Michael Carley, Harry Smith

Tourism in the Philippines Richard S. Aquino, Brooke A. Porter, 2022-10-06 This edited volume serves as the second instalment of a two-part title that aims to provide an academic exploration of the contemporary issues and perspectives on tourism in the Philippines. With a strong geographical focus, and drawn from a range of inter/multidisciplinary approaches, this book aims to provide a timely and critical investigation of issues surrounding Philippine host communities, Filipino travellers, and foreign tourists to the country. This book will serve as a platform to engage with mostly Filipino scholars allowing them to present their voices and perspectives on a range of local tourism issues, in support of cultivating a 'culture of research' in the Philippine academia. This book is one of the first country-focused volumes under the series, Perspectives on Asian Tourism. This book is composed of contributions drawn from the works of Filipino academics based in the Philippines and overseas institutions researching tourism issues in the Philippines. This book's contributions are drawn from a diverse set of disciplines including, but not limited to sociology, anthropology, mass communications, feminist and gender studies, cultural studies, history, and tourism and hospitality studies. Comprising chapters based on conceptual and empirical research, this edited book is divided into four parts: first, an introduction to tourism and the Filipino culture and society; second, case studies on the dynamics and impacts of tourism in local communities; third, an investigation of tourists' gaze and experiences of Philippine destinations; and fourth, Filipino researchers' reflexive gaze upon events, festivals, and culinary heritage in a tourism context. This book provides a collection of previously unexplored facets of Philippine tourism, Filipina tourists, and host communities, and could become an essential reading for undergraduate and postgraduate students, researchers, educators and policy-makers in tourism.

Plundering Paradise Robin Broad,John Cavanagh,2023-11-15 This gripping portrait of environmental politics chronicles

the devastating destruction of the Philippine countryside and reveals how ordinary men and women are fighting back. Traveling through a land of lush rainforests, the authors have recorded the experiences of the people whose livelihoods are disappearing along with their country's natural resources. The result is an inspiring, informative account of how peasants, fishers, and other laborers have united to halt the plunder and to improve their lives. These people do not debate global warming—they know that their very lives depend on the land and oceans, so they block logging trucks, protest open-pit mining, and replant trees. In a country where nearly two-thirds of the children are impoverished, the reclaiming of natural resources is offering young people hope for a future. *Plundering Paradise* is essential reading for anyone interested in development, the global environment, and political life in the Third World. This gripping portrait of environmental politics chronicles the devastating destruction of the Philippine countryside and reveals how ordinary men and women are fighting back. Sexualised Citizenship Shirlita Africa Espinosa, 2017-08-12 This book considers the intersections of race, gender and class in multicultural Australia through the lens of migration to the country. Focusing on Philippines-born migration, it presents the profile and history of this minority group through an examination of their print material culture over the last 40 years. Particularly, it examines the growth of the production of Filipino cultural identity and the politics of community building in relation to the sexualisation of their acquired citizenship. Given the promotion of Australia as a modern, multicultural, Western nation in the Asia-Pacific region, the book questions the bases on which this claim stands using the example of Filipino settlement in Australia. Considering the social contradictions that continue to shape multicultural politics in Australia, it examines how the community makes sense of its migration through print material culture. The book analyses the community's responses to their minoritisation to understand how Filipino-Australian migration—the affective and economic appropriation of women's labour—is instructive of the social reality of millions in the global diaspora today. Based on archival and ethnographic research, this text straddles the interdisciplinary fields of gender and cultural studies, and is a key read for all scholars of Asian and Australian area studies.

It includes contributions from leading practitioners and advisors to many of the main international agencies and presents the latest thinking of those institutions. Global Approaches to Site Contamination Law Elizabeth Brandon, 2012-11-13 The book describes the complex and variable laws addressing site contamination, reviewing existing international, regional and national law of relevance to site contamination. It also offers detailed case studies of national approaches to the issue, and goes on to explore avenues for promoting the development of comprehensive domestic laws on site contamination, with a focus on the role of international law and actors. A detailed discussion analyzes such variations as a binding international legal instrument, a non-binding instrument, and a model framework for site contamination management. The text includes recommendations regarding the key elements needed for regulating site contamination at the national level. The author also offers an appropriate and feasible timetable for international action to promote better national law and policy regarding contaminated sites.

Urban Development and Civil Society Michael Carley, Harry Smith, 2013-11-05 The world's population is rapidly urbanizing but the affluence and development often associated with cities are far from equitably or sustainably distributed. Where it was once taken for granted that responsibility for urban development lay with the state, increasingly the emphasis has shifted to market-driven and public-private sector initiatives, which can marginalize the intended beneficiaries - the

urban poor - from decision making and implementation. This text outlines the essential conditions for effective urban planning and management by placing bottom-up community initiatives at the heart of the push for equitable and sustainable development in cities. Crucially, the state must engage with both the market and civil society in pursuit of sustainable cities. Presenting a wide-ranging selection of case studies in rapidly urbanizing and transitional countries, from the poorest parts of Africa and Asia to the relatively developed United Kingdom, the authors describe and analyze innovations in how globally disadvantaged urban communities can be engaged in improving their living environments.

Re-Imagining Short-Term Missions Forrest Inslee,Angel Burns,2022-03-10 This book is for those who suspect that current practices of short-term missions are in need of serious reform. It is a book for those who recognize that, in this decade of global upheaval—and in light of the cultural, political, and demographic shifts affecting churches everywhere—now is the time for change. The essays here are intended to equip and inspire any who want to advocate for change but may not yet know what change looks like. This book offers honest perspectives from people who care about the purposes of short-term missions (STM) yet know that we must figure out better ways of achieving them. Nearly all contributors are actively engaged in STM—and many write from the perspective of those who host STM teams in places all over the world. This book is a platform for visionaries who are calling for better ways for the church to engage the needs of the world. In sharing their experiences, they hope to promote critical rethinking and creative reimagination about the ways that the global church might learn to collaborate on a new basis of coequality and mutual respect—for the good of the world and the glory of God.
