Beauty and the Beast Shoshanna Evers, 2013-12-30 From New York Times and USA Today bestselling author Shoshanna Evers comes an erotic re-imagining of the classic fairytale, Beauty and the Beast. With her father's freedom at stake, Belle agrees to be the fearsome Beast's prisoner in his enchanted castle. Held as his willing captive, Belle must submit to the Beast's most primal desires to survive. The Beast can't let his little Beauty go free, not while there's still hope that she might be the one to end his decade-long curse...and with true love's kiss, return him to the Prince he once was. Their story is one that begins with imprisonment-he in his monstrous body, she in a dungeon-but without this predicament, Beauty would never have met the Beast. So we shall begin with what occurred on that fateful night when everything changed: when a lover was betrayed, a man deformed, and a castle shrouded in an enchantment...

Beauty and the Beast: An Erotic Fairy Tale (BDSM) Simone Holloway, A steamy, BDSM twist on the classic fairy tale, Beauty and the Beast. Sold to the Beast, Belle finds herself captive in a mysterious castle plagued by magic and a strange curse. The Beast's bane has forced him to live a life of despair in the shadows, but he's discovered a way to find pleasure in pain and he's eager to teach Belle. Curious, she agrees to enter a hidden dungeon full of enchantments and wonders far more dangerous than magic. Excerpt: Inside was a chamber lit by a ghostly red light. I stepped inside and felt warm all over. The chains on my cuffs glowed gold and silver. I turned back to the Beast. He leaned against the wall watching me with the intense look of an animal stalking prey. My pulse quickened. I'd never had a man consider me so closely. Did he approve of what he saw? His eyes were feral and hungry. As he stepped into the red light, they appeared to be illuminated from within. Bits of gold flecks glowed within the deep green pools of his eyes. They were entrancing. Had the magic taken ahold of me or was it simply the Beast's presence? I blushed and turned away. It was then I noticed the wall. Several hooks hung from its brick face, twinkling silver in the chamber. On each was placed a whip or other manner of deadly looking tools I did not recognize. "Pleasure from pain," the Beast said. His voice was low, flowing like a soft liquid. For a moment, I thought I'd heard him speak inside my own head. I turned to face him. "It's like extracting blood from a stone," he continued. "How does one take blood from a stone?" I asked. He stepped close and lifted my hands. "Very carefully."

Beauty and the Beast 2: An Erotic Fairy Tale (BDSM) Simone Holloway, A steamy, BDSM twist on the classic fairy tale, Beauty and the Beast. The power of the castle's magic is tested when the manor is attacked by Belle's former suitor Gaston.

He's determined to rescue her, but he'll have to overthrow the Beast first... Meanwhile, Belle's lessons into the the world of pleasure and pain continue. Enchanted whips and chains make for an exciting foray in the dungeon, but the best is yet to come as the Beast commands magic beyond Belle's wildest dreams. Excerpt: Trembling I held the light before me and approached the hidden door. I raised my hand to feel along the wall. Before I could touch it, the wall slid open. A cool breast blew my hair around my face. Long curly tendrils snaked their way around me as if animated by ghostly hand. At the end of the dark passage, a red light pulsed. The rose rested deep in the heart of the dungeon, beckoning me closer. I stepped into the passageway. The hidden door slammed shut behind me. I turned and pounded on it, but it remained closed. I felt for a secret lever or catch. It was no use. The wall was solid. I could not leave unless she allowed it. With nowhere to go but forward, I marched on. I walked to the dungeon quickly. I didn't want the Beast to catch me snooping around and I hoped to find an exit. It was unlikely I'd be permitted to leave without the castle's consent, but I was determined to try. The dungeon door opened smoothly. I stepped into the room and was instantly washed in red light. The magic permeating the castle wreaked havoc on my nerves, but here it was soothing like a hot bath. I glanced at the instruments hanging from the wall. So many still to try, I thought with a smile. I turned my attention to the rose. It burned brilliantly beneath its glass case. I placed my hands on the glass and peered inside. The rose seemed to swell as if a great pressure had built up inside it. The petals parted and opened. A burning black light at the center held my gaze. I was paralyzed, enraptured by its depthless darkness.

The Erotic True Story of Beauty and The Beast Cherie Wilde,2025-02-19 Elle, flushed with a feverish anticipation, sprawled across the oak table. With a carefree giggle, she arched her back, and the remains of their feast clattered to the stone floor. It was a symphony of chaos, each porcelain shard and silver utensil heralding the carnal rapture to come. The beast towered above her, his chest heaving with a hungry intensity that mirrored the wild thrum of her heart. Impatience clawed at him, an untamed creature desperate for release. With a growl that resonated through the castle walls, he tore at the fine fabric of his garments, shredding it from his body as if it were mere parchment. Buttons flew like glistening jewels,

his breeches succumbing to his fervent urgency, and at last, he stood revealed: a portrait of raw virility and primal desire. This is not the fairy tale you grew up with. This is a story of sinful pleasures, untamed passion, and a castle filled with wicked temptations. When Elle Rousseau sacrifices herself to the Beast to save her father, she expects cold dungeons and lonely nights. Instead, she's thrust into a world of forbidden indulgence and dark, aching desire. The Beast is a brooding, devastatingly powerful creature of raw masculinity, dark desires, and no mindless monster. His presence commands submission, his voice is a growl of temptation, and his touch is enough to set Elle's body aflame. But he's not the only distraction Elle faces. His mischievous household staff—including a dominating gardener, a sultry maid, and a well-endowed butler—ensure that life at the castle is never dull. And when three raunchy fairies get involved, things take an outrageously sinful turn. Lush, decadent, and deliciously sinful, *The Erotic True Story of Beauty and The Beast* is a tale for those who want heat, romance, and untamed passion in equal measure. This is not a children's story—this is a fairy tale meant to be devoured after dark.

