The Reincarnation of Edgar Cayce? Wynn Free, David Wilcock, 2010-06-15 Discover the legacy of the most famous psychic of the 20th-century in this stirring exploration of psychic abilities, reincarnation, and other paranormal phenomena. There are remarkable parallels between the work of David Wilcock and Edgar Cayce—the legendary clairvoyant, ‘sleeping prophet’, and ‘father of holistic medicine’. Here, author Wynn Free explores these parallels, building a convincing case that the two men shared the same source of prophetic information—and that Wilcock might indeed be Cayce’s reincarnation. Compiling some of Wilcock’s most inspirational and life-transforming prophetic guidance from his channeled Source, this book conveys profound insights into topics such as earth changes, secret cabals, soul evolution, death and reincarnation, ascension, crop circles, and the theory of evolution. Explaining how energetic increases occurring in the Sun and planets can have scientifically-measurable, far-reaching effects in a number of realms, *The Reincarnation of Edgar Cayce* presents new evidence that this energy can transform DNA, potentially making ESP, telekinesis, levitation, and other paranormal activities as common as breathing and usher in the Golden Age promised by every major spiritual tradition in human history. Readers will come away with a deeper understanding not only of the life and work of both Wilcock and Cayce, but with a broader sense of the many forces—seen and unseen—at work in the universe today.

Awakening in the Dream David Wilcock, 2021-08-10 New York Times bestselling author David Wilcock's latest captivating work of nonfiction, exploring new hidden truths about extraterrestrials, dreams, sacred science, channeling your Higher Self, and Ascension. What happens when a UFO researcher suddenly comes into telepathic contact with the very beings he has been so avidly studying, after years of increasingly provocative dreams? What happens when these telepathic readings begin predicting the future with astonishing precision—and speaking about an incredible upcoming event in which all life in our solar system will undergo a spontaneous transfiguration? David Wilcock is a master at weaving together cutting-edge alternative science, shocking insider information, and his own personal experiences to reveal stunning truths about humanity, positive and negative extraterrestrials, lost civilizations, and the universe we share. In *Awakening in the Dream*, David once again combines his extensive research, the Law of One series, new insider revelations, and his own connection with the divine to bring humanity closer to full disclosure than ever before—as well as to help us activate our full potential on the eve of Ascension. A New York Times bestselling author, TV personality, filmmaker, lecturer, and consciousness expert,

David is the perfect person to guide us through the hidden realities of our world. With its myriad information, anecdotes, big picture comparative analysis with over six hundred references, and trustworthy messages channeled directly from the highest-level angelic sources, including a remarkable set of future prophecies built into the Great Pyramid itself, *Awakening in the Dream* promises to be his most astounding book yet.

Law and Custom in Hasidism Aharon Verthaim,1992 Despite their importance, works of Hasidism tend to ignore the innovative halakhic aspect of the early hasidic movement. Rabbi Wertheim's book is unique for its emphasis on hasidic practices, Hasidism on the ground, so to speak. From changes in dress to prayers, the establishment of a relationship with the rebbe, and its observance of holidays, the author provides not only detailed and carefully footnoted information, but provides an historical perspective which allows the reader to understand these innovations in context.

The Interpretation of Scripture in Early Judaism and Christianity Craig A. Evans,2000-06-01 This volume assembles several important studies that examine the role of language in meaning and interpretation. The various contributions investigate interpretation in the versions, in intertestamental traditions, in the New Testament, and in the rabbis and the targumim. The authors, who include well-known veterans as well as younger scholars, explore the differing ways in which the language of Scripture stimulates the understanding of the sacred text in late antiquity and gives rise to important theological themes. This book is a significant resource for any scholar interested in the interpretation of Scripture in and just after the biblical period.

Thoth is the equivalent of Hermes and Moses Helena Petrovna Blavatsky,2019-09-17 With the Kabbalists, Fire and Motion were instrumental in the formation of the world out of pre-existing Matter. Aditi, the primordial Water of Space, is the original of Sephirah, and crown of the Sephiroth. The AUM of the Hindus had become the Aion with the Greeks, and the Ævum with the Romans — the Pan or All. With Moses, Elohim and Jehovah were numerical indices of geometrical relations, and stood for a diameter and a circumference value, respectively. When Shimon ben-Yohai's heavenly light gave place to the darkness of the gloomy cave, then only the disciples of Israel perceived that the lamp of Israel was extinguished. The key of things concealed is the key of the sanctuary. Mount Sumeru is the father of the Greek Parnassos and Tomaros. The Hindu

Kailasa (Heaven), too, is the father of the Greek Heaven (Koilon). Even the German Heaven (Himmel) was inspired by the Heavenly Himalaya. From where the Greeks obtained their Parnassos, thence proceeded most of the biblical personages. Abram was one of them, a Chaldæan Brahman, transformed later into A-brahm (A-braham), i.e., no-Brahman, who emigrated westward and became the “father of many nations.” Every God and hero in ancient Pantheons, including those of the Bible, has three biographies in the narrative, running parallel with each other, and each connected with one of three aspects of the hero — historical, astronomical, and perfectly mythical — the last serving to link the other two together and smooth away the asperities and discordances in the narrative, and gathering into one or more symbols the verities of the first two. Moreover, localities are made to correspond with astronomical and even with psychic events. History was thus made captive by ancient Mystery, to become later on the great Sphinx of the age we live in. Not only is everything in Western religion is related to measures, geometrical figures, and time calculations, the principal periods being founded on historical personages, but the latter are also connected with heaven and earth truly, but only with the Indo-Aryan heaven and earth, not with those of Palestine. The Old Testament was milked out of the most ingenious brains of Hebrew Kabbalists, partly in Egypt and partly in Babylonia. Astronomically, Abraham is the sun-measure and a portion of the sun, while Enoch is the solar year, as much as is Thoth-Hermes. Equally Thoth, numerically, is the equivalent of Moses and Hermes, Lord of the lower realms and a teacher of wisdom. More! Abram and Brahmā are equivalent in numerical value! Neither the Book of Enoch, nor the Zohar, nor any other kabbalistic volume, contains merely Jewish wisdom. It was only in the Third Root-Race that the “wheel” of Enoch was invented as a first attempt at symbology, though Enoch No. 1 had naught to do with it.
