Life Of The Beloved Henry J. M. Nouwen, 2002

Life of the Beloved Henri J. M. Nouwen, 1993 The author was challenged to write this book by a friend who did not understand the Christian faith. In explaining it to him, the author draws from his own experience to write in a direct and personal way about Being, Becoming and Living as the beloved of God. Friendship with God is everlasting, he affirms, opening new and exciting possibilities for all - Christian or otherwise - who acknowledge that a sense of inner peace and well-being so often eludes them.

Diary of the Beloved Alesia Acorn, 2011-05-26 At 13 years old, Catherine Hepburn is described by her friends as the prettiest girl in the county. However, the description favoured by her family is that of a good girl with big ears. In fact, her mother and housekeeper often take the time to help Catherine style her hair in a manner to help hide her big ears. Gifted by her Uncle Nicholas with a diary one Christmas, Catherine begins to record in it the events and circumstances involving the lives of her family and friends. Unknowingly, she records the events of the Hidden, children of noble birth who are hidden in common households until they are of an age to inherit their nobility. At 25 years old, trying to realize her dream as the CEO and Founder of the National Paralegal Foundation is a daunting task for Simone Devereaux. Her days are spent caring for her mother who suffers from a hereditary mental disorder. Her nights are spent in the arms of her fianc, District Attorney

Jacque Parker and her lover, trust attorney Wolf Carlyle. On the death of her grandfather, Simone inherits his private library which contains an extensive collection of books known as the Diary of the Beloved written by Catherine Hepburn, her mother's college roommate. As she reads the diaries to her mother, soon it becomes clear to Simone that Catherine's diaries hold the secrets of the Hidden, children of noble birth who are hidden amongst commoners until they are of an age to inherit their nobility. With the help of her fianc and her lover, Simone must learn the identities of the hidden in order to save the life of her mother.

The Contemplative Tarot Brittany Muller, 2022-09-13 “This insightful book will help you to see both the cards—and Christian spirituality—in surprising new ways. — Carl McColman, author of *The Big Book of Christian Mysticism and Eternal Heart* In the chaos of daily life, many Christians long for the time and mental clarity to reflect on scripture, to worship, and to pray. The Tarot can become an unexpected tool in this journey, inviting us to pause, contemplate, and find insight and wisdom in our walk. In *The Contemplative Tarot*, author Brittany Muller draws deeply on Christian tradition and theology to create a tarot practice built on spiritual reflection, prayer, and worship. The Tarot has held countless meanings to countless readers over the course of its existence, but *The Contemplative Tarot* offers a uniquely Christian interpretation of the cards, including Bible verses and meditations on each of their spiritual meanings. Brittany provides practical guidance on how to use the cards in a Christian context, whether as prompts for personal prayer, daily reminders of spiritual truths, or as part of a more structured practice such as the Ignatian examen. *The Contemplative Tarot* offers a thoughtful, introspective new interpretation of the Tarot and an invitation to create powerful moments of reflection and worship in your daily life.

By Knowledge & by Love Michael S. Sherwin, 2005 What is the relationship between charity and knowledge in the theology of Thomas Aquinas? Did Aquinas in his mature thought portray charity's act as antecedent to and independent of practical reasoning? Did he view charity's motion as rendering us morally good before God, apart from whether or not we do what is right in our actions? A dominant stream in contemporary Catholic ethics holds for precisely such a concept of charity, and many recent commentators on Aquinas maintain that this is his position as well. According to Michael S. Sherwin however, the contrary is in fact the case. *By Knowledge and By Love* represents a major contribution to Thomistic moral theology and philosophy by providing a thoughtful examination of Aquinas' psychology of action and his theology of charity. Through a comprehensive analysis of the relation between intellect and will, knowledge and love, and charity and the infused intellectual virtues, Sherwin concludes that, far from divorcing the will from reason, Aquinas in his later works integrates reason and will more closely together. Saint Augustine says, No one can love what he does not know. this dynamic in the gift of charity, which depends on faith's knowledge, and on the knowledge provided by the other infused cognitive virtues and gifts. Charity is a virtue, and like any virtue its acts require some knowledge of their object. Sherwin argues that not only is this a faithful reading of Aquinas, it also has profound implications for any conception of moral development. The role of a

mentoring community, the characteristics of friendship with God, and the specific actions required by love all play a part in Sherwin's analysis.

The Gospel and Letters of John R. Alan Culpepper, 1998 The theology and composition of the Johannine writings - Interpreting the Fourth Gospel - As a document of faith.

Believing is Seeing Bruce McNab, 2016-08-22 What are you looking for? These are Jesus's first words in John's Gospel, and he asks us the same question when we decide to follow him. We read John's Gospel because it helps us get closer to Jesus. We're like the first disciples, who answer his question with their own, Master, where can we find you? Only near the end of John's story do we learn the answer: Jesus lives in the hearts of all who love him. *Believing is Seeing* guides readers to believe more deeply in Jesus of Nazareth as the human face of God, seen through the eyes of his beloved disciple. It beckons us to bring to his gospel our soul-searching questions. Do Jesus's words stake a claim on my life? Does John's gospel test me intellectually, spiritually, or morally? Does John's portrait of Jesus make me see him a new way, pray differently, even live differently? Believing in Jesus, the Son of God, shapes how we perceive our own identity, the world around us, the nature of truth, and our relationship with God. To believe is to see with love's eyes.

