W.B. Yeats Heather C. Martin, 1986-12-20 W. B. Yeats spent a great deal of his life immersing himself in magical, mystical, and philosophic studies in order, as he claimed, to devise a personal system of thought "that would leave [his] ... imagination free to create as it chose and yet make all that it created, or could create, part of the one history, and that the soul's." He succeeded in developing a cohesive metaphysics, and one which is surprisingly original. While he set it down in a series of philosophical treatises culminating in *A Vision*, it is most clearly elaborated in his plays, which breathe life and meaning into the rather obscure statements of the treatises. In this book, the author traces "the history of the soul" as it is

developed in Yeats's plays. She elucidates the underlying system of thought in the drama and establishes its importance to the aim and execution of the plays by drawing attention to a few of the central themes, metaphors, and symbols through which it is developed. The manuscript and the earliest published versions of the plays are indispensable to this study as they retain much of the abstract thought which Yeats eliminated from the later versions. Martin traces the development of the metaphors and images which gradually replaced Yeats's abstractions. In the process, she is able to uncover new meaning in the plays, as many subtle and obscure passages become clearly understandable.

Love's Forgiveness John Lippitt, 2020 Love's Forgiveness combines a discussion of the nature and ethics of forgiveness with a discussion--inspired by Kierkegaard--of the implications of considering interpersonal forgiveness as a 'work of love'. It introduces the reader to some key questions that have exercised recent philosophers of forgiveness, discussing the relationship between forgiveness and an extended notion of resentment; considering whether forgiveness should be conditional or unconditional (showcasing a particular understanding of the latter); and arguing that there are legitimate forms of third party forgiveness. It then introduces the idea of forgiveness as a work of love through a discussion of Kierkegaard, key New Testament passages on forgiveness, and some contemporary work on the philosophy of love. Drawing on both philosophy and the New Testament, it offers an understanding of forgiveness that incorporates both agapic love and a proper concern for justice. John Lippitt explores religious and secular uses of key metaphors for forgiveness, and the idea of forgivingness as a character trait, suggesting that seeking to correct for various cognitive biases is key to the development of such a virtue, and connecting it to other putative virtues, such as humility and hope. Lippitt draws on both Kierkegaard's discourse literature and contemporary philosophical work on these latter characteristics, before turning to a discussion of the nature of self-forgiveness. Throughout the book, the philosophical and theological literature is rooted in a discussion of various 'forgiveness narratives', including Helen Prejean's *Dead Man Walking*, Thordis Elva and Tom Stranger's *South of Forgiveness*, and Ian McEwan's *Atonement*.

White Light Ronald J. Friis, 2021-11-12 White Light: The Poetry of Alberto Blanco examines the interplay of complementary images and concepts in the award-winning Mexican writer's cycle of poems from 1979 to 2018. Blanco's poetic trilogy A la luz de siempre is characterized by its broad range of form and subject and by the poet's own eclectic background as a chemist, maker of collages, and musician. Blanco speaks the language of the visual arts, science, mathematics, music, and philosophy, and creates work with deep interdisciplinary roots. This book explores how polarities such as space and place, reading and writing, sound and silence, visual and verbal representation, and faith and doubt are woven through A la luz de siempre. These complements reveal how Blanco's poetry, like the phenomenon of white light, embraces paradox and transforms into something more than the sum of its disparate and polychromatic parts.
