**Resounding Pasts** Drago Momcilovic,2020-05-15 The field of memory studies has long been preoccupied with the manner in which events from the past are commemorated, forgotten, re-fashioned, or worked through on both the individual and collective level. Yet in an age when various modes of artistic and cultural commemoration have begun to overlap with and respond to one another, the dynamics of cultural remembering and forgetting become bound up in an increasingly elaborate network of representations that operate both within and outside temporal, cultural, and national borders. As publicly circulating texts that straddle the line between cultural artifact and artistic object, both musical and literary works, both individually and often in conjunction with one another, help shape cultural memories and individual experiences of those events. Troping their cultural milieux through specific aesthetic and social forms, genres, and modes of dissemination, music and literature become part of a growing global panoply of raw materials upon which we might begin to pose questions regarding the way we remember, the consequences of sharing and passing on those memories, and the aesthetic and cultural pressures attendant upon the circulation and interpretation of texts that (re-)sound the past.

One Way Or Another: My Life in Music, Sport & Entertainment Chris Wright,2013-10-14 One Way Or Another is multi-millionaire rock, media and sport mogul Chris Wright's explosive autobiography. In it, Wright lifts the veil on the wheeling and dealing that propelled his company Chrysalis to the forefront of the pop industry - and how the fortune he made from rock enabled him to buy Queens Park Rangers FC, Wasps Rugby Club and a fistful of radio stations and TV production companies. Chris Wright signed bands like Jethro Tull and Ten Years After who were at the forefront of the British rock invasion of America that took place in the late sixties and early seventies, then went on to embrace punk with Blondie and Billy Idol, New Romantics with Ultravox and Spandau Ballet, 2-Tone stars The Specials and many more. In a life story that

reads like a Who's Who of the rock business, Wright spares no blushes in telling tales of sex, drugs and financial blowouts that made some rich and left others by the wayside. Ever the entrepreneur, Wright remained at the heart of the unfolding story that has become the contemporary entertainment industry, subsequently taking the Chrysalis brand into TV and radio. But his story goes beyond success in media and entertainment. In later years, Wright went on to own premiership football club Queens Park Rangers and rugby giants Wasps. Interwoven with a personal narrative that has all the twists and turns of a best-selling novel, *One Way Or Another* is a remarkable, truly gripping story of life at the top.

Just a Song Stephen Owen, 2020-10-26 "Song Lyric," ci, remains one of the most loved forms of Chinese poetry. From the early eleventh century through the first quarter of the twelfth century, song lyric evolved from an impromptu contribution in a performance practice to a full literary genre, in which the text might be read more often than performed. Young women singers, either indentured or private entrepreneurs, were at the heart of song practice throughout the period; the authors of the lyrics were notionally mostly male. A strange gender dynamic arose, in which men often wrote in the voice of a woman and her imagined feelings, then appropriated that sensibility for themselves. As an essential part of becoming literature, a history was constructed for the new genre. At the same time the genre claimed a new set of aesthetic values to radically distinguish it from older "Classical Poetry," shi. In a world that was either pragmatic or moralizing (or both), song lyric was a discourse of sensibility, which literally gave a beautiful voice to everything that seemed increasingly to be disappearing in the new Song dynasty world of righteousness and public advancement.

One Way Back Christine Blasey Ford, 2024-03-19 Now a New York Times bestseller A blisteringly personal memoir...a thoughtful exploration of what it feels like to become a main character in a major American reckoning. —The Washington Post An insightful tour de force. —People On September 27, 2018, Christine Blasey Ford testified before the Senate Judiciary Committee which was considering the nomination of Judge Brett Kavanaugh to the United States Supreme Court. She described an alleged sexual assault by the Supreme Court nominee that took place at a high school party in the 1980s. Her words and courage on that day provided some of the most credible and unforgettable testimony our country has ever witnessed. In *One Way Back*, Ford recounts the months she spent trying to get information into the right hands without exposing herself and her family to dangerous backlash. Drawing parallels to her life as a surfer, she explains the process of paddling out into unknown waters despite the risks and fears, knowing there is only one way back to shore. The book reveals riveting new details about the leadup to her testimony and its overwhelming aftermath and describes how she continues to navigate her way out of the storm. This is the real story behind the headlines and the soundbites, a complex, page-turning memoir of a scientist, a surfer, a mother, a patriot and an unlikely whistleblower. Ford's experience shows that when one person steps forward to speak truth to power, she adds to a collective whole, causing a ripple that might one day become a wave."

**Focus: Irish Traditional Music** Sean Williams, 2020-03-24 Focus: Irish Traditional Music, Second Edition introduces the instrumental and vocal musics of Ireland, its diaspora in North America, and its Celtic neighbors while exploring the essential values underlying these rich musical cultures and placing them in broader historical and social context. With both the undergraduate and graduate student in mind, the text weaves together past and present, bringing together important ideas about Irish music from a variety of sources and presenting them, in three parts, within interdisciplinary lenses of history, film, politics, poetry, and art: I. Irish Music in Place and Time provides an overview of the island's musical history and its relationship to current performance practice. II. Music Traditions Abroad and at Home contrasts the instrumental and vocal musics of the Celtic Nations (Scotland, Wales, Brittany, etc.) and the United States with those of Ireland. III. Focusing In: Vocal Music in Irish-Gaelic and English identifies the great songs of Ireland's two main languages and explores the globalization of Irish music. New to this edition are discussions of those contemporary issues reflective of Ireland's dramatic political and cultural shifts in the decade since first publication, issues concerning equity and inclusion, white nationalism, the Irish Traveller community, hip hop and punk, and more. Pedagogical features—such as discussion questions, a glossary, a timeline of key dates, and expanded references, as well as an online soundtrack—ensure that readers of Focus: Irish Traditional Music, Second Edition will be able to grasp Ireland's important social and cultural contexts and apply that understanding to traditional and contemporary vocal and instrumental music today.

