The Wolf Tamers: How They Made the Strong Weak David Sinclair,2023-02-21 In the war of the wolves and the sheep, what if the sheep started winning? Are human wolves a keystone species of the human race? If they were hunted to extinction, leaving no one to winnow the mediocre mob, what would happen to humanity? The narrator in the movie Idiocracy was on point when he said, Evolution does not necessarily reward intelligence. With no natural predators to thin the herd, it began to simply reward those who reproduced the most, and left the intelligent to become an endangered species. The same is true of strength. Without the strong, the weak will reproduce more and more and eventually there will only be weakness, mediocrity, an inability - an impossibility - to achieve anything great and glorious. The strangest war is being fought. It's a war to destroy human intelligence and human strength. This war says that wolves must be exterminated or made into non-wolves, by taming them. And then they can become ... pets. You know, just like dogs. You put a collar on them. You put a leash on them. You take them for walks. You tickle their tummy. You make them perform tricks. You make them roll over and play dead. They are wholly dependent on you. They have separation anxiety when you're not there. They have to make the intelligent stupid. They have to make the strong weak. But they don't know what they're doing. The task is not to tame wolves. It's to make them smarter and stronger. It's to sublimate them. Without the wolves, there is only decadence and degeneration. Without the wolves to control mediocrity, mediocrity grows exponentially. Why did the Roman Empire fall? It was because all the Roman wolves had gone. Only mediocrities were left. They could do nothing to hold back the barbarian tide. Civilizations always end when the wolves vanish. New cultures begin when new wolves start a new lupine era, full of strength and vigor. Are you a lone wolf? Are you one of the wolf pack? Or are you part of the gang trying to tame all wolves? Do you want to see the empire fall? When it no longer has any strength left, when mediocrities are in charge of everything, then the end is certain. As Wilfred Owen said, What passing-bells for these who die as cattle? ... Was it for this the clay grew tall?

The Power Elite and Disparity in America K. R. Blawatt, 2022-08-03 This book identifies the cause for the great disparity and unrest in America today. The bottom tiers of the nation are suffering and barely able to subsist in a world of plenty. What caused this great unhappiness? The book reviews the nation's history from the happy days of the Sixties to the discontent of today, and finds that a shift in the flow of wealth was imposed by a handful of people, the power elite. There are two groups to these elite, those in the financial world who initiated the action, and those in the political arena, primarily Republicans who slowly redirected the flow of prosperity to the top tenth of one percent. In this, they were guided by the errant economic belief of Milton Friedman that promised wealth for all. However, change is urgently needed, and the book proposes a new direction, a correction that reverses what the power elite have done.

The Illuminati in Hollywood Mark Dice, 2016-02-25 The infamous Illuminati secret society represents the pinnacle of power in politics, banking, and the news media; but what about the entertainment industry? Do Hollywood's elite studios, producers, and celebrities have a secret agenda? Are they part of a covert conspiracy? Media analyst Mark Dice will show you exactly how Hollywood uses celebrities and entertainment as a powerful propaganda tool to shape our culture, attitudes, behaviors, and to promote corrupt government policies and programs. You will see how the CIA and the Pentagon work hand in hand with Hollywood to produce blockbuster movies and popular television shows crafted to paint positive portraits of war, Orwellian government surveillance, unconstitutional agendas, and more. You'll also learn the strange and secret spiritual beliefs of the stars that fuel their egos and appetites for fame and wealth, making them perfect puppets for the corporate controllers behind the scenes. And you will also discover the rare instances of anti-Illuminati celebrities who have dared to bite the hand that feeds them. Character Howard Beale once warned in the 1976 classic film *Network*, "This tube is the most awesome God-damned force in the whole godless world, and woe is us if it ever falls in to the hands of the wrong people," and unfortunately that is exactly what has happened.

Strange Tales from Virginia's Foothills to the Coast: The Richmond Vampire, the Witch of Pungo, the Dismal Swamp Monster & More Denver Michaels, 2023 The Old Dominion is filled with the unexplained... With a history stretching back to the 1607 Jamestown settlement, Virginia is rich in mystery. There are ghost towns, fake towns, a vampire in Richmond, a Bunnyman in Clifton and secret government sites all over. Colonists buried gold along the James River and Sir Francis Bacon's plan for a New Atlantis lies in a vault in Williamsburg. Fabled pirates Captain Kidd and Blackbeard stashed treasure along the Virginia coast. A ghost light appears at a railroad crossing near West Point and mysterious booms rattle

windows from central Virginia to the Eastern Shore. Cryptid creatures stalk the forests from Fairfax County to the Great Dismal Swamp. A devil monkey lurks in Goochland, Bigfoot roams Marine Corps Base Quantico, and a sea serpent swims through the Chesapeake Bay. Join Virginia native Denver Michaels as he explores these legends and many more.

