600 powerful quotes from top motivators Tony Robbins Zig Ziglar Robert Kiyosaki John C Maxwell Jim Rhon É to lift you up DOTCHAMOU ZAKARI,2018-07-30 Pity the man who inherits a million dollars and who isn't a millionaire. Here's what would be pitiful: If your income grew and you didn't. -- Jim Rohn Maturity is the ability to reap without apology and not complain when things don't go well. -- Jim Rohn If you depend on your company to take care of your retirement, your future income will be divided by five. Ego Vs. Soul in Sports Ken Reed,2016-09-09 Imagine. Imagine the world of sports without ego. No more trash talking, showboating, cheating, cheap shots, or running up the score. No more wackadoo parents and coaches ruining youth sports. No more prima donna athletes with an inflated view of their own importance. The win-at-all-costs mentality? Gone. The me-first athlete? History. Greedy owners that put their wallets ahead of what's best for the game? Bye-bye. As John Lennon once sang, Imagine . . . Sports have always brought out the best and worst in people. One of the compelling aspects of sports is that character is openly on display. Problem is, the ugly side of sports is getting way too loud these days. The ego in sports has run amok. And as the ego takes center stage, win-at-all-costs (WAAC) and profit-at-all-costs (PAAC) mentalities and behaviors begin to dominate. Things like sportsmanship start to take a backseat. Nevertheless, despite all the ego- and greed-based negativity in today's sports world, there are still some pearls out there, little stories in the back of the sports section that stir the soul. While too many sports center headlines bring forth feelings of shame, it's the snippets about obscure athletes that bless us with shining examples of the human spirit and give us reason for hope. This is a book of short essays about sport at its best and sport at its worst. Hopefully, the book is somewhat entertaining and, occasionally, even enlightening. Ultimately, however, the book's goal is to inspire those who love sports to find a way to make the sports world a better place to be. And that means a place with a lot less ego and a lot more soul. Because in the big picture, it really is about how you play the game.

Preaching from the Soul Dr. J. Ellsworth Kalas, 2010-09-01 Careful biblical interpretation; insights into contemporary life; polished delivery; humorous anecdotes; these are the building blocks of preaching that genuinely reach people. Right? Wrong, says Ellsworth Kalas. We have all encountered preachers who seem to know all the fine points of exegesis and inflection, yet whose sermons leave us surprisingly unmoved, aware that we were in the presence of good speaking, but not great preaching. The difference, Kalas reminds us, lies in that hard-to-describe, yet essential quality known as soul. Soul is the collection of those perspectives and convictions that matter most to the preacher. Soul preaching means offering one's particular ideas, attitudes, and convictions fully to the congregation. When one preaches with soul, one engages the biblical text with the core of one's values and beliefs. Soul preaching is, in other words, simply giving the whole self to the task of proclamation. While the concept may sound simple, the reality is anything but. In the clear, insightful style for which he is known, Kalas takes readers on a path of discovery, introducing them to the unique gifts that they can bring to preaching, and the best way to engage those gifts in preparing and delivering the sermon.

The Ecology of the Soul Aidan Walker Aidan Walker,2016-02-26 Power Seeds and Magic Minutes: the route to inner space. The Ecology of the Soul: A Manual of Peace, Power and Personal Growth for Real People in the Real World explains the seven powers of our own inner ecosystem, the Ecology of the Soul, and how to revive them to regain our natural, true state of peace, power and well-being. When the Ecology of the Soul is in balance, we live and thrive in this world, and create the new one, with grace, harmony and beauty. Each one of the seven powers, Nature, Creativity, Endurance, Love, Communication, Focus and Connection, generates seven separate meditations, which in turn create ‘Power Seeds’ of thought and mental habit. Plant one a day, and in a ‘Magic Minute’ , 60 powerful seconds of daily, active meditation, you achieve the balance, power and peace of Soul Consciousness. Warm, accessible, even humorous, the book acknowledges that we are all human and not everyone is able or willing to aim for the highest path of enlightenment. It gives practical methods by which anyone, at whatever level of commitment, can benefit.

Soul Searching : The Religious and Spiritual Lives of American Teenagers Christian Smith Dr William R Kenan Jr Professor of Sociology University of Notre Dame,Candidate University of North Carolina Melina Lundquist Denton Ph.D,

Chapel Hill USA,2005-01-25 In innumerable discussions and activities dedicated to better understanding and helping teenagers, one aspect of teenage life is curiously overlooked. Very few such efforts pay serious attention to the role of religion and spirituality in the lives of American adolescents. But many teenagers are very involved in religion. Surveys reveal that 35% attend religious services weekly and another 15% attend at least monthly. 60% say that religious faith is important in their lives. 40% report that they pray daily. 25% say that they have been born again. Teenagers feel good about the congregations they belong to. Some say that faith provides them with guidance and resources for knowing how to live well. What is going on in the religious and spiritual lives of American teenagers? What do they actually believe? What religious practices do they engage in? Do they expect to remain loyal to the faith of their parents? Or are they abandoning traditional religious institutions in search of a new, more authentic spirituality? This book attempts to answer these and related questions as definitively as possible. It reports the findings of The National Study of Youth and Religion, the largest and most detailed such study ever undertaken. The NYSR conducted a nationwide telephone survey of teens and significant caregivers, as well as nearly 300 in-depth face-to-face interviews with a sample of the population that was surveyed. The results show that religion and spirituality are indeed very significant in the lives of many American teenagers. Among many other discoveries, they find that teenagers are far more influenced by the religious beliefs and practices of their parents and caregivers than commonly thought. They refute the conventional wisdom that teens are spiritual but not religious. And they confirm that greater religiosity is significantly associated with more positive adolescent life outcomes. This eagerly-awaited volume not only provides an unprecedented understanding of adolescent religion and spirituality but, because teenagers serve as bellwethers for possible future trends, it affords an important and distinctive window through which to observe and assess the current state and future direction of American religion as a whole.
