Giovanni Bosco è certamente una delle figure ascrivibili a quella ristretta cerchia di intellettuali illuminati che nell'Ottocento compresero la necessità di estendere l'istruzione e la cultura alle masse popolari e di guardare con rinnovata fiducia alla formazione del nuovo cittadino ideale. Tuttavia, spinto dall'urgenza delle condizioni sociali dei giovani, fu essenzialmente un uomo d'azione, capace di intrattenere relazioni costruttive tanto con illustri esponenti dell'aristocrazia torinese, quanto con i poveri ragazzi abbandonati che "sentiva" di dover salvare. Il saggio propone un approccio laico al metodo educativo di don Bosco cercando di comprenderne l'efficacia, le tecniche, i segreti e i limiti della sua proponibilità attuale. Il Sistema Preventivo, viene proposto negli aspetti anticipatori della letteratura pedagogica attuale, facendo riferimento a quei principi intuitivi che hanno trovato conferma nelle più moderne prassi educative. Nel testo, inoltre, si fa riferimento alle problematiche educative della società contemporanea e alla figura dell'educatore moderno, costretto a confrontarsi con una molteplicità di saperi e con una realtà sociale e professionale complessa e mutevole.

Reviving Don Bosco's Oratory. Salesian Youth Ministry, Leadership and Innovative Project Management Michal Vojtš,2017-10-30 The book starts with the development of Salesian youth ministry in the post-Vatican II period. The change from a faithful and repetitive education towards a critical and future-centered approach brought multiple risks. Focusing on organizational aspects, we analyze the underlying theories and their anthropological paradigms, especially Management by Objectives. Then we turn back to the original and permanent criterion for any renewal - the experience of Don Bosco in the Valdocco Oratory. His leadership and management qualities, recent leadership concepts, solid bases of the Salesian Youth Ministry and creative experiments are sewn creatively together in an innovative proposal: 1. Creation of an integral anthropological framework; 2. Development of a set of virtues-qualities at the level of action mentality, shared leadership and operative management; 3. Proposal of a transformational project cycle that merges planning, community building and discernment.