Hustle Neil Patel, Patrick Vlaskovits, Jonas Koffler, 2016-09-13 A New York Times, Los Angeles Times, USA Today, and IndieBound bestseller that Fortune says is a must-read for any entrepreneur! The dynamic, game-changing guide to finding success and fearlessly outsmarting the system. Too often we feel like underdogs fighting a system that stacks the odds against us. We work hard, follow the rules, and dream of a better life. But these days, working harder doesn't always lead to fulfillment. In fact, according to Gallup research, nearly 90 percent of people feel disconnected from their jobs. So how do you break free from the drudgery and achieve more success on your own terms? You hustle. The secret lies in making manageable tweaks and placing small bets on pursuits that propel you from who you are today to the person you're destined to become. In *Hustle*, Neil Patel, Patrick Vlaskovits, and Jonas Koffler—three of the nation's top entrepreneurs and consultants—have teamed up to teach you how to look at work and life through a new lens—one based on discovering projects you enjoy and the people and opportunities that support your talents, growth, income, and happiness. The authors reveal their groundbreaking three-part framework of Heart, Head, and Habits. Along the way, you will learn to redefine hustle as the optimal path to success using powerful, often counterintuitive, advice, including: • Why you must own your dreams, not rent dreams from others • Ways to create your own luck and “POP” • How to betray yourself to stay true to yourself—and develop your potential • The four major career hustles and the path that's best for you More than just an inspirational career guide, *Hustle* aims to fundamentally transform the way you work and live, and give yourself permission to thrive in today's uncertain world.

The Bosses' Union Vilja Hulden, 2023-01-13 At the opening of the twentieth century, labor strife repeatedly racked the nation. Union organization and collective bargaining briefly looked like a promising avenue to stability. But both employers

and many middle-class observers remained wary of unions exercising independent power. Vilja Hulden reveals how this tension provided the opening for pro-business organizations to shift public attention from concerns about inequality and dangerous working conditions to a belief that unions trampled on an individual's right to work. Inventing the term closed shop, employers mounted what they called an open-shop campaign to undermine union demands that workers at unionized workplaces join the union. Employer organizations lobbied Congress to resist labor's proposals as tyrannical, brought court cases to taint labor's tactics as illegal, and influenced newspaper coverage of unions. While employers were not a monolith nor all-powerful, they generally agreed that unions were a nuisance. Employers successfully leveraged money and connections to create perceptions of organized labor that still echo in our discussions of worker rights.

Two Novellas Len Koepsell, 2025-03-21 Two life-affirming stories of ordinary people in extraordinary situations. The Golden Flyswatter takes us to a retro dive bar in Santa Monica, California, where young Natalie Schoenfeldt, an ingenue from Wisconsin, gets a job cocktailing. She soon realizes that the patrons are not who they seem, and Hollywood opportunities may not be either. The Walk of Washington takes us to present-day Philadelphia, where a young filmmaker is playing piano to pay the rent. When he meets an older gentleman who looks a lot like Benjamin Franklin, the most excellent adventure of his young adult life begins.

Financially Stupid People Are Everywhere Jason Kelly, 2010-06-08 A hard-hitting look at achieving financial freedom by avoiding excessive borrowing and spending. If you don't actively resist America's culture of debt, you'll end up precisely where the government, banks, and big business want you to be: indentured servitude. The mistakes people make with their money are basic, and avoidable, and unless you understand what they are, you're probably going to repeat them. What you need is someone who can shed light on the obstacles we face and show you how to avoid getting tripped up by them. Financially Stupid People Are Everywhere shows how society is rigged to take as much of your wealth as possible, and simple ways you can resist. It investigates, explains, and offers advice for all those who have fallen into debt, taken a second mortgage, been trapped by credit cards, or found themselves unable to get ahead. Discusses what you can do to stop the destructive cycle of borrowing and spending. Illustrates the four major tenets of getting money right. Highlights how to avoid the many ways that government, banks, and big business try to trap you with debt. To secure your financial future, you must break the dangerous cycle of borrowing and spending, and learn how to guard your wealth against corporate ploys. Financially Stupid People Are Everywhere leads you down the only proven path to financial freedom.

