**Cloud Empires** Vili Lehdonvirta, 2024-02-06 The rise of the platform economy into statelike dominance over the lives of entrepreneurs, users, and workers. The early Internet was a lawless place, populated by scam artists who made buying or selling anything online risky business. Then Amazon, eBay, Upwork, and Apple established secure digital platforms for selling physical goods, crowdsourcing labor, and downloading apps. These tech giants have gone on to rule the Internet like autocrats. How did this happen? How did users and workers become the hapless subjects of online economic empires? The Internet was supposed to liberate us from powerful institutions. In *Cloud Empires*, digital economy expert Vili Lehdonvirta explores the rise of the platform economy into statelike dominance over our lives and proposes a new way forward. Digital platforms create new marketplaces and prosperity on the Internet, Lehdonvirta explains, but they are ruled by Silicon Valley despots with little or no accountability. Neither workers nor users can “vote with their feet” and find another platform because in most cases there isn’t one. And yet using antitrust law and decentralization to rein in the big tech companies has proven difficult. Lehdonvirta tells the stories of pioneers who helped create—or resist—the new social order established by digital platform companies. The protagonists include the usual suspects—Amazon founder Jeff Bezos, Travis Kalanick of Uber, and Bitcoin’s inventor Satoshi Nakamoto—as well as Kristy Milland, labor organizer of Amazon’s Mechanical Turk, and GoFundMe, a crowdfunding platform that has emerged as an ersatz stand-in for the welfare state. Only if we understand digital platforms for what they are—institutions as powerful as the state—can we begin the work of democratizing them.

**Silk Road** Eileen Ormsby, 2014-11-01 It was the 'eBay of drugs', a billion dollar empire. Behind it was the FBI's Most Wanted Man, a mysterious crime czar dubbed 'Dread Pirate Roberts'. *SILK ROAD* lay at the heart of the 'Dark Web' - a parallel internet of porn, guns, assassins and drugs. Lots of drugs. With the click of a button LSD, heroin, meth, coke, any illegal drug imaginable, would wing its way by regular post from any dealer to any user in the world. How was this online drug cartel even possible? And who was the mastermind all its low roads led to? This is the incredible true story of Silk Road's rise and fall, told with unparalleled insight into the main players - including alleged founder and kingpin Dread Pirate Roberts himself - by lawyer and investigative journalist Eileen Ormsby. A stunning crime story with a truth that explodes off the page.

**A Home Built from Love and Loss** Sabrina McDonald, 2024-02-01 Grieving is part of every blended family. Sabrina and her new husband were both widowed when their families blended, so grieving was expected. They recognized the losses suffered in their families would take time to heal. What they have since learned is that every blended family experiences grieving--whether you are widowed or divorced. And the process usually takes longer than expected. Sabrina vulnerably shares her personal experiences and struggles, revealing her mistakes and fears that she had early on in her new marriage and with her new family. In *A Home Built from Love and Loss*, you'll learn to work through different parenting styles as a stepmother or stepfather; parent kids in different ages and stages of development (hormones, personalities, and power dynamics); compassionately address chaos and hurt feelings together and independently; deal with feelings of guilt; handle initial rejection from stepchildren; glean biblical wisdom on how to do life together with grace; connect better on an emotional level with your newly-formed family while keeping traditions that have grounded your family; and honor the bereaved or divorced spouse. For anyone facing the challenges of blended families, *A Home Built from Love and Loss* offers practical advice and spiritual guidance to find hope in the midst of grief.

**What's That From?** Jai Nanda, 2014-03-11 Do you know what films have given us the following quotes? What we have here is a failure to communicate. Excuse me while I whip this out. Would somebody get this walking carpet out of my way? I don't know why they call this stuff Hamburger Helper, it does just fine by itself. And how are you at movie trivia? In *The Blues Brothers* why are Jake and Elwood puttin' the band back together? In *Airplane!*, which dinner was poisoned: the fish or the chicken? True or False: Diane Keaton won the Academy Award for Best Actress for her performance in *Annie Hall*. For the movie buff and video hound, Jai Nanda's *What's that From?* provides hours of entertainment. You can test your knowledge with more than 1,000 quotes and questions from more than 250 contemporary films--from Academy Award winners to cult classics. Also included are bonus questions on actors and directors, special categories on individual actors, movies, and themes (Western, baseball, sequels), plus a section devoted exclusively to Academy Award-winning performances. It's all here in the ultimate tribute to the great movies of the seventies, eighties, and nineties from *National Lampoon's Animal House* to *When Harry Met Sally...* So the next time you hear someone say, *It's just a flesh wound*, you won't have to ask *What's that from?*

American Kingpin Nick Bilton, 2018-05-29 NEW YORK TIMES BESTSELLER. The unbelievable true story of the man who built a billion-dollar online drug empire from his bedroom—and almost got away with it In 2011, a twenty-six-year-old libertarian programmer named Ross Ulbricht launched the ultimate free market: the Silk Road, a clandestine Web site hosted on the Dark Web where anyone could trade anything—drugs, hacking software, forged passports, counterfeit cash, poisons—free of the government’s watchful eye. It wasn’t long before the media got wind of the new Web site where anyone—not just teenagers and weed dealers but terrorists and black hat hackers—could buy and sell contraband detection-free. Spurred by a public outcry, the federal government launched an epic two-year manhunt for the site’s elusive proprietor, with no leads, no witnesses, and no clear jurisdiction. All the investigators knew was that whoever was running the site called himself the Dread Pirate Roberts. The Silk Road quickly ballooned into \$1.2 billion enterprise, and Ross embraced his new role as kingpin. He enlisted a loyal crew of allies in high and low places, all as addicted to the danger and thrill of running an illegal marketplace as their customers were to the heroin they sold. Through his network he got wind of the target on his back and took drastic steps to protect himself—including ordering a hit on a former employee. As Ross made plans to disappear forever, the Feds raced against the clock to catch a man they weren’t sure even existed, searching for a needle in the haystack of the global Internet. Drawing on exclusive access to key players and two billion digital words and images Ross left behind, Vanity Fair correspondent and New York Times bestselling author Nick Bilton offers a tale filled with twists and turns, lucky breaks and unbelievable close calls. It’s a story of the boy next door’s ambition gone criminal, spurred on by the clash between the new world of libertarian-leaning, anonymous, decentralized Web advocates and the old world of government control, order, and the rule of law. Filled with unforgettable characters and capped by an astonishing climax, *American Kingpin* might be dismissed as too outrageous for fiction. But it’s all too real.

*Dragon Territory* Wayang Kulit, 2018-02-27 Chinese coolies dug for gold and built Darwin: they were rewarded with racism and exiled under the White Australia Policy. But some stayed and persevered. Their homes were looted and burned during World War 2. Again they rebuilt and became stronger. Today they are resurgent, this time with the support of the Celestial Kingdom; sovereign funds with Australia's richest miners have become the biggest landowners, buying the ports and subverting the politicians. The economy is in decline and business has no answers other than to increase exports of gas. The novice Government can't make a decision, calling for more reviews, more plans and further inquiries. The only solution is in the hands of the Vietnamese and the Chinese. But at what cost? The police are riven by scandal, the public service incompetent and the Government resembles a bunch of wallabies frozen in a spotlight. The neighbourhood remains the only bulwark against terrorism: can they save the Territory from the Dragon?

Some of the things you will learn: What it means to measure twice and cut once What to do when the roof comes crashing down How to ensure you're building on the right foundation How to focus so you hit the nails And much more! It's your life that's under construction. This book is the power tool you need! James Smith learned the lessons that he shares in this book by working with Richard, his stepfather, as a young man.
