Only in New York Sam Roberts, 2018-11-06 A “street-smart, informative and occasionally hilarious” look at the places, personalities, and history that make New York one of a kind (Publishers Weekly). Reporter Sam Roberts has covered the city in all its quirkiness, both in print and in his popular New York Times podcasts. In Only in New York, now updated with new stories, he writes about what makes this city tick and why things are the way they are in the greatest of all metropolises on earth. These essays cover topics such as: -How New Yorkers react during disasters -Maritime history (the Hudson River) -Crowds, space, and population growth -The poopier scooper revolution -The Jewish Daily Forward -What happens when a neighborhood loses its tony ZIP code, and more “Roberts has covered the city for 40 years. So as we locals say, he knows from, and it shows in this fabulous collection of essays. With wit and grace, he tells stories of its citizens—some illustrious, others not; some living, others long dead. But the story he’s really telling is that of New York, and he nails it.” —Daily News (New York)

This Note's For You David Allan, 2015-01-20 This Note's For You talks of the people who created the campaigns with the songs we remember the most. From Coca-Cola to Chrysler, this book takes the reader behind the curtain of some of the best popular music in advertising campaigns of all time. It is little known fact that fog played a critical role in the “I’d Like to Teach the World to Sing” campaign and that while taping the “Lose Yourself” video, the choir had no idea Eminem would show up. Originally The Doors were to be in the Cadillac commercials, not Led Zeppelin, but one of the members of The Doors discovered that Cadillac made the Escalade and suddenly declined because he felt it was environmentally unfriendly. This Note's For You talks of the people who created the campaigns with the songs we remember the most. This collection of award-winning music in advertising campaigns is not available together anywhere else. It shows where this art in advertising form has been, where it is now, and provides the foundation for where it will go.

Gender and Humor Delia Chiaro, Raffaella Baccolini, 2014-05-09 In the mid-seventies, both gender studies and humor studies emerged as new disciplines, with scholars from various fields undertaking research in these areas. The first publications that emerged in the field of gender studies came out of disciplines such as philosophy, history, and literature, while early works in the area of humor studies initially concentrated on language, linguistics, and psychology. Since then, both fields have flourished, but largely independently. This book draws together and focuses the work of scholars from diverse disciplines on intersections of gender and humor, giving voice to approaches in disciplines such as film, television, literature, linguistics, translation studies, and popular culture.

A Critical Companion to the American Stage Musical Elizabeth L. Wollman, 2017-09-21 This Critical Companion to the American Stage Musical provides the perfect introductory text for students of theatre, music and cultural studies. It traces the history and development of the industry and art form in America with a particular focus on its artistic and commercial development in New York City from the early 20th century to the present. Emphasis is placed on commercial,

artistic and cultural events that influenced the Broadway musical for an ever-renewing, increasingly broad and diverse audience: the Gilded Age, the Great Depression, the World War II era, the British invasion in the 1980s and the media age at the turn of the twenty-first century. Supplementary essays by leading scholars provide detailed focus on the American musical's production and preservation, as well as its influence on daily life on the local, national, and international levels. For students, these essays provide models of varying approaches and interpretation, equipping them with the skills and understanding to develop their own analysis of key productions.

Husband Auditions Angela Ruth Strong, 2021-08-17 How far would you go to find the perfect husband? All the way back to the 1950s? In a world full of happily-ever-after love, Meri Newberg feels like the last young woman on the planet to be single, at least in her Christian friend group. So when she's handed a strange present at the latest wedding--a 1950s magazine article of ways to get a husband--she decides there's nothing to lose by trying out its advice. After all, she can't get any more single, can she? Her brother's roommate sees the whole thing as a great opportunity. Not to fall in love--Kai Kamaka has no interest in the effort a serious relationship takes. No, this is a career jump start. He talks Meri into letting him film every silly husband-catching attempt for a new online show. If it goes viral, his career as a cameraman will be made. When Meri Me debuts, it's an instant hit. People love watching her lasso men on street corners, drop handkerchiefs for unsuspecting potential beaux, and otherwise embarrass herself in pursuit of true love. But the longer this game goes on, the less sure Kai is that he wants Meri to snag anyone but him. The only problem is that he may not be the kind of husband material she's looking for . . . With droll comic timing, unbeatable chemistry, and a zany but relatable cast of characters, Angela Ruth Strong has created a heartfelt look at the reality of modern Christian dating that readers will both resonate with and fall for.

The Patsy of Lewisville H.F. Beaumont, 2021-10-14 H. F. Beaumont's newest novel digs deep into one's emotions. The chief's teenaged daughter falls in love with a local non-tribal residence named Jameson Brown. This relationship was frowned upon by not only the tribe but the local community outside of the reservation. Morning Dove became pregnant, looked down on by the tribe for violating tribal laws, while the non-tribal boyfriend was forbidden to see Morning Dove. Years later, Jameson Brown returns to the community adjacent to the reservation and frequented the local drug store soda fountain. He was not aware that Hayward Brown was his son who was the one making the malts, shakes, sundaes, and banana splits behind the counter for customers. During a brush-clearing operation just west of the Stockdale residence, the earthmoving machinery unearthed a human skeleton. The police were called to the job site. This led to a criminal investigation. Buckle up your seatbelts, for one suspenseful ride.

