Rafael Nieto

A Treatise of the Laws of Nature Richard Cumberland,1727

The Old Testament Pseudepigrapha James H. Charlesworth,2010-02 The Old Testament Pseudepigrapha is truly a work of international importance, and Hendrickson Publishers is pleased to offer it in this economical paperback edition. -- Book Jacket.

Heaven Ain't Goin' There John A. Davies,2019-09-30 This book issues a provocative challenge to the notion, prevalent in Christian circles, that people (or their souls) go to heaven when they die. Though deeply entrenched in Christian and Western culture, there is little or no biblical warrant for such a belief. John Davies presents a biblical theology of heaven, informed by mainstream biblical scholarship, and in the process sweeps away popular misconceptions. Be prepared to have your understanding of such cherished passages as John 14:2 (In my Father's house . . .) challenged. But as well, this book seeks to show the more glorious dimensions of the Christian hope, our renewal as whole persons in the context of a cosmic restoration, the outcome of the victory of Jesus. Though much of the language of the Bible regarding our eternal destiny is in the form of imagery, we should continue to use such imagery, understanding it against its cultural background, rather than construct our own more impoverished mythology based more on dubious logic and sentiment.

The Glory of Heaven John MacArthur,2013 This pastor and bestselling author dispels secular myths and opens hearts to the reassuring truths about heaven, angels, and the afterlife with this thorough study of Scripture's references to these topics.

The Heavenly Treason Rafael Nieto,2019-08-16 The Heavenly Treason is a book that explains about how the author, in his years of adolescence, gave his free will back to God, and through his faith and with the acceptance from the Divine, he has been touched by these forces that are surrounding us, and these have begun to influence his life. Through God's true words written in the Bible over two thousand plus years, we can find reassurance of His true work from astronomy and archaeology since the beginning of creation. We will also learn about God and the creation of the sons of the Divine Fire, which are the ones that will carry God's will throughout the entire creation since the beginning of time, and where with great detail on the second day of creation one Prince of the Divine Presence starts to convince one-third of the heavenly Hosts to separate from the Creator. This Prince creates the greatest celestial war, from which he becomes the greatest celestial

adversary called Satan until the end of time.

Joseph Dan, 2005 Joseph Dan, the Gershom Scholem Professor of Kabbalah Emeritus at the Hebrew University and long-time Professor of Jewish Studies at the Freie Universität Berlin, is one of the most influential figures in the fields of Jewish mystical thought, homiletical and ethical literature, modern Messianism and Hasidism, and contemporary 'belles-lettres'. His studies of the diverse aspects of Jewish creativity, with close attention to the dialectics of religious-cultural continuity versus historical innovation, provide a comprehensive overview of the complex history of Jewish thought and its multiple creative faces. It is precisely for this reason, to honor Joseph Dan's multifaceted research, that his many colleagues, students, and friends, scattered among universities around the world, have decided to focus their contributions in this Festschrift on the continuing process of creation and re-creation in Jewish thought throughout the centuries.
