The Mexican Filmography, 1916 through 2001 David E. Wilt,2024-10-17 Mexican cinema has largely been overlooked by international film scholars because of a lack of English-language information and the fact that Spanish-language information was difficult to find and often out of date. This comprehensive filmography helps fill the need. Arranged by year of release and then by title, the filmography contains entries that include basic information (film and translated title, production company, genre, director, cast), a plot summary, and additional information about the film. Inclusion criteria: a film must be a Mexican production or co-production, feature length (one hour or more, silent films excepted), fictional (documentaries and compilation films are not included unless the topic relates to Mexican cinema; some docudramas and films with recreated or staged scenes are included), and theatrically released or intended for theatrical release.

Cosmopolitan ,1912

Avicenna's Allegory on the Soul Wilferd Madelung,2015-10-19 I.B.Tauris in association with the Institute of Ismaili Studies The Persian philosopher Ibn Sina (d. 1037), known in Europe as Avicenna, was arguably the greatest master of Aristotelian thought in the Muslim world. The symbolical Poem on the Soul (Qasidat al-nafs), which portrays all earthly human souls as in temporary exile from heaven, is traditionally attributed to Avicenna, and was received with enthusiasm by

its commentators. A highly significant commentary on the Qasida was written by ?Ali b. Muhammad b. al-Walid (d. 1215 CE), a major early representative of the Tayyibi Ismaili tradition, which emerged and flourished in medieval Yemen. In his view, the poem encapsulated Tayyibi beliefs, whose doctrines bear striking parallels with late antique Gnosticism. Avicenna s Allegory on the Soul presents the first edition of the Arabic text of Ibn al-Walid s commentary, The Useful Epistle (al-Risala al-mufida), alongside an English translation and extended introduction. It offers invaluable insight into the intricacies of Muslim thought and a deeper understanding of Avicenna s substantial intellectual legacy.

The New Grove Book of Operas Stanley Sadie,1996 This book combines meticulous scholarship with a lightness of touch that will delight the opera-goer. The fascinating illustrations bring an amusing dimension showing how opera has been staged from its beginnings to modern 'deconstructed' productions. The operas are listed in alphabetical order. In addition to a full synopsis of every plot, there is a cast list and a note of the singers in the original production, as well as information about the origins of the work and its literary and social background. Each contribution concludes with a brief comment on its place in operatic history. There is also a listing by composer, a glossary and indexes of the names of operatic characters and the first lines of arias; so if you are not sure which opera Gilda or Agathe, sings in, or are apt to confuse Vespina with Despina, your problem is quickly solved.

Science Fiction, Fantasy and Horror Film Sequels, Series and Remakes Kim R. Holston,Tom Winchester,2018-01-12 Science fiction, fantasy and horror movies have spawned more sequels and remakes than any other film genre. Following Volume I, which covered 400 films made 1931-1995, Volume II analyzes 334 releases from 1996 through 2016. The traditional cinematic monsters are represented--Dracula, Frankenstein, the Wolf Man, a new Mummy. A new wave of popular series inspired by comics and video games, as well as The Lord of the Rings trilogy, could never have been credibly produced without the advances in special effects technology. Audiences follow the exploits of superheroes like Captain America, Iron Man, Spider-Man and Thor, and such heroines as the vampire Selene, zombie killer Alice, dystopian rebels Katniss Everdeen and Imperator Furiosa, and Soviet spy turned American agent Black Widow. The continuing depredations of Jason Voorhees, Freddy Krueger and Michael Myers are described. Pre-1996 movies that have since been remade are included. Entries features cast and credits, detailed synopsis, critics' reviews, and original analysis.

Soul Unique Gun Brooke,2015-07-20 Greer Landon is a successful art gallery owner. She has created an empire by discovering and developing new artists. When she agrees to visit an art school in Boston, she encounters a woman, Hayden Rowe, whose paintings take her breath away. Greer realizes Hayden is not a student, but lives in a remote wing of the school and the maddeningly frustrating headmaster is her mother. Mesmerized by Hayden and her art, Greer learns the young woman has Asperger syndrome. Hayden awakens something in Greer she didn't know she was capable of. Having suffered from a profound loneliness for most of her life, Greer develops an overshadowing love and protectiveness toward Hayden. As

she learns more about Hayden and her heartbreaking family situation, Greer is amazed at how courageous and brilliant she is. Can there be a future with a woman like this, and will Hayden, who can only put words to her emotions through her paintings, return her feelings?

Blue Aloes Stories of South Africa Cynthia Stockley,2020-08-11 Reproduction of the original: Blue Aloes Stories of South Africa by Cynthia Stockley

Robert Williams Robert Williams,2019-10-23 Robert Williams: The Father of Exponential Imagination is a comprehensive career spanning, comprehensive collection of the iconic painter's fine art, including every one of his remarkable oil paintings along with a presentation of his drawings, sculptures, and works in other media. Simply put, this is the art book of the decade, and the book that Williams has been working toward his entire career. In the late 20th and early 21st century, diverse forms of commonplace and popular art appeared to be coalescing into a formidable faction of new painted realism. The new school of imagery was a product of art that didn't fit comfortably into the accepted definition of fine art. It embraced some of the figurative graphics that formal art academia tended to reject: comic books, movie posters, trading cards, surfer art, hot rod illustration, to mention a few. This alternative art movement found its most apt participant in one of America's most controversial underground artists, the painter, Robert Williams. It was this artist who brought the term "lowbrow" into the fine arts lexicon, with his groundbreaking 1979 book, *The Lowbrow Art of Robt. Williams*. Williams pursued a career as a fine arts painter years before joining the art studio of Ed "Big Daddy" Roth in the mid-1960s. From this position he moved into the rebellious, anti-war circles of early underground comix, as one of the celebrated ZAP cartoonists. Featuring an introductory essay by Coagula Art Journal founder Mat Gleason along with a new art manifesto and foreword by Williams himself, as well as tons of rare photos and ephemera.