The Fate of the Apostles Sean McDowell, 2016-03-09 The Book of Martyrs by John Foxe written in the 16th century has long been the go-to source for studying the lives and martyrdom of the apostles. Whilst other scholars have written individual treatments on the more prominent apostles such as Peter, Paul, John, and James, there is little published information on the other apostles. In *The Fate of the Apostles*, Sean McDowell offers a comprehensive, reasoned, historical analysis of the fate of the twelve disciples of Jesus along with the apostles Paul, and James. McDowell assesses the evidence for each apostle's martyrdom as well as determining its significance to the reliability of their testimony. The question of the fate of the apostles also gets to the heart of the reliability of the kerygma: did the apostles really believe Jesus appeared to them after his death, or did they fabricate the entire story? How reliable are the resurrection accounts? The willingness of the apostles to die for their faith is a popular argument in resurrection studies and McDowell offers insightful scholarly analysis of this argument to break new ground within the spheres of New Testament studies, Church History, and apologetics.

Mary Magdalene Robin Griffith-Jones, 2014-07-14 The figure of Mary Magdalene has fascinated and perplexed people for centuries. She is portrayed in the Gospels as a neurotic woman, possibly with a past, yet she is the first to encounter the risen Christ and he charges her with the responsibility of proclaiming the resurrection. She is therefore Christianity's first evangelist - a difficult concept for churches with exclusively male hierarchies who prefer to think of her as just a reformed prostitute. The belief that Mary Magdalene was married to Jesus and that the Church has tried to suppress this truth was not invented in recent years but is almost as old as Christianity itself. This gives a grand tour through 2000 years history, art and tradition with surprises and discoveries all the way.

The Beloved's Little While William Fergusson (minister of the Free church, Ellon.),1867

A Spiritual Canticle of the Soul and the Bridegroom Christ St. John of the Cross,2016-11-10 Claiming to be a literary interpretation, this poem of forty stanza's is loosely based on the Biblical book of Song of Songs. This story follows a bride that has been separated from her bridegroom and her search for him. If it is not obvious enough from the reading of the poem itself and St. John of the Cross's extensive explanation afterwards, the poem is a literary interpretation of Song of Songs, but also of the soul's search for Jesus Christ.

The Beloved Land Janette Oke,T. Davis Bunn,2002-10 The start of the American Revolution puts both Nicole and Anne in danger. A bestselling and award-winning historical series!

New Proclamation Commentary on Feasts, Holy Days, and Other Celebrations Bill Doggett,Gordon W. Lathrop,2007 New Proclamation Commentary on Feasts, Holy Days, and Other Celebrations continues the tradition of excellent biblical commentary that users of the seasonal New Proclamation volumes have come to expect. This volume offers essential historical background about each of thirty-five so-called lesser feasts and places each day into the context of the church year. Quotes related to the festival day from prayers, liturgies, and other sources have been included to help enliven the sermon and enhance worship, along with other guidance for preaching. Commentary and recommended texts for ten national days and nonliturgical celebrations are also included.

Love and Poetry in the Middle East Atef Alshaer,2021-12-30 Love has been an important trope in the literature of the region we now call the Middle East, from ancient times to modern. This book analyses love poetry in various ancient and contemporary languages of the Middle East, including Akkadian, ancient Egyptian, Classical and Modern Standard Arabic, Persian, Hebrew, Turkish and Kurdish, including literary materials that have been discovered and highlighted for the first time. Together, the chapters reflect and explore the discursive evolution of the theme of love, and the sensibilities, styles and techniques used to convey it. They chart the way in which poems in ancient poetry give way to complex and varied reflections of human sentiments in the medieval languages and on to the modern period which in turn reflects the complexities and nuances of present times. Offering a snapshot of the diverse literary languages and their relationship to the theme of love, the book will be of interest to scholars of Near and Middle Eastern Literature and Culture.

Romantic Passion William Jankowiak,William R. Jankowiak,1997-02-13 Observers from the West, the book contends, have incorrectly projected rigid ethnocentric notions of love and marriage onto cultures around the world. Contributors look beyond each society's official institutions to explore expressions of love, offering new perspectives on arranged marriages and polygamy and reexamining as well the other side of the equation: rejection and grief.

Theology of the New Testament Georg Strecker,2012-10-25 Contents are the theological conceptions of the authors of

the New Testament, considered from systematic viewpoints, in the following sequence: Paul, the synoptics (Jesus, the saying-source), the Johannine literature (including the Apocalypse of John), the deuterio-Pauline writings, the catholic epistles.

Hope, Form, and Future in the Work of James Joyce David P. Rando, 2021-11-18 Hope and future are not the terms with which James Joyce has usually been read, but this book paints a picture of Joyce's fiction in which hope and future assume the primary colours. Rando explores how Joyce's texts, as early as *Dubliners* and *A Portrait of the Artist as a Young Man*, delineate a complex hope that is oriented toward the future with restlessness, dissatisfaction, and invention. He examines how Joyce envisions alternatives to the prevailing conventions of hope throughout his works and, in *Ulysses* and *Finnegans Wake*, develops formal techniques of spatializing hope to contemplate it from all sides. Casting fresh light on the ways in which hope animates key aspects of Joyce's approach to literary content and form, Rando moves beyond the limitations of negative critique and literary historicism to present a Joyce who thinks agilely about the future, politics, and possibility.