Bad Fathers, Wicked Stepmothers, Cannibalistic Witches, and Amorous Princes Robert White, 2025-03-10 Psychoanalysis has been interested in fairy tales and myths from the very beginning. In the interpretation of dreams, Freud felt he had found the royal road to the unconscious, and that he could find in myths and fairy tales the same eternal truths about the unconscious. The myth of Oedipus could be considered the founding myth of psychoanalysis. Freud soon turned to the study of fairy tales, which he thought, in conjunction with German romanticism, could be equated with primary process and the unconscious. The fairy tale was equated with the dream. This was a golden age of interest in fairy tales among the earlier Freudians. In addition, Freud formed an alliance with Jung, who had an independent interest in myth. Jung maintained the centrality of inherited psychic structures, which he called archetypes. Consequently, the Jungians have remained much more interested in myth and fairy tale than the Freudians. While fairy tales have remained popular in current culture in fictional

retellings, movies, cartoons and opera, there has been no modern extended psychoanalytic interpretation of fairy tales. Psychoanalytic theory has broadened considerably in the last decades to include ideas about gender, sexuality, race, social conflict, and disorganized personality than the traditional Freudian focus on Oedipal development. This new book aims to add meaning that captures the deeper traumatic nature of human life. The author examines the multiple variations of myths and tales, both within a nationality, and across nationalities. The literary version that has become canon was the one version of the tale that was written down. By looking at the variations, we can get a better sense of the multiple meanings possible. The other road to meaning is modern rewriting of the tales, which, when well done, adds to new layers to the tales. The book also looks at examples of fantasy; a more modern novelistic treatment of fairy tale themes.

Women and Images of Men in Cinema Andreas Hamburger,2018-05-08 Women and men in cinema are imaginary

constructs created by filmmakers and their audiences. The film-psychoanalytic approach reveals how movies subliminally influence unconscious reception. On the other hand, the movie is embedded in a cultural tradition: Jean Cocteau's film *La Belle et la Bête* (1946) takes up the classic motif of the animal groom from the story of Cupid and Psyche in Apuleius' *The Golden Ass* (originally a tale about the stunning momentum of genuine female desire), liberates it from its baroque educational moral (a girl's virtue and prudence will help her to overcome her sexual fears), and turns it into a boyhood story: inside the ugly rascal there is a good, but relatively boring prince - at least in comparison to the monsters of film history. In the seventy years since it was made, *La Belle et la Bête* has inspired numerous interpretations and has been employed by theorists of all genres and interests.

Monsters, Monstrosities, and the Monstrous in Culture and Society Diego Compagna, Stefanie Steinhart, 2020-01-28 Existing research on monsters acknowledges the deep impact monsters have especially on Politics, Gender, Life Sciences, Aesthetics and Philosophy. From Sigmund Freud's essay 'The Uncanny' to Scott Poole's 'Monsters in America', previous studies offer detailed insights about uncanny and immoral monsters. However, our anthology wants to overcome these restrictions by bringing together multidisciplinary authors with very different approaches to monsters and setting up variety and increasing diversification of thought as 'guiding patterns'. Existing research hints that monsters are embedded in social and scientific exclusionary relationships but very seldom copes with them in detail. Erving Goffman's doesn't explicitly talk about monsters in his book 'Stigma', but his study is an exceptional case which shows that monsters are stigmatized by society because of their deviations from norms, but they can form groups with fellow monsters and develop techniques for handling their stigma. Our book is to be understood as a complement and a 'further development' of previous studies: The essays of our anthology pay attention to mechanisms of inequality and exclusion concerning specific historical and present monsters, based on their research materials within their specific frameworks, in order to 'create' engaging, constructive, critical and diverse approaches to monsters, even utopian visions of a future of societies shared by monsters. Our book proposes the usual view, that humans look in a horrified way at monsters, but adds that monsters can look in a critical and even likewise frightened way at the very societies which stigmatize them.

Beauty and the Beast Jessica G. Rabbit, 2015-08-14 No Sir I- Sir? I am not a sir! You entered a castle did you not? He saw her eyes shut at the roaring sound of his voice. Belle felt her words stick in her throat. This was getting worse by the second. Please, Your Grace, I did not mean to imply ..I just.... please may I see my Papa? She was holding back the tears. She knew from his voice that he was unforgiving and uncaring. This person would only see her sign of emotion as a weakness. She didn't know how long she could keep up the charade. If I show him to you what do I get? What do you mean? Your Grace,

he corrected her. What do you mean, Your Grace, She repeated. He slowly descended the staircase and Belle felt a stone of dread enter her gut with every step he took towards her. This was more intense than Monsieur Loois' first encounter with her. What's in it for me? He asked once more standing a few feet away from her now. What could I possibly give royalty? She asked innocently. For surely if he was Royalty he could pay to have the attention and affections of anyone he so desired. Yourself, he paused for a few seconds then continued, Completely. In this timeless Fairy Tale Classic, we are introduced to Acelin, an overindulged Prince and Belle, a maiden as beautiful as her name. Belle is a quiet obedient daughter whose life is entwined with Acelin's, who is now a deformed creature living in an enchanted kingdom. Belle has traded her freedom in exchange for her father's.
