

The Price Of Glory

New York Times Theater Reviews

The Battle of Verdun Alan Axelrod, 2016-04-01 The Great War ate men, machines, and money without mercy or remission. At the end of 1915, the German army chief of staff, Erich von Falkenhayn, believed he knew how to finally kill the beast and win the war. On Christmas day, 1915, Falkenhayn sent a letter to Kaiser Wilhelm II proposing a campaign to demoralize Britain, whose industrial might and maritime power were the foundation of the alliance against Germany, while also knocking France out of the war. He wrote that the "strain on France has reached breaking point If we succeed in opening the eyes of her people to the fact that in a military sense they have nothing more to hope for, that breaking point would be reached and England's best sword knocked out of her hand." His plan was to attack a single point the French perceived as so vital that they would be compelled "to throw in every man they have." Falkenhayn concluded: "If they do so, the forces of France will bleed to death" or, as he put it later, the "French army would be bled white." Falkenhayn's target of choice was Verdun, a place that, throughout virtually all of the history of Europe, had been a fortress. Located within a loop of the Meuse River, it occupied a strategic blocking position in the Meuse River valley. As recently as the Franco-Prussian War of 1871, Verdun had been the last of the French fortified cities to hold out against the German onslaught. After that war, it had been vastly augmented, so that it was now a circle of detached forts surrounding a central citadel. The town of Verdun itself, also fortified, was likewise encircled by forts distributed in a five-mile radius. The combined massive complex guarded not only passage through the river valley region, but also dominated a key railroad junction leading to points south, southwest, west, and north in France. Along with the related, but separate, Battle of the Somme, Verdun was among the most deadly battles in history. To understand this struggle is to understand all of World War I, including the principal stated motive of Woodrow Wilson for bringing the United States into the "European War" in April 1917. For him, Verdun proved both France's determination to win at all costs and the likelihood that, without help, it would be defeated nevertheless. The unparalleled barbarity of Verdun, a product of the Old World, convinced the American president that only the principal nation of the New World could finally alter the grim course of human destiny. While many, both in 1916 and in the decades that followed, saw Verdun as a bloody monument to the inescapable futility of war, Wilson saw in it a hope for fighting what he would call a "war to end all wars."

The Engineer ,2013 Presents professional information designed to keep Army engineers informed of current and

emerging developments within their areas of expertise for the purpose of enhancing their professional development. Articles cover engineer training, doctrine, operations, strategy, equipment, history, and other areas of interest to the engineering community.

One Family Andrew Kolin, 2021-03-17 *One Family: Before, During, and After the Holocaust*, Third Edition, written by the son of a survivor, revisits and expands the author's research on his relatives while they lived in Poland, France, Denmark and the U.S. Kolin draws on newly available secondary and archival sources, successfully providing readers with a dynamic portrait of this one family as a microcosm of what happened to families throughout Europe during the Holocaust. He explores the identities of his relatives not only as Jews, but also as workers in specific sectors, from the slaughterhouses of Warsaw to the leather workers and pocketbook makers of Paris. He traces the political and military experiences of family members and how each family wrestled with the decision of whether or not to emigrate and whether or not to be politically active. The author describes how his relatives responded to, and coped with, the unfolding of anti-Jewish measures in Poland and France. He then traces how that response, whether it was flight and/or resistance, affected their ultimate fate.

Verdun 1916 William F. Buckingham, 2016-01-15 A gripping narrative of the most infamous Western Front battle of the war. The British remember the Somme, Russia the Brusilov Offensive, and France and Germany remember Verdun
Army History, 1998

Headlocks and Dropkicks Ted Kluck, 2009-06-22 Is it sport or is it entertainment? As presented by World Wrestling Entertainment, Inc., the most well-known promoter of professional wrestling, it is hard for the uninitiated to tell. A refuge for the very athletic, and often a breeding ground for the highly dysfunctional, professional wrestling is, in the truest sense, life on the fringes. *Headlocks and Dropkicks: A Butt-Kicking Ride through the World of Professional Wrestling* chronicles sportswriter Ted A. Kluck's effort to become a professional wrestler at a popular wrestling school in the suburbs of Chicago. In training to become a wrestler, Kluck was able to delve into the traveling-circus elements of the sport and talk to the people who make it work—promoters, bookers, and the wrestlers themselves. Wrestling has weathered manifold changes in American taste to survive and thrive as it does today. Kluck examines the tension between the good vs. evil tales that permeated wrestling in the early to mid 1980s, along with the seamy soap opera storylines that seem to drive it today. He also takes time to catch up with the biggest stars the sport has produced—some of whom have parlayed their fame into financial security and others who are currently looking to reclaim their past glory.

