Drawing on numerous, previously unavailable first-person accounts, including Jack Molinas’s own journal and trial transcripts, Rosen presents the true saga of a man who perhaps better than anyone around him understood the weaknesses of the system in which he lived—so much so that he convinced himself that he could manipulate that system to his advantage with total impunity, in a life’s journey that took him from NBA play to the Mafia and the pornographic film industry, and to an ultimate tragic destiny.

You can thank John Montagu, the Fourth Earl of Sandwich, for its invention, though he probably wasn't the first guy to put stuff between two pieces of bread. No matter who created it, the sandwich is still the king of food in America. We eat more than 45 billion sandwiches per year, with the average person consuming 193 sandwiches annually! That's a lot of mustard! From Po'Boys to Lobster Rolls, Buffalo Burgers to Muffalettas, Becky Mercuri has a recipe for every sandwich imaginable, and a location in each region where you can find the real thing. Or, fix up a mess of your favorite regional sammies without ever leaving the comfort of your own kitchen! Learn about the history of the sandwich, the birth of Wonder Bread, the influence of immigrant flavors and foods, and the origins of each unique regional specialty sandwich in this affordable little American culinary road trip.

**Fork on the Road** Mark Decarlo, 2010-09-01 A seasoned comedian's love letter to America's food curiosities— the

regional cuisines, the culinary oddities, the weird and the wonderful “Mark DeCarlo is a [modern-day] Groucho Marx.” —PEOPLE Whether it be fish ice cream, kudzu tempura, or even sausage, Mark DeCarlo always wonders, “Who the hell thought to eat this stuff the first time?” We find out in this hilarious celebration of the genesis of America’s most creative and idiosyncratic food traditions, and the people who keep these food traditions alive. Join the master comedian on his journey across the United States to visit these people and their foods in their natural habitats—places like the French Quarter of New Orleans, lush Maui resorts, and the Annual Road Kill Cook-off Festival in West Virginia. From the obvious and beloved (Buffalo wings, Boston clam chowder, hush puppies, and strawberry shortcake) to the bizarre and, well, beloved by some (Rocky Mountain oysters, fried rattlesnake, scrapple, and deep fried Twinkies), DeCarlo takes readers on a rollicking tour of the people and places behind America’s greatest food inventions. Each chapter features the story behind a particular food (moosehead soup, anyone?) and the people who love it. Signature recipes, snapshot photos from the road, along with “Road Rules” on how to discover the real America all spice up the travelogue. It’s a love letter to America’s culinary curiosities, providing armchair travelers with a tour of the wackiest and kitschiest food festivals, delicacies, and people this country has to offer. FROM THE AUTHOR’S FOREWORD Consider the oyster. Unopened, dirty, and habitually covered with muddy, green crap. If you didn’t know that it was hollow and contained a tasty glob of salty protein, would you ever guess that this rock was edible? Well . . . somebody did. Deep in the recesses of time, some caveman or beach-dwelling ape not only discovered that oysters aren’t rocks . . . but that they’re tasty—as long as you’ve got Tabasco and a date for the night. But for every ‘oyster,’ success story, there are thousands of casualties that will forever remain unknown. History is written by the survivors. *A Fork on the Road* celebrates those survivors and their progeny: It’s about the kinds of people who will spend 30% of their yearly salary building a BBQ Trailer with a homemade logo painted in flames on the side just to win a \$50 contest 500 miles from home. It’s about the third generation pie maker who is as dull as a hammer until the conversation comes around to “cracker” versus “pastry” shells. It’s about the millions of people around the country who call themselves ‘foodies’—as if the rest of us exist simply on air and water. . . .

**Eating Cuban** Beverly Cox, Martin Jacobs, 2016-12-20 James Beard Award-Winning Author: Savor a deliciously complex culinary culture with 120 recipes and gorgeous photos. Spanish, Native American, African, Chinese, and French traditions have all contributed to Cuban cooking, producing a distinctive Caribbean cuisine as richly chorded as the island’s music. Beverly Cox and Martin Jacobs’s itinerary takes them from the barrio, paladars (private restaurants), and chic nightspots of Havana to the eateries of Florida’s emigré communities. From their journeys, they’ve gathered more than 120 recipes that comprehensively document Cuban cooking’s diversity, from the black bean soup found on any Cuban table, to the empanadas sold by Havana’s street vendors, to the grilled sandwiches that are a mainstay of Miami’s Calle Ocho, to the innovative dishes devised by chefs at top Cuban restaurants. Gorgeously illustrated with Jacobs’s photographs —many shot on the authors’

travels through Cuba—Eating Cuban highlights Cuban food’s historical roots, the classic Creole dishes that evolved from these disparate cultural influences, current trends in Cuban cooking, street foods and on-the-go snacks, and quintessential Cuban beverages from café Cubano to the mojito. In addition, a valuable resource list helps American cooks locate the required ingredients, and a restaurant directory points the way to the very best in Cuban cuisine—in Cuba and the U.S.

**Ethnic American Food Today: A Cultural Encyclopedia** Lucy M. Long, 2015-07-17 Ethnic American Food Today introduces readers to the myriad ethnic food cultures in the U.S. today. Entries are organized alphabetically by nation and present the background and history of each food culture along with explorations of the place of that food in mainstream American society today. Many of the entries draw upon ethnographic research and personal experience, giving insights into the meanings of various ethnic food traditions as well as into what, how, and why people of different ethnicities are actually eating today. The entries look at foodways—the network of activities surrounding food itself—as well as the beliefs and aesthetics surrounding that food, and the changes that have occurred over time and place. They also address stereotypes of that food culture and the culture’s influence on American eating habits and menus, describing foodways practices in both private and public contexts, such as restaurants, groceries, social organizations, and the contemporary world of culinary arts. Recipes of representative or iconic dishes are included. This timely two-volume encyclopedia addresses the complexity—and richness—of both ethnicity and food in America today.
