**Psychic Self Defence** Dion Fortune, 1998-03 Written after direct personal experience of an occult attack, 'Psychic Self Defence' is Dion Fortune's guide to recognizing and protecting oneself from unwanted esoteric interference. The author treads a fine line between providing useful, practical information on 'spiritual security' (revealing for example, a ritual used by Christian Monks, as well as the magician's 'Lesser Banishing Ritual of the Pentagram') while at the same time keeping potentially dangerous techniques well obscured from the uninitiated. Sprinkled liberally with astonishing anecdotes from

Dion Fortune's long and eventful magical career, this is an important work for those venturing along the mystical path, a book that can be read, and re-read, with profit.

**The Psychic Self-Defense Personal Training Manual** Marcia L. Pickands,1997-01-01 Simple exercises that not only start readers on a path of psychic self-mastery, but also demonstrate the power of the mind, and the necessity of training it. Pickands teaches how to recognize psychic disturbance and the procedures for defense, in both everyday and extraordinary situations. She stresses ethical considerations, and illustrates her points with real life situations. Illustrated. Bibliography, index.

**Psychic Self-Protection** Judy Hall,2009-11-02 This inspirational book will aid you in finding stability and security in a changing and challenging world. It explains the difference between self-protection and fear-based defences and shows you how you can use crystals and other spiritual tools to change your mindset from a fearful one into a more confident positive approach to the world. *Psychic Self Defense (annotated)* Dion Dion Fortune,2017-09-29 It is with a sense of the seriousness of the issues involved that I set myself to the task of writing a book on psychic attack and the best methods of defence against it. The undertaking is beset with pitfalls. It is hardly possible to give practical information on the methods of psychic defence without at the same time giving practical information on the methods of psychic attack. It is not without reason that initiates have always guarded their secret science behind closed doors. To disclose sufficient to be adequate without disclosing sufficient to be dangerous is my problem. But as so much has already been made known concerning the esoteric teachings, and as the circle of students of the occult is becoming rapidly wider every day, it may well be that the time has now come for plain speaking. The task is not of my seeking, but as it has come into my hands, I will do my best to discharge it honourably, making available the knowledge which has come to me in the course of many years' experience of the strange by-ways of the mind which the mystic shares with the lunatic. This knowledge has not been attained without cost, nor, I suspect, will the divulging of it be altogether free from cost, either.

Crystals for Psychic Self-Protection Judy Hall,2014-04-17 Discover how the unique healing properties of crystals and other spiritual tools can help you find stability and security in a changing and challenging world This guide explains the difference between self-protection and fear-based defenses and shows you how you can use crystals and other spiritual tools—including journeying, smudging, affirmations, breathwork and more—to change your mindset from a fearful one into a more confident positive approach to the world. Judy has put together simple and effective ways to enhance energy levels and boost protection that have been used for thousands of years. Her tools, techniques, and powerful energetic practices will help

you to work with the unique healing energies of crystals to take charge of your life and embrace change with power and gusto.

**Practical Solitary Magic** Nancy B. Watson,1996-11-01 Many students don't want to be tied to a particular group or spiritual tradition, but prefer to search, experiment, and grow on their own; this book is perfect for these people. Watson discusses the principles that underlie magical practice in a veryeasy-to-understand manner. She includes information on affirmations, visualization, spiritual practices, folk magic, and ritual. Safety measures and ethical considerations are stressed throughout.

**The Mummy's Curse** Roger Luckhurst,2012-10-25 In the winter of 1922-23 archaeologist Howard Carter and his wealthy patron George Herbert, the Fifth Earl of Carnarvon, sensationally opened the tomb of Tutenkhamen. Six weeks later Herbert, the sponsor of the expedition, died in Egypt. The popular press went wild with rumours of a curse on those who disturbed the Pharaoh's rest and for years followed every twist and turn of the fate of the men who had been involved in the historic discovery. Long dismissed by Egyptologists, the mummy's curse remains a part of popular supernatural belief. Roger

Luckhurst explores why the myth has captured the British imagination across the centuries, and how it has impacted on popular culture. Tutankhamen was not the first curse story to emerge in British popular culture. This book uncovers the 'true' stories of two extraordinary Victorian gentlemen widely believed at the time to have been cursed by the artefacts they brought home from Egypt in the nineteenth century. These are weird and wonderful stories that weave together a cast of famous writers, painters, feted soldiers, lowly smugglers, respected men of science, disreputable society dames, and spooky spiritualists. Focusing on tales of the curse myth, Roger Luckhurst leads us through Victorian museums, international exhibitions, private collections, the battlefields of Egypt and Sudan, and the writings of figures like Arthur Conan Doyle, Rider Haggard and Algernon Blackwood. Written in an open and accessible style, this volume is the product of over ten years research in London's most curious archives. It explores how we became fascinated with Egypt and how this fascination was fuelled by myth, mystery, and rumour. Moreover, it provides a new and startling path through the cultural history of Victorian England and its colonial possessions.
