Map of Bones James Rollins, 2005-04-26 The bestselling master of astonishing adventure James Rollins delivers his most relentlessly exciting page-turner to date—a gripping and explosive novel of an ancient conspiracy to create a terrifying new world order out of the ashes of modern civilization. The killers haven't come for the church's gold and valuable artwork, but for a priceless treasure secreted within: the preserved bones of the Three Magi who once came to pay homage to a newborn savior. The Doomsday Key LP James Rollins, 2009-06-23 James Rollins, the New York Times bestselling master of nail-biting suspense and historical mystery, combines cutting-edge biotechnology with a centuries-old secret in an apocalyptic story that reveals where humankind is truly headed. The Doomsday Key At Princeton University, a famed geneticist dies inside a biohazard lab. In Rome, a Vatican archaeologist is found dead in St. Peter's Basilica. In Africa, a U.S. senator's son is slain outside a Red Cross camp. The three murders on three continents bear a horrifying connection: all the victims are marked by a Druidic pagan cross burned into their flesh. The bizarre murders thrust Commander Gray Pierce and Sigma Force into a race against time to solve a riddle going back centuries, to a ghastly crime against humanity hidden within a cryptic medieval codex. The first clue is discovered inside a mummified corpse buried in an English peat bog—a gruesome secret that threatens America and the world. Aided by two women from his past—one his exlover, the other his new partner—Gray must piece together the horrifying truth. But the revelations come at a high cost, and to save the future, Gray will have to sacrifice one of the women at his side. That alone might not be enough, as the true path to salvation is revealed in a dark prophecy of doom. Sigma Force confronts humankind's greatest threat in an adventure that races from the Roman Coliseum to the icy peaks of Norway, from the ruins of medieval abbeys to the lost tombs of Celtic kings. The ultimate nightmare is locked within a talisman buried by a dead saint—an ancient artifact known as the Doomsday Key.

The Last Odyssey James Rollins, 2020-03-24 To save the world and our future, Sigma Force must embark on a dangerous odyssey into an ancient past whose horrors are all too present in this page-turning thriller from #1 New York Times bestselling author James Rollins that combines cutting-edge science, historical mystery, mythology, and pulse-pounding action. For eons, the city of Troy—whose legendary fall was detailed in Homer’s Iliad—was believed to be myth, until archaeologists in the nineteenth century uncovered its ancient walls buried beneath the sands. If Troy was real, how much of Homer’s twin tales of gods and monsters, curses and miracles—The Iliad and The Odyssey—could also be true and awaiting discovery? In the frozen tundra of Greenland, a group of modern-day researchers stumble on a shocking find: a medieval ship buried a half-mile below the ice. The ship’s hold contains a collection of even older artifacts—tools of war—dating back to the Bronze Age. Inside the captain’s cabin is a magnificent treasure that is as priceless as it is miraculous: a clockwork gold map imbedded with an intricate silver astrolabe. The mechanism was crafted by a group of Muslim inventors—the Banū Mūsā brothers—considered by many to be the Da Vincis of the Arab world—brilliant scientists who inspired Leonardo’s own work. Once activated, the moving map traces the path of Odysseus’s famous ship as it sailed away from Troy. But the route detours as the map opens to reveal a fiery river leading to a hidden realm underneath the Mediterranean Sea. It is the subterranean world of Tartarus, the Greek name for Hell. In mythology, Tartarus was where the wicked were punished and the monstrous Titans of old, imprisoned. When word of Tartarus spreads—and of the cache of miraculous weapons said to be hidden there—tensions explode in this volatile region where Turks battle Kurds, terrorists wage war, and civilians suffer untold horrors. The phantasmagoric horrors found in Homer’s tales are all too real—and could be unleashed upon the world. Whoever possesses them can use their awesome power to control the future of humanity. Now, Sigma Force must go where humans fear to tread. To prevent a tyrant from igniting a global war, they must cross the very gates of Hell.

The Demon Crown James Rollins, 2017-12-05 “Bone-chilling.” -Publishers Weekly (Starred Review) “One of the best in the series.” -Booklist (Starred Review) To save mankind’s future, the members of Sigma Force must make a devil’s bargain as they join forces with their most hated enemy to stop an ancient threat in this gripping adventure from #1 New York Times bestselling author James Rollins. Off the coast of Brazil, a team of scientists discovers a horror like no other, an island where all life has been eradicated, consumed, and possessed by a species beyond imagination. Before they can report their discovery, a mysterious agency attacks the group, killing them all, save one: an entomologist, an expert on venomous creatures, Professor Ken Matsui from Cornell University. Strangest of all, this inexplicable threat traces back to a terrifying secret buried a century ago beneath the National Mall: a cache of bones preserved in amber. The artifact was hidden away by a cabal of scientists—led by Alexander Graham Bell—to protect humankind. But they dared not destroy it, for the object also holds an astonishing promise for the future: the very secret of life after death. Yet nothing stays buried forever. An ancient horror— dormant in the marrow of those preserved bones—is free once more, nursed and developed into a weapon of

incalculable strength and malignancy, ready to wreak havoc on an unsuspecting world. To stop its spread, Commander Grayson Pierce of Sigma Force must survive a direct attack on the island of Maui. To be there first has always been the core mission of Sigma Force, a covert team forged to be America's front line against emerging threats. But this time, even Sigma may not be able to decipher the deadly mystery, one that traces back to the founding of the Smithsonian Institution. With each new discovery, the menace they hunt is changing, growing, spreading—adapting and surviving every attempt to stop it from reconquering a world it once ruled. And each transformation makes it stronger . . . and smarter. Running out of time and options, Commander Grayson Pierce will be forced to make an impossible choice. To eradicate this extinction-level threat and expose those involved, he will have to join forces with Sigma's greatest enemy—the newly resurrected Guild—even if it means sacrificing one of his own.

