

# Yanchep National Park Golf Course

## Western Australia. Department of Agriculture

The Birds in My Life Jim Schultz, 2025-04-01 Perth, the capital of Western Australia, is home to an astonishing diversity of bird life, thriving in one of the most pristine and ecologically rich landscapes in the world. Nestled between the Indian Ocean and vast inland wilderness, the city sits on Whadjuk Noongar land, where a deep connection to nature has existed for at least 45,000 years. Despite being a modern metropolis of 2.1 million residents, Perth remains one of the world's least densely populated cities, offering an extraordinary variety of bird habitats, from coastal shores and river wetlands to open woodlands and ancient forests. In The Birds in My Life: A serious bird lover's guide to birding in the Perth greater metro and beyond, author Jim Schultz takes readers on an unforgettable journey through the region's avian wonders. Over 190 bird species call this area home, including many Western Australian endemics, international migratory waders, and a surprising number of introduced species. This book unveils their hidden world, guiding you to more than 200 prime birdwatching locations throughout the Perth region and beyond. Whether you are an avid birder or a curious observer, you will discover where and when to find these incredible birds, along with expert photography tips to capture them in all their splendour.

**Magpies** Mary Brooks, 2015-05-04 Another entertaining selection of short stories by author Mary Brooks.

The Official Extreme Golf Manual Andrew Gellatly, 2005 Golfers often admit that the moment they grip a club in their hands, they lose all sense of rationality. For one thing, some golfers simply don't know when to stop playing--and you might see some of them trying to sink a putt on a busy city sidewalk. These golfers haven't gone totally insane; they've merely joined thousands like themselves who play the latest, coolest, variation on a famous old game. They're playing extreme golf. At last, aficionados of extreme golf have their very own how-to book: The Official Extreme Golf Manual. Here are ideas for playing a quick lunch-break round on the street outside the office . . . or on a ski slope during summer when it's too warm to ski . . . or on an ice pond when the regular golf course has closed for winter! Author Andrew Gellatly--with tongue only slightly in cheek--describes a variation called speed golf, gives advice on proper attire while playing extreme golf, and even offers information on participating in extreme golf competitions. Finally, he warns his readers about certain hazards often encountered by players of this unusual game, and devotes a full chapter titled First Aid for Extreme Golfers. Lovers of golf will love this book--even if they finally decide to stick with more orthodox versions of the game. Illustrations on most pages.

**Landscape**, 2003

Australia ,1987 You want to discover Australia. But how do you choose the best from the good, the bad or the average? Turn to Spiral Guide Australia. You'll find the very best of the country distilled into perfectly planned days. You'll also find the full, inside track on the unmissable hotspots -- what to see, how to see them and how to beat the crowds. Just open up, follow our advice and make your precious time go further. A great trip's about treating yourself too -- eating and drinking, shopping, entertainment. We've hired specialist writers to recommend the top places to go. And remember, travel is -- or at least should be -- about new experiences. That's why there's a magazine full of articles that get beneath the skin of the country.
