John S. Barnett

A New Heaven and a New Earth J. Richard Middleton, 2014-11-25 In recent years, more and more Christians have come to appreciate the Bible's teaching that the ultimate blessed hope for the believer is not an otherworldly heaven; instead, it is full-bodied participation in a new heaven and a new earth brought into fullness through the coming of God's kingdom. Drawing on the full sweep of the biblical narrative, J. Richard Middleton unpacks key Old Testament and New Testament texts to make a case for the new earth as the appropriate Christian hope. He suggests its ethical and ecclesial implications, exploring the difference a holistic eschatology can make for living in a broken world.

Remapping Energopolitics Abhisek Ghosal, 2024-06-17 Emerging concerns and contexts of geological thinking seek to bring out how energopolitical interventions into the geokinetic unfolding of the Earth assume new dimensions and directions, owing to the complex and evolving intersections between folds and fluxes of energy in the context of oceans. Written in negotiation with the notion of energopolitics articulated by Dominic Boyer, *Remapping Energopolitics* calls for ruling out any epistemic attempt to structure the rhizomatic movements of energy through the transformations of oceans. Aiming to delve deeper into the complex junctures among energy, ocean and earth(ing), epistemic ends of Blue Humanities are reworked with the help of geophilosophical reading of some Sri Lankan minor writings and in doing so, *Remapping Energopolitics* makes a series of attempts to reconceptualize energy thinking in line with the differential and deterritorial grammar of Deleuzo-Guattarian micropolitics, thereby offering a critique of the structured and stratified understandings of energy linkages.

Newearth A Hero's Crime A. K. Frailey, 2022-07-25 After *Last of Her Kind*, *Newearth* is a place to start over, offering the human race a second chance on Earth. This time, humans are in the minority and the Inter-Alien Alliance rules. Five alien races live and work together on the planet, but not everyone has humanity's best interests in mind. In the *Newearth* world, friendship and family are more than skin deep. A planet-eating monster is heading to *Newearth*, and Cerulean is determined to find the one person who can save the planet. Allies living at home, investigating a distant planet, and flying through the universe must coordinate their efforts to fight off hostile enemies. Can humans and aliens protect their own yet build a future together?

Square 1 Demetris Prewitt, 2023-03-10 Countless academic studies, Christian leaders, and personal experience show a

startling and disturbing fact about the church: most Christians do not understand their faith. Square 1: Bible Study for Christian Foundations explains clearly what the Bible teaches, why Christians believe it, and how to walk with Jesus. The book brings foundational biblical doctrine to life through plain language, thought-provoking images, and challenging application questions for group discussion. The purpose of the book is to provide a biblical foundation for the Christian faith, worldview, and lifestyle. So, what makes it different? • Everything starts with God's nature, character, and attributes • Its pages are visually stimulating with color imagery • The book does not begin assuming the reader has high biblical literacy or holds Christian worldview and is therefore, laced with Christian apologetics • Square 1 treats 21st century topics like identity, human rights, and sexuality as foundational for believers to understand their faith • The book tackles end-times and the new creation with unbelievable clarity Square 1 is a masterful blend of theological, philosophical, pastoral, apologetical, and biblical material. At the end of this study, the reader should be able to walk out the Christian life in the power of the Holy Spirit, in expectation of Christ's return, to the praise and glory of the Father. They will also be capable of understanding, explaining, and defending the central claims of Christianity, which is the good news of Jesus Christ. Square 1 is systematic theology for anybody.

Heaven Awaits Michael Youssef, 2024-05-07 Is There Something More Than This Life? This world is full of crises and conflicts, difficulties and troubles -- but this world will not last. No matter what your age is, your earthly life is slowly slipping away. This is why Jesus encourages us not to store treasures on this earth. In other words, invest in heaven. In *Heaven Awaits*, you will explore what the Bible says about heaven and begin to envision the wonders and glories that await you. Heaven is real. And throughout these pages, you will discover that your eternal home is far more real than your earthly experience right now. As such, you will be energized to live each day in light of that awe-inspiring reality. *Heaven Awaits* will serve as your eternal investment guide by helping you: Envision the 9 blessings of heaven—which include the joy of no longer experiencing any loss to the freedom from the pain of disillusionment; Explore the 8 facets of heaven—which includes the rest that you will experience to the abundant life that you are destined to possess; Discover the 10 benefits of heaven—which includes the loving family whose company you will enjoy for eternity and the meaning and purpose that you will experience forever. With this book, you can train your soul to anticipate what awaits you, as well as shape how you live right now.

The Layman's Guide To Rightly Dividing The Word of Truth Karry Easley, 2019-06-10 Inside this book are guidelines that I believe one must follow if they are to rightly understand God's Word. If we follow these guidelines, we will be able to know God's will and his truth. God does not intend for us to know everything in this life for faith is crucial to the Christian life, but that which He is willing to share is there inside His Word. However, one must know how to approach it. This book not only show you how to do this, but gives examples of it being applied. It also covers many biblical doctrines using this format to show how these doctrines must be understood.

The Miracles of Jesus Vern S. Poythress, 2015-11-17 Christians often view Jesus's miracles simply as proofs of his divinity. However, as prolific author Vern Poythress shows in this new book, they also serve as signs of redemption, foreshadowing the salvation that Christ accomplished through his cross and resurrection. This means that the stories of Jesus's miracles—like the calming of the storm or the feeding of the 5,000—are relevant for both Christians and non-Christians alike, clearly pointing to the gospel. After setting forth a framework for viewing all of Jesus's miracles through this lens, Poythress then reflects on the meaning and significance of 26 distinct miracles recorded in the Gospel of Matthew—helping modern readers understand and apply them to their own lives today.

Is God Still Coming? Shion Oconnor, 2022-07-19 There are worldwide concerns that the planet is on the brink of extinction, but just how close are we to the end? Is there a prophetic significance of Brexit for example? What about climate change? Since the earth was created thousands of years ago, why was there no concern of a global extinction before now? What is it about now, that worries climatologists and meteorologists, and for that matter, epidemiologists, and virologists? Is there a prophetic significance in the timing of the Covid19 pandemic, or the rise in global social unrests like BLM? Did the Bible prophets foresee the rise of Silicon Valley, the explosion of Artificial Intelligence or the break-neck speed in information technology? If so, what is their prophetic utility in decoding the timetable for the end? How does the combination of science and eschatology help us to appreciate our proximity to the brink? This shocking revelation answers the question, 'Is God Still Coming?'
