**A Book of the United States** Various,2019-12-05 A Book of the United States is an anthology that elegantly weaves together the diverse narratives and philosophies that illuminate the American experience. This collection features contributions from a variety of authors, each reflecting on the themes of identity, freedom, and the American landscape. The book's literary style ranges from folk tales and essays to poetry and historical accounts, presenting a kaleidoscopic view that captures the complexities of the nation from different cultural, social, and historical contexts. Such a rich tapestry of voices creates an engaging dialogue about what it means to be part of a unified yet multifaceted country. **The Seed Collectors** Scarlett Thomas,2017-04-25 A complex and fiercely contemporary tale of inheritance, enlightenment, life, death, desire and family trees, The Seed Collectors is the most important novel yet from one of the world's most daring and brilliant writers. Great Aunt Oleander is dead. To each of her nearest and dearest she has left a seed

pod. The seed pods might be deadly, but then again they might also contain the secret of enlightenment. Not that anyone has much time for enlightenment. Fleur, left behind at the crumbling Namaste House, must step into Oleander's role as guru to lost and lonely celebrities. Bryony wants to lose the weight she put on after her botanist parents disappeared, but can't stop drinking. And Charlie struggles to make sense of his life after losing the one woman he could truly love. As Henry James said of George Eliot's *Middlemarch*, *The Seed Collectors* is a treasurehouse of detail revealing all that it means to be connected, to be part of a society, to be part of the universe and to be human.