**Indian Traces in Korean Culture** Renata Czekalska, 2024-10-24 Indian traces in Korean Culture examines the enduring cross-cultural discourse between India and Korea over the centuries, emphasizing the transformative power of cultural exchange beyond geographical and temporal constraints. The book analyses how symbols transcend sensory realms and embody spiritual content and suggests that Indian associations in Korean culture reflect a hybridized nature, seamlessly blending cultural elements. The author presents various facets of the cultural exchange between India and Korea, covering Princess Hō Hwang-ok's legendary Indian origins shaping Korean identity, Ilyōn's strategic documentation of Buddhism's transmission, the influence of Indian figures such as Gandhi and Tagore, an exploration of literature from ancient Buddhist verse to modern poets like Kim Yang-shik and Shiva Ryu, and a study of cultural exchange in K-pop. Facilitating a possible alternative to Huntington's theory of the clash of civilisations, this book provides evidence that the multifaceted encounters between cultures are a historical process that co-shapes civilisational change on a global scale. The first monograph solely

dedicated to India-Korea cultural connection from antiquity to the present, this book offers a paradigm shift, inviting readers to explore fresh insights and reshape their understanding of cultural exchanges. It will be of interest to researchers in intercultural communication, Cultural Studies, Cultural History and Asian Studies, in particular Korea and India. Chapters 1 and 5 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons [Attribution-Non Commercial-No Derivatives (CC-BY-NC-ND)] 4.0 license.

While the bulk of the book is devoted to analysis of 50 must-hear musical examples, which include artists, songs, and albums, the book also explores how this genre of the late 1970s and 1980s came into being, musical influences on the genre, and how the genre influenced later generations of artists. Additional chapters analyze the impact of new wave rock on American popular culture and the legacy of new wave music, including how the music is still used today in film and television soundtracks and in television commercials. The combination of detailed examination of specific artists, songs, and albums and discussion of background, legacy, and impact distinguish this book from others on the subject and make it a vital reference and interesting read for both students and music aficionados.

**The Complete Lyrics of Oscar Hammerstein II** Oscar Hammerstein II, 2008-11-25 From every "beautiful mornin'" to "some enchanted evening," the songs of Oscar Hammerstein II are part of our daily lives, his words part of our national fabric. Born into a theatrical dynasty headed by his grandfather and namesake, Oscar Hammerstein II breathed new life into the moribund art form of operetta by writing lyrics and libretti for such classics as *Rose-Marie* (music by Rudolf Friml), *The Desert Song* (Sigmund Romberg), *The New Moon* (Romberg) and *Song of the Flame* (George Gershwin). Hammerstein and Jerome Kern wrote eight musicals together, including *Sweet Adeline*, *Music in the Air*, and their masterpiece, *Show Boat*. The vibrant *Carmen Jones* was Hammerstein's all-black adaptation of the tragic opera by Georges Bizet. In 1943, Hammerstein, pioneer in the field of operetta, joined forces with Richard Rodgers, who had for the previous twenty-five years taken great strides in the field of musical comedy with his longtime writing partner, Lorenz Hart. The first Rodgers and Hammerstein work, *Oklahoma!*, merged the two styles into a completely new genre—the musical play—and simultaneously launched the most successful partnership in American musical theater. Over the next seventeen years, Rodgers and Hammerstein wrote eight more Broadway musicals: *Carousel*, *Allegro*, *South Pacific*, *The King and I*, *Me and Juliet*, *Pipe Dream*, *Flower Drum Song*, and *The Sound of Music*. They also wrote a movie musical (*State Fair*) and one for television (*Cinderella*). Collectively their works have earned dozens of awards, including Pulitzers, Tonys, Oscars, Grammys, and Emmys. Throughout his career, Hammerstein created works of lyrical beauty and universal feeling, and he continually strove—sometimes against fashion—to seek out the good and beautiful in the world. "I know the world is filled with troubles and many injustices," he once said. "But reality is as beautiful as it is ugly . . . I just couldn't write anything without hope in it." All of his lyrics are here—850, more

than a quarter published for the first time—in this sixth book in the indispensable Complete Lyrics series that has also brought us the lyrics of Cole Porter, Lorenz Hart, Ira Gershwin, Irving Berlin, and Frank Loesser. From the young scribe's earliest attempts to the old master's final lyric—"Edelweiss"—we can see, read, and, yes, sing the words of a theatrical and lyrical genius.

**One Way to Tailor a Swift Sabbatical** Craig Bulow, 2024-12-06 The beauty of having a passion is that it can be shared. This one was passed down through two generations, from Grandfather to Grandson. All those hard-fought hours necessary to turn a dream into reality led to a sense of complete freedom and the chance to taste the full flavours of life. The places, the people, the natural beauty, the exquisite food, and the memories made in fleeting moments - these are the times we never get back. Yet, when we put them all together, they form a gift, one that we can all enjoy in the present. After 11 years at university and working in central London, focused on hitting monthly targets, an opportunity presented itself. Turning the negative of a financial crisis into a positive, the chance of a lifetime came calling. The dream became reality. As each day passed, having no plan turned out to be the best plan. Don't wait for a negative, create the positive! I hope someone finds my message in a bottle...
