Sacred Senses in Sacred Space John Lawrence Darretta, Ph.D., 2022-09-12 Entering a church, our senses are sparked. We see candlelight, the colorful windows, and statues. We smell the faint burning wax and incense. We touch our foreheads with holy water and our knees to the floor. During Mass, we hear bells and the choir singing, and taste the sacrament. Some would say we are overwhelmed with physical objects but not spiritual essence. However, how does one know the spiritual essence if not through the physical objects? Knowledge comes through the senses of sight, hearing, smell, taste, and touch. We achieve understanding and move further into spiritual awareness. Our senses communicate symbols that are physical signs of the abstract, the spiritual, and the metaphysical. SACRED SENSES IN SACRED SPACE contributes to a greater understanding and reverence for sacred objects as perceived through the senses designed for the layman rather than an academic study of the historical or liturgical origins of sacred objects and images. Sacred Senses guides the reader through a church on a meditative journey down the sanctuary's central aisle. Along the way, it reveals what we see, hear, smell, taste, and touch, which moves us from the physical to the spiritual. It begins with an introductory chapter on using your senses and recognizing signs in a sacred space. The book is organized according to the five senses: sight, hearing, smell, taste, and touch. Listed under each specific sense are various objects and practices that we experience in church with a page of description, definition, background, and meditative comments, and a scriptural reference. Each chapter showcases a relevant

photograph and ends with a pertinent quote or poetic verse, so that the sacred objects are revealed and revered. Together, the pages quickly explain and show each object with its beauty, meaning, and purpose within the sacred space. Teaching the Rite of Christian Initiation for Adults (RCIA) and Religious Education programs for adults and youths, I discovered students of the Catholic faith must know the truth about the “smells and bells” of the Catholic Church and their spiritual significance. Yet, I have known Catholics who do not fully understand why we have statues, fonts, tabernacle, ringing bells, burning candles, swirling incense, and more. Sacred Senses in Sacred Space is an excellent devotional and educational experience for use in RCIA and Religious Education programs, book clubs, and for inquisitive audiences.

We're Good Meg Keeshan McGovern, 2018-07-03 We're Good is an inspiring story about a well-rounded teenage athlete whose life changed in the blink of an eye. Chris O'Brien innocently dove into the ocean, hit a sandbar, and was instantly paralyzed. Going from a D-1 athlete to quadriplegic at eighteen years old is life changing. Chris was a swimmer, sailor, and student in college going about life before the accident. First time author, Meg Keeshan McGovern, has beautifully captured the pathos that accompanies a family tragedy and illustrates how it can become triumph for all. Through narrative and personal stories she guides the reader through the various stages of grief, denial, anger, therapy and devotion that this one family went through to emerge on the other side stronger and full of more promise than ever.

The Kessler Crossing Myron S. Lubell, 2022-10-21 DR. NATHAN KESSLER, RECIPIENT OF THE NOBEL PRIZE IN PHYSICS, expands upon Einstein's Theory of Relativity in an attempt to unite time and space in the Fourth Dimension. He experiments with tele-transportation of matter and energy across a man-made wormhole in the space-time continuum - which he refers to as THE KESSLER CROSSING-and successfully transports a famous person from antiquity to the present. How the world reacts and how his associates publicize and commercialize this astonishing achievement exposes the dark side of society.

The Leadership Acronym Fofa Thomas, 2016-07-13 The Leadership Acronym is based on leadership abilities. On how a leader can gain and use influence to win over the hearts of people and to get desired things done. Anyone who have ever led an organisation, a group of people or a department has struggled at the beginning as a leader. Not because they lack ideas or have wrong motives, but because they lack the unique leadership ingredient. It takes influence for any leader to successfully lead. Without influence, leadership will be based on power and position where the leader will abuse and assault people in order to carry out instructions. Leadership is not meant for a selected few. There is no one born with the wisdom of leadership. All successful leaders learn to lead.

Embodying Prayer Jennifer M. Fox Eades, 2024-08-30 For centuries, European thought has separated mind and body and consequently prayer has been taught either as a purely verbal process, a product of the rational mind or as an attempt to overcome, subdue or forget the body. This book draws on the gentle spirituality of St Francis and St Clare of Assisi and the embodied practice of the Alexander technique to put the body back into our prayers and to reclaim the physical as a site of the sacred. Written from within the Christian tradition but intended for those of any faith or none, it contains practical ideas for exploring prayer through simple movements and gentle physical practices, reclaiming the body as the heart of prayer. It

is written from the perspective of a professional Alexander technique teacher, ordained minister in the Church of England, and life long practitioner of body/mind disciplines including Aikido, tai chi and qi gong. Each chapter concludes with practices to promote greater peace, physical ease, spiritual depth and a more restful approach to life.

A Commentary on Laudato Si Kevin W. Irwin, 2016

St. Francis of America Patricia Appelbaum, 2015-07-28 How did a thirteenth-century Italian friar become one of the best-loved saints in America? Around the nation today, St. Francis of Assisi is embraced as the patron saint of animals, beneficently presiding over hundreds of Blessing of the Animals services on October 4, St. Francis's Catholic feast day. Not only Catholics, however, but Protestants and other Christians, Hindus, Buddhists, Jews, and nonreligious Americans commonly name him as one of their favorite spiritual figures. Drawing on a dazzling array of art, music, drama, film, hymns, and prayers, Patricia Appelbaum explains what happened to make St. Francis so familiar and meaningful to so many Americans. Appelbaum traces popular depictions and interpretations of St. Francis from the time when non-Catholic Americans "discovered" him in the nineteenth century to the present. From poet to activist, 1960s hippie to twenty-first-century messenger to Islam, St. Francis has been envisioned in ways that might have surprised the saint himself. Exploring

how each vision of St. Francis has been shaped by its own era, Appelbaum reveals how St. Francis has played a sometimes countercultural but always aspirational role in American culture. St. Francis's American story also displays the zest with which Americans borrow, lend, and share elements of their religious lives in everyday practice.
