Confidence Within Karimot Isiaka, 2018-02-19 Confidence within is a book embedded in so much value. The author, Karimot Isiaka did justice to teaching her readers how they can overcome low self-esteem and in turn build self-confidence through her personal story. It is a book that shows how parents influence the self-esteem and confidence of their children, how teachers, schools and the society at large have got a role to play in the self-confidence of every individual. Karimot also opens the eyes of the readers to how she was able to bounce back and take charge of her confidence after going through so many experiences that crushed her confidence. It is even more interesting that it shows us how we can help others develop confidence in themselves. Every reader would be inspired to live with confidence from within, the book guarantees that.

Get 100 Books Into Your Head ASAP S.O PIENS, This book is a collection of books. A collection of great minds. A material like no other. What inspired writing this book was the fact that I wanted an easy yet completely original way of getting the knowledge and stuffs from books. I had struggled in the past to finish at least one book in a week, which if I did would allow me to finish 52 books in a year, which is the standard of an average CEO. But for where? I couldn't do it. I thought since I'm not a CEO, I can spare myself of reading maybe one book per month. Notwithstanding, I was still not satisfied with where I was with my reading speed and learning. I wanted more. So, I came up with this idea of summarizing 100 books into one single book. I invested hours, days and even months to come up with this book. I hope you will find value in it. This book is a collection of distilled knowledge and ideas. It gives you more in less time and saves your time and energy. In an age where there's no time to read a lot of books, here's a provision to master the best ideas in 100 books ASAP. The Book of Womanhood Amy F. Davis Abdallah, 2015-10-20 Christian womanhood. What does it mean? When does it happen—at a certain age, status, or maturity? How do we know we're no longer girls? And when we've figured that out, how will others know to call us woman rather than girl? Christian women don't usually get a rite of passage in which they are named woman. Seeing this need, Amy Davis Abdallah created such a rite, and this book accompanies it. No need to be in her rite of passage, however, to name yourself woman. Read this book and then sit down with some friends to talk about it over tea, coffee, and/or chocolate. Let *The Book of Womanhood* create a path through the confusion by its flexible framework of finding identity through developing relationship with God, self, others, and creation. Amy writes simply as one perhaps further along in her journey of womanhood, and she doesn't write alone. She includes the stories of biblical women, of friends young and old, and even more. The diverse voices come together as a cloud of witnesses—encouraging us in our individual journeys. Read for empowerment. Read for transformation. Read. And become the woman of God you were created to be.

Self-confidence G. D. Williams, 2016-11-14 *Self-Confidence: The Ultimate Guide to Building Confidence and Self-Esteem* You're about to discover how to... This book contains proven steps and strategies on how to build your confidence quickly. Self-confidence is a mental thing more than a realistic status of a person. The head makes up a lot of fantastic things that dampen the spirit and lower the self-esteem, making them appear so real even if they do not exist. It can disable your natural abilities and skills, blur your sense of self-worth and rob you of the courage you need to face life's enormous challenges. The battle begins in your head, and it should end there as well. This book helps You understand the problem you are facing before giving you solutions because remedies that do not solve the real problem just worsen the condition. That is because, for every solution that does not work, another failure adds to your memory, a failure that will lower your confidence even more instead of help you overcome your lack of self-confidence and self-esteem. This is why you need this book!!
