Serena Valentino's Villains 3 Pbk Box Set Serena Valentino, 2021-09-07 The first three books in Serena Valentino's New York Times best-selling Villains series, together in one paperback box set for the first time! With all-new art, this box set is the perfect entry point for newcomers to the series, and is a covetable collectible for existing fans. Fairest of All The tale of the young princess Snow White and her evil stepmother the Wicked Queen is widely known. Despite a few variations from telling to telling, the story remains the same--the Queen was jealous of the girl's beauty, and this jealousy culminated in the Queen's attempt on the sweet, naive girl's life. Another tale far less often spoken of is the one that explains what caused the Queen to become so contemptuously vile. Still, some have attempted to guess at the reason. Perhaps the Queen's true nature was that of a wicked hag and her beautiful, regal appearance a disguise used to fool the King. Others claim that the Queen might have hated the girl for her resemblance to the King's first wife. Mostly, the Queen is painted as a morally abhorrent woman who never loved another being during the course of her miserable life. In fact, the theories about exactly what caused the Queen's obsessive vanity and jealous rage are too numerous to catalog. This book recounts a version of the story that has remained untold until now. It is a tragic tale of love and loss, and it contains a bit of magic. It is a tale of the Wicked Queen. . . The Beast Within The tale is as old as time: a cruel prince is transformed into a beast. A lovely maiden comes into this monster's life. He is transformed by her compassion, and the love he feels for her in return. The two live happily ever after. But any tale, especially one as storied as Beauty and the Beast's, has been told many different times, and in many different ways. No matter which version one hears, the nagging question remains: what was it that transformed the prince into the beast we are introduced to? This is one version, pulled from the many passed down through the ages. It's a story of vanity and arrogance, of love and hatred, of beastliness, and, of course, of beauty. Poor Unfortunate Souls The tale of the sea king's daughter Ariel is a beloved one of losing--and then finding--one's own voice. The story has been told many times and in many ways. But always the mermaid wants more than her world can offer, and her father demands that she live within the confines of his domain. Her rebelliousness costs the little mermaid her voice and nearly her soul. But the power of good prevails, and Ariel emerges proud and changed. And yet this is only half the story. So what of Ariel's nemesis, Ursula, the sea witch? What

led to her becoming so twisted, scorned, and filled with hatred? Many tales have tried to explain her motives. Here is one account of what might have shaped the sea witch into a detestable and poor unfortunate soul.

Fire and Fate Serena Valentino, 2023-07-18 The tenth book in the New York Times bestselling Villains series takes a dive into the Underworld, exploring how Hades turned from god to villain. The myth has been told for centuries: Brothers Zeus, Poseidon, and Hades waged a years-long war against their father Cronus and his tyrannical Titans. Upon their mighty victory, Zeus split the world into three. For himself, he claimed the Sky and what fell below it. To his brother Poseidon, he assigned dominion over the Sea. And his oldest brother, Hades, would rule the Underworld. While Hades tries to make the best of a lonely situation, eternity proves a long time to be forced live in a role—a domain—he never wanted. And the part of the story no one tells is that when your family treats you like a villain, it is far too easy to become one. Years of being ignored and shamed by his family reach a fiery head, when three perfectly alive witches find their way into the land of the dead. Bored and lonely, Hades befriends these mysterious Odd Sisters and makes a bargain that will change the course of fate. But when you're a god, making a deal has the potential to rewrite more stories than just your own . . .

Kill the Beast Serena Valentino, 2024-07-30 The eleventh book in the New York Times best-selling Villains series follows the downfall of Disney's slickest, quickest, and smarmiest villain: Gaston. He knew he was the best. He knew he was everyone's favorite guy. You may think this tale as old as time has been told before. You may know about the Beauty, and the Beast, and the curse they broke together. But some stories have more than one ending. Some stories have more than one villain. Such is the story of Gaston. Growing up, young Gaston and the prince were brothers in all but blood. Their boyhood adventures led them throughout the many rooms of the castle, and into the deep woods beyond. The woods that were home to the legendary Beast of Gévaudan, a terrifying creature whose presence loomed larger than life in their imaginations. Then one fateful night, a violent tragedy changed their lives—and their friendship—forever, setting each of them down a very different path: the first, of greed and entitlement, the second, of determination to right the wrongs of the past. The prince, as we know, paid a price for his wicked ways. And Gaston, fueled by the magic of three meddling witches, grew ever more haunted by a singular mission: to become the hero who killed the Beast.

Evil Thing Serena Valentino, 2020-07-07 The darkly captivating seventh novel in the popular Villains series follows the rise and fall of the deranged and glamorous fan favorite, Cruella De Vil. If it doesn't scare you, no evil thing will...

Heartbroken Serena Valentino, 2025-07-29 She missed the days of wonder. But those days were long past. All that remained was the anger. You may think you know the story of the Queen of Hearts, the bloodthirsty tyrant known for seeing

red. Surely you've heard of the young girl Alice, who fell through the rabbit hole to a place called Wonderland, and how she defeated its villainous ruler in order to find her way back home. But have you ever wondered about the Queen's own first day in Wonderland? Did she encounter the same wonders—and horrors—as Alice? Are the laws of the land her royal decree—or a desperate attempt to bring order to a place that refuses to make sense? And why is she so angry? It may be hard to answer, with any certainty, questions about a world created from the broken shards of others. In the end, it all comes down to a woman fighting against the darkness within, and her unlikely friendship with a little white rabbit.
