Advances in Design and Digital Communication Nuno Martins, Daniel Brandão, 2020-10-22 This book reports on research findings and practical lessons featuring advances in: digital and interaction design; graphic design and branding; design strategies and methodologies; design education; society and communication in design practice; and other related areas. Gathering the proceedings of the 4th International Conference on Digital Design and Communication, Digicom 2020, held virtually on November 5-6, 2020, the book describes cutting-edge perspectives on and analysis of and solutions to challenges digital communication is currently presenting to society, institutions and brands. It offers a timely guide and a source of inspiration for designers of all kinds, including graphic, digital and web designers, UI, UX and social media designers, and to researchers, advertisers, artists, and entrepreneurs, as well as brand or corporate communication managers.

CONTROLO'2014 - Proceedings of the 11th Portuguese Conference on Automatic Control António Paulo Moreira, Aníbal Matos, Germano Veiga, 2014-08-14 During the last 20 years the Portuguese association of automatic control, Associação Portuguesa de Controlo Automático, with the sponsorship of IFAC have established the CONTROLO conference as a reference international forum where an effective exchange of knowledge and experience amongst researchers active in various theoretical and applied areas of systems and control can take place, always including considerable space for promoting new technical applications and developments, real-world challenges and success stories. In this 11th edition the CONTROLO conference evolved by introducing two strategic partnerships with Spanish and Brazilian associations in automatic control, Comité Español de Automática and Sociedade Brasileira de Automatica, respectively.

Smart and Sustainable Interactive Marketing Irani, Hamid Reza, Nozari, Hamed, 2024-01-22 In today's world, sustainability is no longer just a buzzword; it is a fundamental concern for businesses seeking to thrive. Traditional marketing strategies often fall short of aligning with the values and expectations of today's socially conscious consumers. Marketers are grappling with the issue of reconciling traditional marketing with the demands of the modern, environmentally conscious consumers. The marketing landscape is rapidly evolving, and businesses are challenged to embrace sustainability while leveraging transformative digital technologies. Smart and Sustainable Interactive Marketing is designed to address this

very challenge. This book recognizes this issue as the first step toward its resolution. It delves into the intricate dimensions and features of sustainable marketing, shedding light on how it can harmonize with the contemporary economy and the principles of sustainable development. The book identifies the need for transformation and integration of digital technologies, such as artificial intelligence, to bridge the gap between traditional marketing and sustainability.