Backboards & Blackboards Patricia A. Adler, Peter Adler, 1991 College basketball experienced its greatest rise in popularity during the eighties, becoming one of the most commercially successful spectator sports in America. With this rise came an era of scandal: recruiting violations, spurious admittance practices, and controversial treatment of student athletes. Within this guarded context of scrutiny, allegations of improprieties, and media celebrity, Patricia and Peter Adler penetrated

the public front of a top twenty basketball team. The result of their efforts, *Backboards and Blackboards: College Athletes and Role Engulfment*, is a compelling inside account of an exciting, intimidating, and glamorous hidden arena.

CMJ New Music Report ,2000-05-29 CMJ New Music Report is the primary source for exclusive charts of non-commercial and college radio airplay and independent and trend-forward retail sales. CMJ's trade publication, compiles playlists for college and non-commercial stations; often a prelude to larger success.

A German Jew's Triumph Cindy Schweich Handler,2025-04-04 When Prussian soldier Fritz Oppenheimer left the World War I battlefield with two Iron Crosses, he could never have imagined that the pinnacle of his military career would come 27 years later at the German surrender in World War II, when he took top Nazi leaders into captivity and interrogated Wilhelm Keitel, head of the Wehrmacht. A towering personality packed into a 5'3 frame, Oppenheimer was a wealthy Jewish Berliner who fled the Third Reich in mid-1938, joined basic training in the U.S. Army at 45, and ultimately became General Eisenhower's legal aide and translator, tasked with helping to build a sustainable postwar democracy in his former homeland. This historical biography presents an untold David-and-Goliath story, demonstrating how one person's efforts can help change the course of history and forge a more hopeful future.

Homer's Hero Michelle M. Kundmueller,2019-10-01 Offering a new, Plato-inspired reading of the Iliad and the Odyssey, this book traces the divergent consequences of love of honor and love of one's own private life for human excellence, justice, and politics. Analyzing Homer's intricate character portraits, Michelle M. Kundmueller concludes that the poet shows that the excellence or virtue to which humans incline depends on what they love most. Ajax's character demonstrates that human beings who seek honor strive, perhaps above all, to display their courage in battle, while Agamemnon's shows that the love of honor ultimately undermines the potential for moderation, destabilizing political order. In contrast to these portraits, the excellence that Homer links to the love of one's own, such as by Odysseus and his wife, Penelope, fosters moderation and employs speech to resolve conflict. It is Odysseus, rather than Achilles, who is the pinnacle of heroic excellence. Homer's portrait of humanity reveals the value of love of one's own as the better, albeit still incomplete, precursor to a just political order. Kundmueller brings her reading of Homer to bear on contemporary tensions between private life and the pursuit of public honor, arguing that individual desires continue to shape human excellence and our prospects for justice.

***The Army Historian* ,1993**

THE INDIAN LISTENER All India Radio (AIR),New Delhi ,1950-09-03 The Indian Listener (fortnightly programme journal of AIR in English) published by The Indian State Broadcasting Service,Bombay ,started on 22 December, 1935 and was the successor to the Indian Radio Times in english, which was published beginning in July 16 of 1927. From 22 August ,1937 onwards, it was published by All India Radio,New Delhi.From July 3 ,1949,it was turned into a weekly journal.

Later, The Indian listener became Akashvani in January 5, 1958. It was made a fortnightly again on July 1, 1983. It used to serve the listener as a Bradshaw of broadcasting, and give listener the useful information in an interesting manner about programmes, who writes them, take part in them and produce them along with photographs of performing artists. It also contains the information of major changes in the policy and service of the organisation. The New York Times Film Reviews 1999-2000 New York Times Theater Reviews, 2001-12 From the Oscar-winning blockbusters *American Beauty* and *Shakespeare in Love* to Sundance oddities like *American Movie* and *The Tao of Steve*, to foreign films such as *All About My Mother*, the latest volume in this popular series features a chronological collection of facsimiles of every film review and awards article published in *The New York Times* between January 1999 and December 2000. Includes a full index of personal names, titles, and corporate names. This collection is an invaluable resource for all libraries.

World War I Michael Neiberg, 2017-11-22 Once-dominant images of the First World War as a futile contest fought by innocent soldiers and wasteful generals have given way to more sophisticated scholarly analyses. This volume presents some of the most innovative work of this new generation of research on the War to End All Wars. Taking a global and comparative perspective, these essays place the War in a wide global and thematic context, greatly enhancing our understanding of one of the most important and complex events of the 20th Century.

Artillery in the Great War Paul Strong, Sanders Marble, 2011-05-18 A year-by-year examination of key WWI battles and how the ongoing advances in artillery shaped strategy, tactics, and operations; includes battlefield maps! World War I is often

said to have been an artillery war, yet the decisive role artillery played in shaping military decisions—and therefore the war itself—has rarely been examined. Artillery in the Great War traces the development of this all-important technology, the differing approaches to its use, the many innovations it underwent on both sides, and how those approaches and innovations in turn effected key battles such as the Battle of the Somme. This highly readable and informative history is perfect for any reader interested in understanding the legacy of World War I, or the evolution of modern warfare.
