Rosemary H. Balsam, Ruth S. Fischer

Mothers and Daughters Alice Hanna Deakins, Rebecca Bryant Lockridge, Helen M. Sterk, 2012 Family stories of the ties between mothers and daughters form the foundation of *Mothers and Daughters: Complicated Connections Across Cultures*. Nationally and internationally known feminist scholars frame, analyze, and explore mother-daughter bonds in this collection of essays. Cultures from around the world are mined for insights which reveal historical, generational, ethnic, political, religious, and social class differences. This book focuses on the tenacity of the connection between mothers and daughters, impediments to a strong connection, and practices of good communication. *Mothers and Daughters* will interest those studying communication, women's studies, psychology, sociology, anthropology, counseling, and cultural studies.

Communication Among Grandmothers, Mothers, and Adult Daughters Michelle A. Miller-Day, 2004-09-22 This volume examines communication processes within the grandmother-mother-daughter relationship, emphasizing an intergenerational perspective. Using observations of and extensive interviews with six sets of middle-income, Caucasian female family members, this book offers a heuristic account of intergenerational mother-daughter relational communication. Author Michelle Miller-Day integrates and juxtaposes alternative experiences of social interaction, situating readers in the world of grandmothers, mothers, adult daughters, and granddaughters as they experience, describe, and analyze their family communication. Miller-Day incorporates aged mothers and younger mid-life mothers and their adult daughters into the research to illustrate how this type of maternal relationship is experienced at different points in a woman's life. With the inclusion of three generations of women, Miller-Day offers multigenerational perspectives on family, and examines them for patterns of maternal interaction, providing symbolic links across generational boundaries. *Communication Among Grandmothers, Mothers, and Adult Daughters* enables readers to understand more completely the richly textured nature of maternal relationships. It will be an invaluable resource for scholars and researchers in the areas of communication and relationships, including family communication, intergenerational communication, women's studies, family studies, interpersonal communication, and relationships, as well as social workers, psychologists, and counselors, who strive to understand family communication processes and their dynamics across generational lines.

Ordinary Injustice Alfredo Mirandé, 2023-11-28 *Ordinary Injustice* is the unique and riveting story of a young Latino student, Juan Rulfo, with no previous criminal record involved in a domestic violence dispute that quickly morphs into a complex case with ten felonies, multiple enhancements, a “No Bail” order, and a potential life sentence without the possibility of parole. Building from author Alfredo Mirandé’s earlier work *Rascuache Lawyer*, the account is told by “The Professor,” who led a pro bono rascuache legal defense team comprising the professor, a retired prosecutor, and student interns, working without a budget, office, paralegals, investigators, or support staff. The book is a must-read for anyone interested in race, gender, and criminal injustice and will appeal not only to law scholars and social scientists but to lay readers interested in ethnographic field research, Latinx communities, and racial disparities in the legal system. The case is presented as a series of letters to the author’s fictional alter-ego, Fermina Gabriel, an accomplished lawyer and singer. This narrative device allows the author to present the case as it happens, relaying the challenges and complexities as they occur and drawing the reader in. While *Ordinary Injustice* deals with important, complicated legal issues and questions that arise in criminal defense work and looks at the case from the time of Juan’s arrest to the preliminary hearing, indictment, pretrial motions, and attempts to obtain a negotiated plea, it is written in nontechnical and engaging language that makes law accessible to the lay reader.

Mom Candy Jena Pincott, 2016-04-26 Sweet, satisfying and calming, *Mom Candy* is the perfect pick-me-up gift for mothers of all ages. With 1,000 quotes, reflections, and insights *Mom Candy* gets at the heart of motherhood—from the anticipation of pregnancy and the arrival of a new baby, through the early years and the school days, to the lifelong bond that women have with their children. With thoughts from Hillary Clinton, Madeleine L’Engle, Michelle Obama, Kate Winslet, Reese Witherspoon, Erica Jong, Jodi Picoult, and many others. Being a mom has made me so tired. And so happy.— Tina Fey, actress, writer, and producer

Mothers and Daughters II Rosemary H. Balsam, Ruth S. Fischer, 2014-06-03 This is the second issue of *Psychoanalytic Inquiry* devoted to mothers and daughters. This project began as the mother-daughter bond was calling out for attention in light of the many advances in our understanding of female psychology. The goal of female development is no longer considered to be a severing of the mother-daughter bond to attain autonomy and sexual maturity. What, then, are its vicissitudes as it is revisited, reworked, and transformed as the girl and her mother grow and develop and ultimately attain a state of interdependence? The relational context of development is now considered: gender-related differences in behavior and in parental interaction; and the girl’s special relationship with her mother and her mother’s body and the importance to her of her own body with its special attributes, contours, and sensations.

