

Presidential Chaos Saxon James

Albert A Gayle

Frat Wars Saxon James,2022-08-03

Operation Chaos Matthew Sweet,2024-09-04 An untold Cold War story: how the CIA tried to infiltrate a radical group of U.S. military deserters, a tale that leads from a bizarre political cult to the heart of the Washington establishment Stockholm, 1968. A thousand American deserters and draft-resisters are arriving to escape the war in Vietnam. They're young, they're radical, and they want to start a revolution. Some of them even want to take the fight to America. The Swedes treat them like pop stars—but the CIA is determined to stop all that. It's a job for the deep-cover men of Operation Chaos and their allies—agents who know how to infiltrate organizations and destroy them from inside. Within months, the GIs have turned their fire on one another. Then the interrogations begin—to discover who among them has been brainwashed, Manchurian Candidate-style, to assassinate their leaders. When Matthew Sweet began investigating this story, he thought the madness was over. He was wrong. Instead, he became the confidant of an eccentric and traumatized group of survivors—each with his own theory about the traitors in their midst. All Sweet has to do is find out the truth. And stay sane. Which may be difficult when one of his interviewees accuses him of being a CIA agent and another suspects that he's part of a secret plot by the British royal family to start World War III. By that time, he's deep in the labyrinth of truths and half-truths, wondering where reality ends and delusion begins.

Cantinflas and the Chaos of Mexican Modernity Jeffrey M. Pilcher,2001 Why was Cantinflas, actor Mario Moreno's film persona, the most popular movie star in Mexican history? Was it because every Mexican - rich or poor, Creole or Indian, man or woman, young or old - could identify with him?

Migrating Memories James Koranyi,2021-12-16 Romanian Germans, mainly from the Banat and Transylvania, have

occupied a place at the very heart of major events in Europe in the twentieth century yet their history is largely unknown. This east-central European minority negotiated their standing in a difficult new European order after 1918, changing from uneasy supporters of Romania, to zealous Nazis, tepid Communists, and conciliatory Europeans. *Migrating Memories* is the first comprehensive study in English of Romanian Germans and follows their stories as they move across borders and between regimes, revealing a very European experience of migration, minorities, and memories in modern Europe. After 1945, Romanian Germans struggled to make sense of their lives during the Cold War at a time when the community began to fracture and fragment. The Revolutions of 1989 seemed to mark the end of the German community in Romania, but instead Romanian Germans repositioned themselves as transnational European bridge-builders, staking out new claims in a fast-changing world.

The Nation ,1880

Christian Statesman ,1922

Contested Empire Sam W. Haynes, Gerald D. Saxon, 2015-09-01 To a large degree, the story of Texas' secession from Mexico has been undertaken by scholars of the state. Early twentieth century historians of the revolutionary period, most notably Eugene Barker and William Binkley, characterized the conflict as a clash of two opposing cultures, yet their exclusive focus on the region served to reinforce popular notions of a unique Texas past. Disconnected from a broader historiography, scholars have been left to ponder the most arcane details of the revolutionary narrative—such as the circumstances of David Crockett's death and whether William Barret Travis really did draw a line in the sand. In *Contested Empire: Rethinking the Texas Revolution*, five distinguished scholars take a broader, transnational approach to the 1835-36 conflict. The result of the 48th Annual Walter Prescott Webb Memorial Lectures, held at the University of Texas at Arlington in March, 2013, these essays explore the origins and consequences of the events that gave birth to the Texas Republic in ways that extend beyond the borders of the Lone Star State.

The Westminster ,1907

Abraham Lincoln; the Practical Mystic Francis Grierson, 1918

Inventing the American Presidency Thomas E. Cronin, 1989 In fourteen essays, supplemented by relevant sections of and amendments to the Constitution and five Federalist essays by Hamilton--provides the reader with the essential historical and political analyses of who and what shaped the presidency.

Almost All Aliens Paul Spickard, Francisco Beltrán, Laura Hooton, 2022-09-15 *Almost All Aliens* offers a unique reinterpretation of immigration in the history of the United States. Setting aside the European migrant-centered melting-pot model of immigrant assimilation, Paul Spickard, Francisco Beltrán, and Laura Hooton put forward a fresh and provocative reconceptualization that embraces the multicultural, racialized, and colonially inflected reality of immigration that has always

existed in the United States. Their astute study illustrates the complex relationship between ethnic identity and race, slavery, and colonial expansion. Examining the lives of those who crossed the Atlantic, as well as those who crossed the Pacific, the Caribbean, and the North American Borderlands, *Almost All Aliens* provides a distinct, inclusive, and critical analysis of immigration, race, and identity in the United States from 1600 until the present. The second edition updates *Almost All Aliens* through the first two decades of the twenty-first century, recounting and analyzing the massive changes in immigration policy, the reception of immigrants, and immigrant experiences that whipsawed back and forth throughout the era. It includes a new final chapter that brings the story up to the present day. This book will appeal to students and researchers alike studying the history of immigration, race, and colonialism in the United States, as well as those interested in American identity, especially in the context of the early twenty-first century.