Who Murdered Diana? Stephen Ubaney, To write this book more than 3,900 hours of investigation went into examining new evidence to answer the following five questions: Who hated the Princess? Who wanted her dead? Why did they want her dead? Who cooperated in the coverup? and who profited from the murder? To answer those questions the book also solves these riddles (and many others). -Why did the American Secret Service have 1100 pages of transcription of Diana's phone

conversations? -Why did it take Diana's ambulance almost 2 hours to get her to a hospital 4 miles away? -Why did the French police gather eyewitness testimony to the crash and then discard it? -Why did they clean up the crash site so quickly after Diana was pronounced dead? -Why was Mercedes Benz blocked (by both governments) from inspecting the car for defects? -Why did the Mercedes kill its passengers at speeds lower than its crash test rating? -Why has no one investigated the concrete pillar to officially determine the angle of impact? -Who gave the order to break British law and wait from 1997 until 2007 to do an inquest? -Why were all of the traffic cameras in and around the tunnel turned off the night of the crash? If that wasn't enough to garner your interest in this book, ask yourself a simple, logical question. Have you ever been threatened for witnessing a car accident? To date, at least seven witnesses have either been assaulted or had had their lives threatened for witnessing Diana's fatal crash. Forget everything you have ever heard about Diana's death and prepare to be fascinated. This book will not disappoint you.

This book includes the final interview with the late Svetlana Gouzenko, who, along with her husband Igor, fled to Canada from the soviet Union in 1945. The information they brought with them revealed massive Soviet espionage in the West and helped trigger the Cold War. A few of Stephenson's former British Security Coordination (BSC) agents tell their story for the first time and the organization's major area of accomplishment - World War II communications (the genesis of the so-called Five Eyes agreement) - is explained. Meticulously researched and engagingly

written, *Intrepid's Last Secrets* presents a unique, fascinating, and ultimately deeply chilling take on modern history.

The Ownership Wars: Who Owns You? Joe Dixon, 2018-02-07 The world is ruled by the rich elite, the 1%, the Ownership Class. How do these people manage to make the 99% do their bidding? That is the greatest magic trick of all. The German philosopher Hegel gave the best explanation. When the 99% submit to the 1%, it's a reflection of what Hegel called the master-slave dialectic. Hegel imagined the occasion of the first encounter of two self-conscious beings. Given the savagery of Nature, he imagined they would engage in a struggle to the death. However, it would not play out all the way to the end ... one would submit to the other. The one who surrendered would become the slave of the other, who would be the master. The poor love being ruled by the rich. They believe the rich are on their side. They couldn't be more wrong. The only side the rich are on is their own. That's the First Law of the Human Race.

The Rugged Race of Life Mark Romel, 2018-03-07 It takes a fool to participate in a race which he is guaranteed to lose. The race of life is designed to ensure you fail ... unless you belong to the privileged elite. This is a race in which it is not the fastest runners who win, but those who, thanks to inheritance, are brazenly placed right in front of the finishing line. They could fall over and still win. It takes a fool to support this mad game, and that's exactly what the system produces: fools in their legions. They are the foot soldiers of the Dumbocracy, the Idiocracy, the Moronarchy. They are all slavish followers of Freedumb. The 1% have done an astounding job of controlling the 99% and making the masses serve them at all times. The 99% dream of being the 1%. That's the American Dream. Those who dream of being part of the rich elite will never revolt against the rich elite, even when that's the only way to free themselves. Herbert Marcuse wrote, At the highest stage of capitalism, the most necessary revolution appears as the most unlikely one.

The End of Reality Jonathan Taplin, 2023-09-05 An instant bestseller! A brilliant takedown and exposé of the great con job of the twenty-first century—the metaverse, crypto, space travel, transhumanism—being sold by four billionaires (Peter Thiel, Mark Zuckerberg, Marc Andreessen, Elon Musk), leading to the degeneration and bankruptcy of our society. At a time when the crises of income inequality, climate, and democracy are compounding to create epic wealth disparity and the prospect of a second American civil war, four billionaires are hyping schemes that are designed to divert our attention away from issues that really matter. Each scheme—the metaverse, cryptocurrency, space travel, and transhumanism—is an existential threat in moral, political, and economic terms. In *The End of Reality*, Jonathan Taplin provides perceptive insight into the personal backgrounds and cultural power of these billionaires—Peter Thiel, Elon Musk, Mark Zuckerberg, and Marc Andreessen (“The Four”)—and shows how their tech monopolies have brought middle-class wage stagnation, the hollowing out of many American towns, a radical increase in income inequality, and unbounded public acrimony. Meanwhile, the enormous amount of taxpayer money to be funneled into the dystopian ventures of The Four, the benefits of which will accrue to billionaires, exacerbate these disturbing trends. *The End of Reality* is both scathing critique and reform agenda

that replaces the warped worldview of The Four with a vision of regenerative economics that seeks to build a sustainable society with healthy growth and full employment.