The Director's Voice, Vol. 2 Jason Loewith, 2012-11-20 "Directors today are equipped with a larger toolbox than their forerunners, standing on their shoulders as well as those of pioneers in non-Western theater, experimental visual art, community-based theater, and the ever-evolving commercial theater scene." — Jason Loewith This second volume presents a cross-section of the most diverse and dynamic stage directors defining today's American theater, in conversation with director/producer Jason Loewith. A follow-up to the immensely popular first volume, which has sold over eighteen thousand copies, much has changed in the twenty years since *The Director's Voice* debuted. "The nonprofit model has been turned on its head," Loewith notes. "Institution-building is out for these directors; creating a distinctive voice from a multiplicity of influences is in." Together, these directors sketch a compelling portrait of the art form in the new century. Interviews include: Anne Bogart, Mark Brokaw, Peter Brosius, Ping Chong, David Esbjornson, Oskar Eustis, Frank Galati, Michael Kahn, Moisés Kaufman, James Lapine, Elizabeth LeCompte, Emily Mann, Michael Mayer, Marion McCClinton, Bill Rauch, Bartlett Sher, Julie Taymor, Theatre de la Jeune Lune (Barbra Berlovitz, Steven Epps, Vincent Gracieux, Robert Rosen, and Dominique Serrand), George C. Wolfe, and Mary Zimmerman. Jason Loewith is a producer, director, and writer. He has served since 2002 as artistic director of Chicago's Next Theatre Company, where he conceived, co-wrote, and produced *Adding Machine: A Musical*, which had an award-winning run off-Broadway.

Songwriters of the American Musical Theatre Nathan Hurwitz, 2016-09-01 From the favorites of Tin Pan Alley to today's international blockbusters, the stylistic range required of a musical theatre performer is expansive. Musical theatre roles require the ability to adapt to a panoply of characters and vocal styles. By breaking down these styles and exploring the output of the great composers, *Songwriters of the American Musical Theatre* offers singers and performers an essential guide to the modern musical. Composers from Gilbert and Sullivan and Irving Berlin to Alain Boublil and Andrew Lloyd Webber are examined through a brief biography, a stylistic overview, and a comprehensive song list with notes on suitable voice types and further reading. This volume runs the gamut of modern musical theatre, from English light opera through the American Golden Age, up to the mega musicals of the late Twentieth Century, giving today's students and performers an

indispensable survey of their craft.

Creativity, Inc. (The Expanded Edition) Ed Catmull, Amy Wallace, 2023-09-28 The co-founder and longtime president of Pixar updates and expands his 2014 New York Times bestseller on creative leadership, reflecting on the management principles that built Pixar's singularly successful culture, and on all he learned during the past nine years that allowed Pixar to retain its creative culture while continuing to evolve. "Might be the most thoughtful management book ever."—Fast Company For nearly thirty years, Pixar has dominated the world of animation, producing such beloved films as the Toy Story trilogy, Finding Nemo, The Incredibles, Up, and WALL-E, which have gone on to set box-office records and garner eighteen Academy Awards. The joyous storytelling, the inventive plots, the emotional authenticity: In some ways, Pixar movies are an object lesson in what creativity really is. Here, Catmull reveals the ideals and techniques that have made Pixar so widely admired—and so profitable. As a young man, Ed Catmull had a dream: to make the first computer-animated movie. He nurtured that dream as a Ph.D. student, and then forged a partnership with George Lucas that led, indirectly, to his founding Pixar with Steve Jobs and John Lasseter in 1986. Nine years later, Toy Story was released, changing animation forever. The essential ingredient in that movie's success—and in the twenty-five movies that followed—was the unique environment that Catmull and his colleagues built at Pixar, based on philosophies that protect the creative process and defy convention, such as:

- Give a good idea to a mediocre team and they will screw it up. But give a mediocre idea to a great team and they will either fix it or come up with something better.
- It's not the manager's job to prevent risks. It's the manager's job to make it safe for others to take them.
- The cost of preventing errors is often far greater than the cost of fixing them.
- A company's communication structure should not mirror its organizational structure. Everybody should be able to talk to anybody.

Creativity, Inc. has been significantly expanded to illuminate the continuing development of the unique culture at Pixar. It features a new introduction, two entirely new chapters, four new chapter postscripts, and changes and updates throughout. Pursuing excellence isn't a one-off assignment but an ongoing, day-in, day-out, full-time job. And *Creativity, Inc.* explores how it is done.

Hollywood Jill Tietjen, Barbara Bridges, 2019-04-26 The year was 1896, the woman was Alice Guy-Blaché, and the film was *The Cabbage Fairy*. It was less than a minute long. Guy-Blaché, the first female director, made hundreds of movies during her career. Thousands of women with passion and commitment to storytelling followed in her footsteps. Working in all aspects of the movie industry, they collaborated with others to create memorable images on the screen. This book pays tribute to the spirit, ambition, grit and talent of these filmmakers and artists. With more than 1200 women featured in the book, you will find names that everyone knows and loves—the movie legends. But you will also discover hundreds and hundreds of women whose names are unknown to you: actresses, directors, stuntwomen, screenwriters, composers, animators, editors,

producers, cinematographers and on and on. Stunning photographs capture and document the women who worked their magic in the movie business. Perfect for anyone who enjoys the movies, this photo-treasury of women and film is not to be missed.

Are You Gonna Kiss Me or Not? Thompson Square, 2013-06-04 From Thompson Square, a married twosome who knows a little something about what it's like to overcome years of struggle in the music business and find love, *Are You Gonna Kiss Me or Not?* is a charming and humorous love story about coming of age, knowing where you belong, and finding the perfect person to share life with. Daniel and Casey were an unlikely couple back in high school when they came together to write music for a school event. Struggling against their differences, they dated during college, but their relationship never seemed quite right. Yet despite their personal conflict, as songwriters they had undeniable chemistry—and several hit songs. Eventually they went their own ways, both trying to make it in the music world and find true love. Years later, both Daniel and Casey are at rock bottom, still trying to find success. But when they connect again as old friends, they realize that what they needed was right in front of them all along: each other.

The Director's Voice, Vol. 2 Jason Loe Additional Writer, 2012-11-20 Interviews with leading stage directors working in the American theater.
