-tower philosophy or a collection of Silicon Valley life hacks but a vital way of life that helps us live simply, improve our communities, and find peace in a turbulent world.