Beyond Homo Sapiens Mariú Suárez,2011-05-31 Beyond Homo Sapiens - Enlightened Faith, is the last book of the Beyond Homo Sapiens trilogy. It concludes the series' mystical/political review of the historical events of the last 5,000 years with the struggle of progressive thinkers and activists to help people recognize their universality and achieve enlightenment during the last 140 years. The ongoing fight for human rights and social justice is a battle against the interests of the privileged few who work to stay in power by keeping the masses anchored in their automatic reactions of self-defense and in-fighting, immediate gratification and reproduction. Advances in human knowledge can lead us to our next phase of evolution, one that must be made consciously. Quantum physics has shown us that the wall of separation we perceive between everything that exists in the universe and therefore, between matter and energy, subject and object, is not really there. Matter is not solid and space is not empty. The same particles that make up a table are interwoven with the air around it and with the table's owner. Once all of humanity accepts this vision of matter as a single but multiform creative energy event, we can begin a new era and the possibility of enlightened faith.

Patriots Are Not Deplorable Here's Why... Terry Watto,2022-11-03 The original book story line intended to dispel comments made by Hillary Clinton during the election campaign when she said, Half of Trump supporters are deplorable...irredeemable. As the author researched material to refute Hillary's remarks, he discovered multiple examples of intentionally misleading statements by the United States government. Those misleading statements by both the government and the mainstream media in turn created false concepts that were force fed to the American public. The book concentrates on the big picture of four cataclysmic events: the murder of JFK, Benghazi, 9/11, and the alleged Russian Hoax. While researching those four diabolical events, amazingly the author discovered an even more sinister plan that could lead to the destruction of America as America exists today. Uncovering a smoking gun document, the author felt compelled to expose the awful truths every American must know. It is the author's hope this book will awaken and inspire Americans to engage politically to save the republic and the American Dream.

Compared to What? The Life and Times of a Detroit Musician Sally Sulfaro,2021-09-02 Dan's life story is a collage of sounds, people, and places that evoke tears, laughter, and nostalgia. Written with author Sally Sulfaro, this autobiography contains a music aficionado's perspectives on the art and the business as well as his thoughts on life, spirituality, and coping. Some perceive Dan as a sage, and he truly is—but those who know him well also realize that he's no saint. Herein you'll experience his unvarnished memoirs.

How to Avoid a Phd (Penalty for Hardworking Dummies): Wishing I Were an Autodidact Tamara I. Hammond,2022-11-13 This book is the result of decades-long academic research and 25 years of emergence in the myth of the American dream. In

reality, a small minority of ultra-rich corporations have complete control over the government and mercilessly exploit the majority of Americans. The author debunks the illusion of meritocracy, heavily promoted by ubiquitous propaganda. Through the mainstream media, PR, and academia, the legend is sold to the American people and the world as an equal opportunity for all. Packaged in glamorous fabricated stories, the myth is glorified by Hollywood and legitimized by multiple mainstream news channels that are owned by five companies, which control the narrative. At the same time, higher education is designed to enslave graduates with enormous debts in order to keep them obedient. In the complete absence of adequate opposition, these institutions create and maintain a plutocracy while purporting to represent freedom and democracy.

Google Leaks Zach Vorhies, Kent Heckenlively, 2021-08-03 A Story of Big Tech Censorship and Bias and the Fight to Save Our Country The madness of Google's attempt to mold our reality into a version dictated by their corporate values has never been portrayed better than in this chilling account by Google whistleblower, Zach Vorhies. As a senior engineer at Google, Zach watched in horror from the inside as the 2016 election of Donald Trump drove Google into a frenzy of censorship and political manipulation. The American ideal of an honest, hard-fought battle of ideas—when the contest is over, shaking hands and working together to solve problems—was replaced by a different, darker ethic alien to this country's history as wave after wave of censorship destroyed free speech and entire market sectors. Working with New York Times bestselling author Kent Heckenlively (*Plague of Corruption*), Vorhies and Heckenlively weave a tale of a tech industry once beloved by its central figure for its innovation and original thinking, turned into a terrifying “woke-church” of censorship and political intolerance. For Zach, an intuitive counter-thinker, brought up on the dystopian futures of George Orwell, Aldous Huxley, and Ray Bradbury, it was clear that Google was attempting nothing less than a seamless rewriting of the operating code of reality in which many would not be allowed to participate. Using Google's own internal search engine, Zach discovered their real AI-Censorship system called “Machine Learning Fairness,” which he claims is a merging of critical race theory and AI that was secretly released on their users of search, news and YouTube. He collected and released 950 pages of these documents to the Department of Justice and to the public in the summer of 2019 through Project Veritas with James O'Keefe, which quickly became their most popular whistleblower story, which started a trend of big whistleblowing. From Google re-writing their news algorithms to target Trump to using human tragedy emergencies to inject permanent blacklists, Zach and Kent provide a “you are there” perspective on how Google turned to the dark side to seize power. They finish by laying out a solution to fight censorship. Read this book if you care to know how Google tries to manipulate, censor, and downrank the voice of its users.