Your Daughter's Bedroom Joyce T. T. McFadden, 2011-04-26 Your Daughter's Healthy Identity Starts With You After psychoanalyst Joyce McFadden treated countless women who felt alone and isolated in experiences that they were unaware many other women were dealing with too, she began to ask what she could do to help them reach out to each other. The result was the launch of her Women's Realities Study in which she interviewed hundreds of women from ages 18-105, about the most private issues as she sought to understand what events in a woman's life impact her future happiness and self-confidence. What McFadden found was truly revealing— the theme that most interested them as they explored their identities was how their relationship with their mothers influenced their understanding of themselves as sexual beings throughout their lives—from the time they were little girls straight through adulthood. Drawing on over a thousand responses, Your Daughter's Bedroom offers a new and unprecedented look at the mother-daughter bond. McFadden argues that the type of womanhood mothers model for their daughters determines the young girls' comfort with their own bodies which, in turn, leads to confidence and satisfaction later in life. From the most mundane and everyday gestures—a reluctance to call body parts by their real name; an offhanded suggestion to lose weight— to how mothers introduce life altering events such as the start of puberty and sexual exploration, all of these have an impact on a girl's psyche. She found that in an attempt to protect and shield daughters, mothers withhold important information and leave girls to wrestle with their own burgeoning sexuality and other challenges of growing up. Offering a fresh perspective on the fraught mother-daughter relationship, McFadden shows how mothers can create the right environment for their daughters to grow into self-assured women. Your Daughter's Bedroom is an essential resource for women who want to establish a more open and positive relationship with their daughters.

Mothers Are Precious Keys of Life Beverly R. Wilson, 2012-07-02 In 2011, when I left the corporate banking industry, I decided to write a memoir, detailing true story events that took place in mines as well as in my family's life both back home in Pittsburgh, Pennsylvania, and here in Birmingham, Alabama. With the help of God our father, who gave me the courage and the strength to complete this novel, *Mothers Are Precious Keys of Life*. As a business entrepreneur, I plan on introducing a new line of copyright products from my book title, such as a line of T-shirts and home plaques that my customers can purchase personally from me. You can look me up on my Facebook page under Ms. Beverly R. Wilson for a request for products or e-mail me at www.bevwoo44@att.net for more details on my future online store. I hope my readers will all be touched by these inspirational stories.

Mom the Chemistry Professor Kimberly Woznack, Amber Charlebois, Renée Cole, Cecilia Marzabadi, Gail Webster, 2018-07-28 When is the right time? How can I meet the demands of a professorship whilst caring for a young family? Choosing to become a mother has a profound effect on the career path of women holding academic positions, especially in the physical sciences. Yet many women successfully manage to do both. In this second edition, which is a project of the Women Chemists Committee (WCC) of the American Chemical Society (ACS), 40 inspirational personal accounts describe the challenges and rewards of combining motherhood with an academic career in chemistry. The authors are all women at different stages of their career and from a range of institution types, in both tenure and non-tenure track positions.

The authors include women from different racial and ethnic backgrounds, who became mothers at different stages of their career, and who have a variety of family structures. Aimed at undergraduate and graduate students of chemistry, as well as postdoctoral fellows and early career faculty, these contributions serve as examples for women considering a career in academia but worry about how this can be balanced with other important aspects of life. The authors describe how they overcame particular challenges, but also highlight aspects of the system, which could be improved to accommodate women academics, and particularly encourage more women to take on academic positions in the sciences.

Motherhood Memoirs: Mothers Creating/Writing Lives Justine Dymond, 2013-07-01 The authors in this collection examine and critique motherhood memoir, alongside the texts of their own lives, while seeking to transform mothering practice— highlighting revolutionary praxis within books, or, when none is available, creating new visions for social change. Many essays interrogate the tensions of maternal narrative—the negotiation of the historical location of writer and readers, narrative and linguistic constraints, and the slippery ground of memory—as well as the borders constructed between the “objective” scholar and the reader who engages with and identifies with texts through her intellect and her emotional being.

The Diary of a Desperate Naija Woman In the Year 20-Ten Bola Essien-Nelson, 2011-01-13 The Diary of a Desperate Naija Woman™ in the Year 20-Ten is the second in the ‘The Diary’ series published by Bola Essien-Nelson. This book, just like the first - The Diary of a Desperate Naija Woman in the Year Two Thousand and 9—is a collection of daily blogs that capture, in a very random way, the thoughts, musings and sometimes the ‘mad rants’ of a Nigerian working woman, wife and mother who desperately wants to be like her Saviour-Brother-Friend, Jesus Christ. As you flip the pages, you will travel with Bola on a year long journey across 2010 during which she tries to keep all the balls of her life up in the air AND fulfill her most passionate goal - To be an authentic Christian. This book you hold in your hand is an open invitation to all who read it to join her on this truly life-changing quest.

Mother Outlaws Andrea O'Reilly, 2004-05-13 Feminist scholars of motherhood distinguish between mothering and motherhood, and argue that the latter is a patriarchal institution that is oppressive to women. Few scholars, however, have considered how mothering, as a female defined and centred experience, may be a site of empowerment for women. This collection is the first to do so. Mother Outlaws examines how mothers imagine and implement theories and practices of mothering that are empowering to women. Central to this inquiry is the recognition that mothers and children benefit when the mother lives her life, and practices mothering, from a position of agency, authority, authenticity and autonomy.

Women's Mental Health Nazilla Khanlou, F. Beryl Pilkington, 2015-07-23 This book focuses on the social and societal context of women's mental health. Drawing from multidisciplinary perspectives and scholarship, it pays particular attention to how women's mental health is experienced at the personal level, yet it is influenced by their relationships and interacts with the larger societal context (such as prevailing gender equality policies, income distribution, role burden, peace and security). Specific attention is given to the positive aspects of women's mental health (such as agency, resilience) and how women's personal relations across diverse domains (such as family, work, neighbourhoods) are constructed and influenced by, and in turn influence, broader societal structures/ policies/ opportunities. A unique feature of this book is that, at the end of each chapter, there is a Response section written by a non-academic such as a community member, practitioner or policy maker in which the invited authors respond to the chapter texts in the form of narrative, poetry, and/or prose, according to

their various backgrounds, interests, and experiences.