The 6th Extinction James Rollins, 2014-08-12 In a masterful epic that combines timeless mystery and ripped-from-the-headlines scientific intrigue, New York Times bestselling author James Rollins takes humankind to its endpoint, to a fate inscribed in rock and ice in an event known as THE 6TH EXTINCTION. Life always finds a way. . . . A military research station buried in the remote Sierra Nevada Mountains of Northern California broadcasts a frantic distress call that ends with a chilling order: This is Sierra, Victor, Whiskey. There's been a breach. Failsafe initiated. No matter the outcome: Kill us . . . kill us all. The site is part of TECOMM, the U.S. Army Test Command. When help arrives to investigate, they discover that everyone in the lab is dead—not just the scientists, but every living thing for fifty square miles is annihilated: every animal, plant, and insect, even bacteria. The land is completely sterile—and the blight is spreading. Only one team on earth has the scientific knowledge and military precision to handle this mission: Commander Gray Pierce and Sigma. The dead scientists were working on a secret project, researching radically different forms of life on Earth, life that could change our understanding of biology and humanity itself. But something set off an explosion in the lab, and now Sigma must contend with the apocalyptic aftermath. To prevent the inevitable, they must decipher a futuristic threat that rises out of the distant past—a time when Antarctica was green and life on Earth was balanced on a knife's edge. Following a fascinating trail of clues buried in an ancient map rescued from the lost Library of Alexandria, Sigma will make a shocking discovery involving a prehistoric continent and a new form of life and death buried under miles of ice. Gray Pierce and his dedicated team must race through eons of time and across distant continents to decipher millennia-old secrets out of the frozen past and untangle mysteries buried deep in the darkest jungles of today, as they face their greatest challenge yet: stopping the Sixth Extinction—the end of humankind. But is it already too late? The Sixth Extinction combines pulsating adventure, intriguing history, and cutting-edge advances in science and technology in a thrilling white-knuckle ride that delivers as only James Rollins can.

The Last Oracle James Rollins, 2008-06-24 What if you could bioengineer the next great world prophet: scientifically produce the next Buddha, the next Muhammad, or the next Jesus? Would it mark the Second Coming or initiate a chain

reaction with disastrous consequences? A master at combining historical and religious intrigue with edge-of-your-seat adventure, New York Times bestselling author James Rollins brings back SIGMA Force to battle a group of rogue scientists who've unleashed a bioengineering project that could bring about the extinction of humankind. In Washington, D.C., a homeless man dies in Commander Gray Pierce's arms, shot by an assassin's bullet. But the death leaves behind a greater mystery: a bloody coin found clutched in the dead man's hand, an ancient relic that can be traced back to the Greek Oracle of Delphi. As ruthless hunters search for the stolen artifact, Gray Pierce discovers that the coin is the key to unlocking a plot that dates back to the Cold War and threatens the very foundation of humanity. An international think tank of scientists known as the Jasons has discovered a way to bioengineer autistic children who show savant talents—mathematical geniuses, statistical masterminds, brilliant conceptual artists—into something far greater and far more frightening, in hopes of creating a world prophet for the new millennium, one to be manipulated to create a new era of global peace . . . a peace on their own terms. Halfway around the world, a man wakes up in a hospital bed with no memory of who he is, knowing only that he's a prisoner in a subterranean research facility. With the help of three unusual children, he makes his escape across a mountainous and radioactive countryside, pursued by savage hunters bred in the same laboratory. But his goal is not escape, nor even survival. In order to thwart a plot to wipe out a quarter of the world's population, he must sacrifice all, even the children who rescued him. From ancient Greek temples to glittering mausoleums, from the slums of India to the toxic ruins of Russia, two men must race against time to solve a mystery that dates back to the first famous oracle of history—the Greek Oracle of Delphi. But one question remains: Will the past be enough to save the future?

From the depths of the Indian Ocean, a horrific plague has arisen to devastate humankind—a disease that's unknown, unstoppable . . . and deadly. But it is merely a harbinger of the doom that is to follow. Aboard a cruise liner transformed into a makeshift hospital, Dr. Lisa Cummings and Monk Kokkalis—operatives of the shadowy covert organization SIGMA Force—search for answers to the bizarre affliction that has inexplicably washed ashore. But there are others with far less altruistic intentions. In a savage and sudden coup, terrorists hijack the vessel, turning a mercy ship into a floating bio-weapons lab. But time is an enemy as a worldwide pandemic grows rapidly out of control. And as a relentless madman dogs their every step, Pierce and his unlikely ally are being pulled into an astonishing mystery buried deep in antiquity and in humanity's genetic code. And as the seconds tick closer to doomsday, Pierce will realize he can truly trust no one—not the bewitching enigma who runs at his side or even those who are closest to him—for any one of them could be . . . a Judas.
